DECEMBER.—Boys, help your mother! We have seen from two to six great hearty boys sitting by the stove, toasting their feet and cracking nuts or jokes, while their mother or sister has gone to the woodpile for wood, to the well for water, or to the meat-house to cut a frozen steak for dinner. There is much work about the house too hard for women. Heavy lifting, hard, extra steps should be done by those more able. Boys, don't let your mother do it all. Sometimes girls are not sufficiently thoughtful of their mothers; and alas, mothers are often indulgent foolishly, and allow the girls to grow up without doing a fair share of the household work,
