KENTVILLE BOARD OF TRADE

The annual meeting of the Kentville Board of Trade was held in Music Hall on Monday evening, President R. W. Eaton in the chair. On his right sat M. G. DeWolfe ex president Maritime B. of T. and on his left vice president J. E. Burgess.

The minutes of the last meeting were read and approved. Secretary G. E. Calkin read his report, which dealt generally with matters which should come before Boards of Trade. The magnificent resources of the provinces were referred to. He also referred to necessary improvements in the town such as sewerage, all night light service, better roads, improvement in education, etc.

President R. W. Eaton then read his report. He spoke of the loss to the county by the low prices realized for apples, the staple products of the county. The trade of the town had been very good and the imports of the county had exceeded that of the year previous. He also dealt in a concise way with matters referring to the Maritime Board of Trade, Farmers Association, transportation of apples the industries of the town, tourist travel, etc.

The report was spoken to by M.G. DeWolfe, H. H. Wickwire, F. A. Masters. On motion it was resolved that the report be received and that the Halifax and local papers be asked to publish same. A vote of thanks was given to the president and secretary for their excellent reports.

The election of officers was then held and the following were chosen: President, Jas. Sealy, Vice do., W. P. Shaffner, Secty. Treas., G. E. Calkin, Auditors, J. W. King, Dr. Saunders.

All the members of the Council were re-elected with the addition of Messrs. R. W. Eaton and J. E. Burgess in the place of Jas. Sealy and John Dow.

On motion it was resolved that the secretary receive \$25.00 as salary for the year. Rev. A. B. Calder was elected a member of the Board.

On motion it was resolved that the action taken by the Municipal Council and the Kings Co. Board of Trade in reference to a commission of enquiry in reference to apple transportation be ratified and the same motion was carried.

Mr. H. H. Wickwire moved that the secretary correspond with the Kentville Electric Light Co. in reference to the giving of an all night light service and report at next meeting. Meeting adjourned.

DEATH OF QUEEN VICTORIA.

The whole country was stirred on Saturday when the news was announced that the Queen was dangerously ill and that death was expected any moment. The Royal family was called to the bedside to watch the life of one, who had been a kind and sympathetic mother and a much loved and respected Queen, ebb away. On Sunday her condition was announced from the city pulpits and prayers went up for her from the millions of her subjects.

On Tuesday "Queen is dead" was flashed around the globe at which time flags were set at half mast and bells were tolled. It has brought sadness in to many homes. Death occurred on Tuesday morning at 6.30 a. m.

She was born at Kensington Palace, on May, 24, 1819, the infant daughter

of Prince Edward, Duke of Kent, fourth son of George III, and the Princess Dowager of Lemingen, sister of Leopold, of Saxe Coburg, afterward King of the Belgians, was of regal descent, in her veins being the blood of the English Saxon and Norman princes, of Tudors, Plantagenets and Stuarts. From the latter she took her crown. The early life of the young Princess Victoria Alexandria was uneventful. Left fatherless during her first year, she was carefully trained and educated by her mother.

In 1831 it became almost certain that she would succeed to the throne of England, and when she attained her majority, she stood at the foot of the throne, for King William IV. was then dangerously ill. On the death of William IV. she was awakened from her sleep and told that she was Queen of the British Empire. The same day she took the oath, but was not crowned until a year afterwards. Thus at eighteen years of age, Her Majesty came to preside over the destinies of Great Britain, and on June 29, 1838, she took the oath of coronation in Westminster Abbey. According to the terms of this oath, she promised to do the utmost in her power to maintain the laws of God and the true profession of the gospel and to cause law and justice in mercy, to be executed in all her judgments, and how well she has kept all her promises we have all good cause to remember.

This was the commencement of the greatest reign in the history of the British Empire. While several of the other countries have had several kings and queens changed from a republic to a monarchy within the past 63 years Great Britain has had only one Queen, and that one, won the love of the people who would have gladly laid down their lives to allow her to live. What ever may be said of the past kings or queens who have held the reins of this Empire or any other, more can be said of Queen Victoria, which cannot be said of them. She never shut herself from her subjects but always sympathized with them in their joy and sadness. Her death will be mourned many days by her millions of subjects. She is dead but she will live forever more in the hearts of all British people.

ILLUSTRATED LECTURE.—Trooper W. H. Snyder will give his illustrated lecture on the Boer War in Victoria Hall, Berwick, on Saturday evening, in Bennett's Hall, Conning, on Monday evening, in Regent's Hall, Aylesford, Tuesday evening. He goes to Weymouth on Wednesday, Brighton Thursday, Bear River Friday. In addition to his talk on the South African Campaign he will give a full account of the reception of the Canadians by her late Majesty Queen Victoria, also by King Edward VII, which at the present time will be very interesting. Mrs. J. R. Webster was at home to a number of friends last Friday evening. Music, readings and various games made the evening pass very pleasantly.

Winnipeg Pastor Speaks on Sale of Crow's Nest Coal.

Winnipeg, Jan. 9.—Rev. J. B. Silcox, one of the leading men in the city, referring to the Crow's Nest coal lands deal in his pulpit on Sunday night, before an audience which could scarcely find sitting room, regretted the lack of more good men in our Provincial and Dominion Parliaments, when there would be better laws on the statute books. He said: "God Almighty placed great beds of coal in this cold country for the use and comfort of the people, but cliques of men seize the mouth of the coal pit, and demand toll for every pound that goes out, and the worst of it is that the people have not the intelligence to protect it by law. Nothing can be more un-Christian than this demand made upon the beds of the people, they will not permit such wrongs to be shielded by law."

IN MEMORIAM

That stern reaper "whose name is death" has gathered into his vast treasure house one more of God's children ripe for Heaven. Mrs. Helen Randall passed peacefully away at the home of her daughter in Boston, on Wednesday the 9th inst in the 78th year of her age. According to her earnest wish her remains were brought home and interred in the family burying ground at Tremont, Aylesford, on Saturday the 13th. Mrs. Randall was the wife of the late I. W. Randall of Boston, formerly of Aylesford, and daughter of the late Deacon Calvin Baker of Tremont. She was born May 6th 1825. Early in life she gave herself to Christ and united with the Baptist Church of Tremont, remaining there throughout her life to her Christian principles. During her residence in Tremont she endeared herself to a large circle of friends by her gentleness, sympathy, hospitality and sterling qualities of mind and heart.

In 1865 the family removed again to Boston where she has spent the early years of her married life and where she has since made her home.

She will be greatly missed in the family circle of which she has so long found a part, and by her many friends.

She leaves one brother Samuel G. Baker Esq. of Tremont, and two daughters, Mrs. Geo. G. Bentley of Sheffield Mills and Mrs. Frank S. Wiley of Boston, to mourn their loss.

Miss Myrtle Caldwell, teacher at Cambridge, was in town from Friday till Sunday visiting her sister, Mrs. J. R. Webster.
