Address - SYDNEY FISHER,

17-y-o ALVA FARM, KNOWLTON, P. Q.

GOSSIP.

J. M. Gardhouse, Highfield, Ont., writes: "Horses, cattle and sheep have all wintered well. Sales have been good and prices encouraging. Our Leicesters last season were sent to Nova Scotia, Quebec, Manitoba, United States and most all over Ontario. Our crop of lambs is very promising both in numbers and quality. In Shorthorns, some of the recent sales are: To Mr. J. T. Gibson, Denfield, Ont., (imp.) Prime Minister, bred by Wm. Duthie. To Mr. John Campbell, Woodville, Ont., Minister, sire Prime Minister, dam Fairy Fame, a half-sister to St. Valentine. To Mr. W. E. Robinson, Missouri, Violet of Highfield and Fairy Flower, sired by the Missie bull, Scottish Pride, whose dams were by Imp. Guardsman, and bred to Prime Minister; Wimple of Highfield, by Prime Minister, granddam Imp. Wimple; Claret of Highfield, granddam Imp. Claret, sire Prime Minister; Crimson Floss, sire Prime Minister; Crimson Flower, one of the old Crimsons. These were five choicely bred heifers, and should do Mr. Robinson good. Mr. W. J. Mooney, Iverness, Que., got a very promising Scotch calf of the Clementine family, and several others have been sent to Manitoba and Ontario. Imported Darnley, now 15 years old, is as fresh as a 10-year and his stock is the right kind. Our new purchase, King of Clydes, imp. by Mr. Dalgely, a Clyde rising 3 years old, gives great promise. He is one of the big ones with good legs and lots of quality. He now weighs over 1,900 lbs.

AYRSHIRE HERD BOOK - THE ROSS PEDIGREES REINSTATED.

At the annual meeting of the Canadian Ayrshire Association, held in Toronto, February 6, 1900, "the Revising Committee was pleased to be able to report that the pedigrees that have been suspended so long, commonly known as the Ross cows, Bonnie Dundee, Lady of the Lake and Prince Arthur pedigrees, with all their crosses, have been accepted both in the American Herd Book and in our own. They can now all be reinstated at a charge of \$1.00 per pedigree for those that were recorded before amalgamation. This charge is made by the Finance Committee on account of the expense incurred in investigation and the registration of Bonnie Dundee in the American Herd Book. The charge for recording their progeny will be the ordinary rates."

Officers Elected for 1900. - President, A. Kains, Byron; First Vice-President, W. F. Stephen, Trout River; Vice-President (Ontario), J. C. Smith, Hintonburg; Vice-President (Que.), Hon. Wm. Owens, Montreal; Vice-President (Manitoba), George Steel, Glenboro; Vice-President (Assiniboia), C. W. Peterson, Regina; Vice-President (British Columbia), F. G. Boush, Vancouver; Vice-President (P. E. Island), F. G. Boyer, Georgetown; Vice-President (Nova Scotia), C. A. Archibald, Truro; Vice-President (New Brunswick), M. H. Parlee, Sussex; Directors (Ontario) - Wm. Stewart, Jr., Menie; W. W. Ballantyne, Stratford; A. Kains, Byron; R. E. Brooks, Brantford; J. C. Smith, Hintonburg; A. Kains, Burnhamthorpe; F. W. Hodson, Ottawa; Directors (Quebec) - Robt. Ness, Howick; John Morrin, Belle Riviere; Nap. Lachapelle, St. Paul d'Hermite; T. D. McCallum, Danville; W. F. Stephen, Trout River; A. Drummond, Petite Cote; R. Hunter, Maxville, Ont.

NOTICES.

Ontario Veterinary College Graduates. - The closing exercises of the Ontario Veterinary College, Toronto, occurred on March 26th, when about fifty graduates received their diplomas. The Gold Medalist was Mr. C. D. McGilvray, of Binscarth, Man. Vice-presidents were graduates from England, Jamaica, Canadian Northwest, and many States of the American Union.

Peterboro Spray Pump. - In this issue will be noticed the new advertisement of Mr. G. Walter Green, of Peterboro, Ont., in which he sets forward the special advantages of his general spraying outfit, which is adapted for all kinds of spraying. From the conveniently equipped outfit the machine will readily commend itself to the practical reader. Mr. Green also manufactures a line of windmills, hydraulic rams and syphons, all of which are finding a rapid introduction into this country. From Mr. Green's strict personal attention and ingenuity, we consider him the type of man to forge his way to the front in the near future. See his advertisement and send for his circulars.

Wild Goose Seed Wheat. - Of all the varieties of spring wheat now sown in Central and Eastern Canada, there will probably be a greater average of Wild Goose put in this year than of any other sort combined, because it is a good yielder of salable crop. For nine years it lead all other varieties in test plots at the Guelph Experimental Farm, in grain as well as in straw. It appears to be practically rust proof, and weevil does it very little damage. For years the growing of this variety was discouraged by the low price paid for the crop - some 10 cents per bushel less than fall and other sorts of spring wheat - but of late years the price paid for Wild Goose has pulled up, and in this issue Messrs. Hunt Bros., of London, Ont., offer pure, clean seed for sale and agree to purchase the resulting crop at a price above that of fall wheat. See their advertisement.
