

The market for calves is weaker though receipts have ruled high. Poultry is more plentiful, and is taking the place of veal to a large extent. Prices range from \$3 to \$6 a cwt with an occasional choice calf selling as high as \$5.50 a cwt. At Buffalo veals are quoted at \$6 to \$6.75 a cwt.

If anything the sheep and lamb trade is weaker. Receipts have ruled large and though prices have been well maintained during the week there is an easing feeling which may mean lower values this week. Quotations are \$12.50 to \$15.00 for ewes; \$2.50 to \$3.75 for bucks and \$4 to \$4.50 a cwt for lambs. The Buffalo market is lower at \$4 to \$5.5 for lambs; \$4 to \$4.25 for yearlings and wethers, and \$3.75 to \$4 a cwt for ewes.

The hog market has held steady all week at \$6.25 and watered and \$6 f.o.b. at country points. There is an easier feeling and lower prices are looked for this week. The Trade Bulletin's London cable of October 22nd reads as follows: "The market is dull and \$6 lower, but stocks are not heavy and holders are forcing sales. Canadian bacon, \$6 to \$6.50."

UNION STOCK YARD PRICES
Ont. Toronto, Oct. 26.—There was a light run at the Union Stock Yards this morning, only 23 cars, composed of 436 cattle, 440 sh. up and 25 calves. Election day was unaccountable for it. Trade was quiet. Most of the dealers seemed to be waiting with cattle up and were taking the day off. The highest quotation for exporters was \$4.50 and for butchers, \$4.50.

H. E. GEORGE, CRAMPTON, ONT. Putnam Sta. 1½ miles—C. P. R. E-4-28-09

a cwt., with inferior stuff away below these prices. Sheep and lambs were quiet at \$3.25 and \$3.50 for ewes; \$2.50 to \$2.75 for rams and \$4.00 to \$4.5 a cwt. for lambs, which are lower than last week. Calves sold at \$3.00 to \$3.50 a cwt. or more about \$7.50 a each. Hogs are quoted at \$6.15 fed and watered and \$5.90 f.o.b. at country points.—W. W.

THIS WEEK'S HOG PRICES

PETERBORO HOG MARKET.
Monday, Oct. 26.—The local market is very weak, due to heavy deliveries of hogs and a very weak export market. The delivered prices for the week's cases the hogs are not of any too good quality. The American market is still below the Canadian. The local market remains stationary at about 35.00 hogs a week. The Geo. Matthews Co., quote the following prices for this week's shipments: f.o.b. country points, \$5.90 a cwt.; delivered at abattoir, \$6; veal off carcass, \$6.25.

MONTREAL HOG MARKET.
Montreal, Saturday, Oct. 24.—The market for live hogs is steady with no change to note. The local market is unchanged and rule at \$6.50 a cwt. for selected lots weighed off cars, country points, and this class of goods.

The demand for dressed hogs is fair with prices ruling at about \$9.25 to \$9.50 a cwt.

EXPORT BUTTER AND CHEESE

Montreal, Saturday, Oct. 24.—The cheese trade this week has been decidedly mixed. The demand has been almost entirely for colored cheese, and this class of goods has been run up in prices, until to-day it commands a premium of almost one-half cent a lb. over white cheese. The demand for white cheese is only fair, and prices are practically unchanged from last week. The country markets ruling at about 11½¢ for this class, although one or two markets have sold at more money. The demand as a whole is small, and it is evident that stocks in existence are too heavy and dealers on both side of the Atlantic are not so anxious to sell as they already heavy stocks. If it were not for the shortage in the supply of colored and the keen demand for it, the market is no doubt, but that prices generally would be lower.

Our receipts are steadily falling off, and everything points to the rapidly approaching close of the season. The shipments are not for the week would probably aggregate 60,000 boxes. None of the steamers, however, have left port yet. The fog and smoke about the River St. Lawrence has prevented them from sailing. The demand for butter is not improved, and combined with the decreasing receipts has produced a very firm market, with higher prices ruling at country points. There was a little demand for export this week, and the total shipment for the week amounts to about 2,500 packages.

MONTREAL PRODUCE TRADE

Montreal, Saturday, Oct. 24.—The demand for butter continues good and prices have been advancing during the week and now rule at 26¢ to 26½¢ for fancy solids and prints. Ordinary finest selling at 25¢ to 25½¢ and underlines at 24¢ to 25¢. Dairy butter is jobbing at 25¢ to 25½¢.

Cheese—There is a fair trade doing in cheese all the time at prices ranging from 12½¢ to 14¢ according to quality.

Eggs—There is not much word to say about eggs. Some dealers find trade falling off and are inclined to cut prices a bit, but the quotations generally are unchanged from a week ago and rule at 25¢ for new laid fancy stock. Selects are quoted at 25½¢ to 26¢ No. 1 stock at 25¢ to 26¢, and seconds at about 18¢.

INTERNATIONAL LIVE STOCK EXPOSITION, CHICAGO.

Nov. 28 to Dec. 16, 1908.
The organization of the International Live Stock Exposition at Chicago was one of the most important events in the history of the development of the live stock industry.

In December, 1907, there were on exhibition at this great show 7,323 of the finest meat and draft animals in the world, contributing to the exhibition one territory and four foreign countries.

These animals were entered in competition for the more than 3,500 premiums aggregating over \$75,000 offered in upward of 600 classes of cattle, horses, sheep and swine, besides packing house and other interesting exhibits, all of which

were viewed by fully 40,000 visitors from nearly every state in the Union and foreign countries.

No such object lesson in everything which pertains to excellence in the breeding, feeding, marketing, slaughtering and distributing of animals and animal products was ever previously placed before the producers and consumers in this or any other country.

The next great annual exhibition will be held November 26 to December 10, 1908, in the International Amphitheatre and about twenty adjoining buildings at the Union Stock Yards, Chicago.

No progressive farmer, feeder or breeder can afford to miss this leading annual event.
