

D. APPLETON & CO.'S PUBLICATIONS.

**THE SOVEREIGNS AND
COURTS OF EUROPE.** The

Home and Court Life and Characteristics of the Reigning Families. By
"POLITIKOS." With many Portraits.
12mo. Cloth, \$1.50.

Specimen Portrait.
(Reduced.)

THE KING OF GREECE.

"A remarkably able book. . . . A great deal of the inner history of Europe is to be found in the work, and it is illustrated by admirable portraits."—*The Athenaeum*.

"Its chief merit is that it gives a new view of several sovereigns. . . . The anonymous author seems to have sources of information that are not open to the foreign correspondents who generally try to convey the impression that they are on terms of intimacy with royalty."—*San Francisco Chronicle*.

"The anonymous author of these sketches of the reigning sovereigns of Europe appears to have gathered a good deal of curious information about their private lives, manners, and customs, and has certainly in several instances had access to unusual sources. The result is a volume which furnishes views of the kings and queens concerned, far fuller and more intimate than can be found elsewhere."—*New York Tribune*.

"Gives one a discriminating insight into the lives and characters of the reigning kings, queens, and princes. . . . The reader gets a good idea of them as men and women, apart from their unique and onenviable positions in society."—*St. Louis Republic*.

"Rarely is so much information to be found condensed in so small a volume."—*Baltimore American*.

"A most entertaining volume which is evidently the work of a singularly well-informed writer. The vivid descriptions of the home and court life of the various royalties convey exactly the knowledge of character and the means of a personal estimate which will be valued by intelligent readers."—*Toronto Mail*.

Specimen Portrait. (Reduced.)

THE QUEEN OF ENGLAND.
(From a recent photograph.)

" . . . A book that would give the truth, the whole truth, and nothing but the truth (so far as such comprehensive accuracy is possible), about these exalted personages, so often heard about but so seldom seen by ordinary mortals, was a desideratum, and this book seems well fitted to satisfy the demand. The author is a well-known writer on questions indicated by his pseudonym."—*Montreal Gazette*.

"A series of essays and sketches of the crowned heads, which sum up the characteristics of royalty, and give the salient features of the life and nature of individual rulers with an intelligence and considerable weight."—*Harvard Courier*.

"A very handy book of reference."—*Boston Transcript*.

"The historical statements are correct, and the royal personages are treated with discrimination. The anecdotes are numerous and well chosen. The author's reading must have been wide, and his comprehension of the present political condition of Europe is excellent."—*Literary World*.
