

The Hardie Spray Pump

has defeated all its competitors in the United States and owing to the great demand for these

UP-TO-DATE SPRAYERS

in Canada, we have opened up a branch factory in Windsor, Ont.

"The Hardie" is made almost entirely of brass. No Cast Iron is used in its construction, there is nothing to break, wear out or rust out. It maintains such a high pressure that the fog-like spray is driven to the highest twigs, penetrating everywhere. **AND IT WORKS SO EASY.** 12 sizes and styles each the best of its kind. Our book on spraying tells the whole story, it is free. Send for it now.

Ideal Woven Wire Fencing

THE BEST

Because it is

THE STRONGEST

The strongest, because in its regular styles No. 9 Hard Steel Wire is used for both Stays and Horizontals. There is no soft wire in the Ideal.

The lock cannot slip, and, being galvanized, will not rust.
