

Closely resembling the SCROFULOUS taint is that of SYPHILIS and MERCURY. These destructive agents, unless eradicated, will fasten themselves on the tissues and in the very bones of the system.

This last fact is now undisputed, as chemists have demonstrated that deposits of this mineral Mercury are found in the bones of persons who have died after having been subjected to COURSES of Mercury; and we assert that the mischief of this agent, so popular with many physicians, is beyond all calculation. THOUSANDS have had their systems ruined by its use, and now that it is beginning to be found out, what we have ever asserted, that mercury will not cure a system affected with Syphilis or *private* disease, the thought becomes appalling. We say to you, whose systems have become broken-down by either Scrofula or Syphilis, never allow yourself to take Mercury or Calomel. To the poison that is lurking in your system it adds another as bad, if not worse, than that it attempts to cure. Witness the broken-down miner for quicksilver: Sores, Rheumatic pains, Brain and Liver troubles beset him the balance of the poor life he drags out. Would you inoculate him with Syphilis to cure his mercurial disease? The doctrine that you must give one poison to eradicate the other is fallacious, and, if space allowed, we could show you proofs upon proofs to establish the correctness of our views.

SEE FALSE AND TRUE.

You must resist the ravages of the disease—the dissolution of the tissues—the decay of the system, by such medicines as RADWAY'S SARSAPARILLIAN. You can do this only by enriching the blood, building up the system, SUPPORTING it whilst the healing powers of nature are doing the good work. There is no Corrosive Sublimate or Mercurials in this great remedy of Nature.

Radway's Sarsaparillian is a *Tonic* and an *Alterative*.

MERCURIAL AND SYPHILITIC SORES

must be treated by Radway Pills and Resolvent. Warm baths and washes, with chloride of lime water, where they are very obstinate. See False and True. In cases of constitutions broken down, with specific (Syphilitic) taint and systems poisoned with Mercury, Arsenic and other poisonous remedies, the reader is referred to False and True where ampler directions and more specific treatment is laid down, and the subject more fully discussed than we can find space in the Almanac.

IMPORTANT TO THOSE SUFFERING WITH UNCURED SYPHILOID DISEASES.

DR. RADWAY; I wish to acknowledge a debt of gratitude to you, as well as to save my fellow-creatures from the sufferings and torments inflicted from illicit and unfortunate associations. Some years since, after contracting a primary disease, fearing, through shame, to apply to a respectable physician, I was induced to seek

In dropsical patters, ulcers are hard to cure.

Voluntary tears in disease, favorable; involuntary alarming.
