

At the Ranges

The usual weekly practice was held at the Mohawk Ranges on Saturday, and, considering the conditions which the marksmen had to contend with, the scoring was very good. Over fifty members were in attendance, and the following put on scores of 60 and over:—

Pool Rooms Not Under Civic Control

Ald. Bragg Shows the Injustice of Things at City Council Meeting

A rather peculiar state of affairs was revealed at the City Council last night, when the members discussed the question of giving Dominion licenses to pool-room proprietors. A. Bradshaw and Joseph Davies had applied for permission to open such a place, and the Council was not in favor of it and referred the question to the Finance Committee.

Ald. Broadbent thought there were all ways and means and dodging the membership status. Because this place was run as a club, it was slightly different from an ordinary pool-room, but that was no bar to those who attended it. These clubs could come in and over-run the city, he said.

Ald. Broadbent was of the same opinion as Ald. Bragg, that the Council should approach the Government and inform them that they did not care for this sort of thing to exist, and that they asked for the exemption of Brantford from these Dominion licenses. "What can we do in keeping pool-rooms down when these fellows can come in with an outside license?"

The finance committee undertook to look into the question and report to the Council.

TERRACE HILL

Has Been Neglected, Says Ald. English at Council Board.

Alderman English, termed the wide-awake representative of Terrace Hill, had a few complaints to make with regard to the way in which his little domain had been treated. He regretted the lack of water on the Hill between the hours of six and eight, the poor protection from fire, reason for the lack of a good supply of water was pointed out. The streets were also in a terribly dusty condition and Alderman English asked for oil fire them. He remarked that other parts of the town could get oil and why not them. All the worthy members troubles were smoothed over by the Mayor, Alderman Ward and Alderman Ryerson. The mayor said it would be some time before water could be got with much pressure on the hill, between the hours of six and eight. It would be October before the water was supplied with force on the hill. With regard to oiling, Alderman Ward stated that the Hill had received twice as much oil as any other portion of the city. With regard to the side walks he had mentioned, there was at present between two and three miles being laid and Terrace Hill would not be neglected. People who had asked for sidewalks two and three years ago were now being attended to. Alderman Ryerson said the water system was being well looked after and Terrace Hill would soon be supplied with a powerful supply of water for use in case of fire.

THE WESTERN FAIR

IN SEPTEMBER The Western Fair of London, Ontario promises to be of more than usual interest this year. Already about all the available space has been taken up for exhibits, and entries are coming in to the general offices very rapidly. The record of this Exhibition in the past is such that exhibitors and visitors alike have full confidence that everything will be done to make it a great success in every particular. For the Poultry department twenty valuable silver cups will be given in addition to the regular cash prizes. These cups must be won three times before becoming the property of the Exhibitor. The prize list has been increased this year by \$150.00. A magnificent exhibit will be placed in the Agricultural Hall from the Dominion Experimental Farm, Ottawa. The new Art Building will be filled with paintings of the highest order including that famous \$30,000 painting "The Haymakers" from the Albright Art Gallery, Buffalo. All information regarding the Exhibition given on application to the Secretary, A. M. Hunt, London, Ont.

CITY COUNCIL WIPED OFF QUITE A LOT OF BUSINESS

Wednesday, Old Home Week Will Be Observed As A Holiday—Ice Cream Merchants Want Street Selling Stopped—Other Features.

The Brantford City Council met in solemn conclave last night at the city hall when an interesting and somewhat exciting session was held. The principal item was the reception of a delegation of Old Home Week representatives who came to ask that the Fraternal Day of the Old Home week be declared a civic holiday and that it be observed as such by all the merchants of the city. They were successful in their request. The passing of accounts occupied the usual length of time.

Ald. Bragg could not see why the city should pay the accounts for advertising in the Closing by-law which some of the merchants had volunteered to pay for. He was told that advertising must be paid for and that by the city.

Frank Webster's account for a Hydro motor was questioned but the Mayor said he would see to it and it was left in his hands.

There were quite a few communications, but none of them were ultra important. E. B. Eddy the relief officer notified the Council that the relief disbursed during the month was \$5,15, while the report of the city treasurer A. J. Bunnell showed that the July receipts amounted to \$242,530.40, while expenditure totalled \$98,975.55.

Official notification was received of the fact that Mr. A. K. Bunnell had been elected as a member of the Brantford Realty Society Limited.

J. C. Yardley and J. Ruff both asked remission on their income tax assessments.

Milk By-laws.

Dr. F. G. E. Pearson, the medical officer and Dr. A. B. Cutcliffe recommended some by-laws to regulate the sale of milk. They found that all milk should be sold exclusively in bottles, while the milk house should be built entirely separate from the stables. The officers advocated the control of the ice cream trade.

Dr. Brier asked for permission to remove a frame house from 105 Wellington street to a lot outside the city.

Wants Compensation. J. E. Parke through his solicitors, wants compensation for the loss of his horse, wagon and harness. He wants 500 for his team, while \$125 was the value placed upon the wagon and \$50 on the harness.

Joseph Phillips of 246 West St., stated that the value of his property had been much reduced as the result of the depressing of that thoroughfare and he thought that as reparation the city might build retaining walls and a carter's drive for him.

The application for the admission of Marvel Bell Kennedy into the Children's Aid Society, signed by Magistrate Livingston was passed and filed.

The O. H. W. committee wrote and asked for the proclaiming of the Fraternal Day as a Civic Holiday. They claimed that 5,300 O. H. W. boys were behind the proposal, while the merchants were in favor of it.

J. A. Bradshaw and Joseph Davies desire to run a poolroom and asked the permission of the council to do so. They professed to stand by all the city rules and to conduct a good, clean place in the centre of the city. Their request was turned over to the Finance committee.

Ice Cream Vendors. R. A. Stillman and thirty-five other merchants interested in the street selling of ice cream, asked for the stoppage of all street selling from these little carts. They said there was quite a number of them and they objected because these vendors were not placed on an equal footing with merchants; besides selling from an open wagon was unsanitary, placed a temptation before children, and returned no revenue to the city. This communication was also handed to the care of the Finance committee.

A lengthy list of Hydro accounts were gone through by the city clerk, A. Deputation.

The deputation from the Old Home Week committee were then attended to by the council with regard to proclaiming a holiday on Fraternal Day which is Wednesday of the festive week. Mr. VanLane spoke and said, he did not wish to add any more to the petition, but the question of whether the holiday would hurt the traders, had been put to them and this was the only thing that troubled them. A vote of the merchants had been taken and not a discordant note had been heard.

Mr. Speckley spoke upon the idea of a holiday and backed it up in an enthusiastic manner. The Mayor then pointed out that according to law there could be only one civic holiday in the year.

Major Leonard also said that the second Monday in August was the recognized holiday and the only way to change would be to get up a petition which would have to be signed by the Mayor.

Mr. Bragg said working men might feel the drag of so many holidays, apart from this he had nothing to say against the holiday. Ald. Ward assumed that the mayor, backed by the council had the power to change the holiday if it was put

Fire and Light Report.

The report of the Fire and Light committee was submitted by Chairman Ryerson and adopted in its entirety.

That lights be placed on the following streets: Wilkes from three to four streets; Lyons Avenue six to seven lights; Bruce and Esther, six to seven lights.

That a permit be given to build a picket fence on Mary street, adjoining the fire hall.

That the committee with the assistance of the mayor chief of the fire department and veterinary surgeon, be given power to purchase a horse for the central station, if really necessary.

That the committee be given power to investigate the purchasing and means of obtaining money for Auto truck for Central Fire station and to report back to the council so as to give time for a by-law to be submitted to the people if necessary, to raise money for same in the January election, if the council desire after report, to purchase truck.

That permit for electric sign for the R. T. of T. be granted and their letter of June 13th be filed.

That letter of Walter Oliver of May 18th be filed, and that his request, replacing gasoline machine on curb on Dalhousie street be not granted.

That the following letters be filed: Packard Electric Co. of June 14th; H. F. Gardiner May 8th; E. D. Henwood May 5th; F. A. Gaby April 20; T. J. Hannigan April 13th; Walter Packman April 30th.

Bands in Holmedale. Ald. Calbeck suggested that the band concerts be given in Holmedale and West Brantford occasionally and he was assured by Ald. Pitcher that the band would play in those districts before long.

The Old Clock. E. H. Newman received the contract to attend to the City Hall clock for the rest of the year at a cost of \$60.

More Fire Alarms. Ald. Sutch thought that another fire alarm box in the East Ward in the vicinity of Brock street would be a good thing for that locality where there was a scarcity of boxes.

Ald. Ryerson answered that the men were now busy wiring a circuit above the track and that Brock street would be included for he would take the matter up at his next committee meeting.

The business being concluded the council adjourned for three weeks in

THE ONLY CURE FOR CONSTIPATION

Is "Fruit-a-tives"—That Wonderful Remedy Made From Fruit Juices.

AVON, ONT., MAY 14th, 1913. "I have used 'Fruit-a-tives' for indigestion and Constipation with most excellent results, and they continue to be my only medicine. When I first started about six years ago to use them, I took four at a dose but gradually reduced the dose to one tablet at night. Before taking 'Fruit-a-tives', I took salts and other pills but the treatment was too harsh. I thought I might as well suffer from the illness as from these treatments. Finally, I saw 'Fruit-a-tives' advertised with a letter in which some one recommended them very highly, so I tried them, and I have no hesitation in recommending them." ANNIE E. A game, they seem determined follow up the course they have in, although there is still a chance them coming back into the field. Following their announcement of being Saturday morning, the Local club suspended them and fined amount of money due them. Saturday was pay day but these two players had not received their checks so it became known they intended to stop. In suspending them and fining them, the London club has ordered baseball behind it, as it is regarded as a serious thing for a player to stop a club in such a way. The suspension is an indefinite one, and the players will be unable to play in teams in organized baseball until suspension is lifted.
