IMPORTANT ARRESTS.

Men Carried Nitro-Glycerine, Were Armed to the Teeth.

Niagara Falls, Ont., Sept. 19.—Chief Mains and Officers Kelly and Greenwood of the Ontario police force made an important arrest yesterday.

Three men, named William Pasquay of Niagara Falls, N. Y., and "Harding" of Toledo and a third man, name unknown, were standing at the southwest corner of the depot.

The chief drew his gun on Pasquay and threatened to shoot and made him stop and arrested him. The unknown, who got a good start, made his escape. The two men arrested held tickets for Hagersville.

Harding had in his possession an eight-ounce bottle of nitro-glycerine, while Pasquay had a cake of soap to do the loading of the nitro-glycerine in new combinations.

SUFFERED FOR CURIOSITY.

Woman Stares at King Edward and Runs Into Tree.

King Edward's sojourn at various continental resorts has been rendered unpleasant by the indiscreet way in which some people have followed him about, although disapproval of such conduct has been made public by the King. Still this did not seem to have the desired effect at Carlsbad, and a lady met with deserved punishment for acting in this way.

King Edward was breakfasting with Sir John Fisher and some friends in the gardens of the Savoy Hotel when a lady ostentatiously walked past the table with her husband and was so intent on staring at the King, as if he were a zoological curiosity, that she marched straight into a tree and embraced it, much to her own discomfort and the amusement of all who witnessed the incident.

The unpleasantness to which the King has to submit has been caused by his own subjects, not by foreigners, and it is worth mentioning that at a party in Marienbad with Austria recently the King remarked that the attitude of the latter toward him was all that could be desired. He wished their example would be copied by some English men and women.

If we were all as free with assistance as we are with advice the world would be very different.

SMASH AT VAUDREUIL

Brakeman Robertson Killed and Fireman Badly Hurt.

Three Freight Trains Mixed Up in a Rear-End Collision—Six Cars Damaged—One Tumbled Off Bridge Into River—Engine Remained on the Track Preventing Greater Loss of Life.

Montreal, Sept. 19.—One brakeman was killed and a fireman badly injured in a rear-end collision near Vaudreuil station at 9.30 o'clock last night, in which three freight trains were mixed up, six or seven cars damaged and one knocked into the river off the Vaudreuil bridge.

That the loss of life was not greater is due to the fact that the train which caused the collision was not going fast, and her engine did not leave the track.

The dead man is Brakeman Robertson of freight train No. 883, which was moving east up to Vaudreuil station, and dashed into the rear of No. 1,263, which had stopped on the bridge and was just starting up again. At the same time No. 95, the last Toronto freight, was stationary on the adjoining track, having stopped for a short time to take on coal. The rear of engine No. 883 left the track after colliding with the freight train ahead, but four or five cars of the latter train were derailed and knocked against No. 95 on the adjoining track, causing one car attached to the latter train to be knocked into the river. Robertson, the brakeman, who succumbed to his injuries, had both legs severed, and died before he could be brought to Montreal on a C. P. R. train.

Fireman William Meier of Montreal was caught between two cars, but is not thought to be fatally injured.

JEALOUSY PROMPTS MURDER.

Army Officer Kills Woman For Whom He Left Wife.

New York, Sept. 19.—Miss Draga Zeigel, the 30-year-old daughter of Col. Zeigel of the Austrian army, was shot in the chest yesterday with three bullets in her body, and Julius Hoffman, a former lieutenant in the Austrian army, is under arrest, charged with shooting the girl, for whom he left his wife. Miss Zeigel is an heiress to \$100,000, which she came into her possession within a year.

Hoffman tried to end his own life, but was prevented by the girl, whom he had already fatally injured. Jealousy prompted the shooting.

Hoffman told the police that he often met the girl and was jealous of her because of the attentions of another man.

Miss Zeigel refused to identify him as the man who shot her. As Hoffman was being led away she feebly cried that she still loved him. Hoffman has confessed to the police.

DISCUSS LEMIEUX BILL.

Railway Delegates to Trade Congress Denounce It.

Winnipeg, Sept. 19.—The Lemieux bill was the principal question before the Trades Congress yesterday, some of the delegates, particularly railway men, opposed it bitterly, but the general feeling seemed to be to give it a trial.

Solicitor O'Donoghue strongly defended it as in the best interests of labor. He presented his report and in a three-hour speech reviewed the legislative history of the bill.

That congress is not through with the Oriental question is shown by the fact that a resolution was presented by Pettipiece of Victoria yesterday, calling upon the Dominion Government to take steps to shut out the Hindoos.

The question will come before congress to-day.

A big banquet was held at the Royal Alexandra last night.

Mix Up in Detroit River.

Windsor, Sept. 19.—No less than five boats got in a jam at the Lime Kiln Crossing, near Amherstburg, at an early hour yesterday morning.

The Lycoming, lumber laden, took the east channel, which is not open for down-bound boats, and ran into the Isabella Boyce, up-bound and coal-laden. The latter was quite badly damaged.

Each steamer had tugs, which grounded in the channel.

Two tugs are working to clear the passage.

France Will Withdraw.

Paris, Sept. 19.—If the peace negotiations at Casablanca are successful, France intends to prove her loyal respect for the terms of the Algeiras convention, by immediately repatriating the main portion of the troops, leaving only a sufficient force at Casablanca to insure, in conjunction with the Spanish troops, the policing of the city.

Four More Cardinals.

Rome, Sept. 19.—The next Papal Consistory will be held in the middle of November or the middle of December. It is not believed that any foreign cardinals will be created, but the names of four Italians have already been decided upon for elevation to the cardinalate.

Half-Drunken Man Killed.

London, Ont., Sept. 19.—An unknown stranger, in a semi-intoxicated condition, met with fatal injuries here yesterday by falling down a flight of steps in the Bank of Toronto building. He suffered concussion of the brain, and doctors say he will die.

Fatal Accident at Stratford.

Stratford, Sept. 19.—J. J. Hamilton, a G. T. R. foreman, met with sudden death yesterday afternoon in the yard of the G. T. R. shops here. While stepping on the front of a moving engine, he fell and the front wheels passed over him.

ENGINEER REID GUILTY.

Jury at Guelph Find Collision Was Due to Negligence.

Guelph, Sept. 19.—Engineer Mark Reid, who was concerned in the wreck at Guelph a year ago, was found guilty by the jury of negligence and will receive sentence to-day.

Some difficulty was experienced in getting a jury to sit on the case, but after a dozen jurors had been challenged the requisite number were finally secured. Very little evidence was taken at the first sitting, the witnesses being Conductor John Hunt of the mixed train which figured in the collision; Lorne Palmer, and Night Operator Ayresworth of Guelph Junction.

The evidence of Reid himself told in part the story of the trip until the accident occurred. He admitted that he should have kept clear of No. 44 by five minutes, but he did not consider himself to blame for running into Hespeler, although he admitted that it was his duty to side there.

ENGINEER EXONERATED.

Coroner's Jury Recommends That Brakes Be Inspected.

Peterboro, Ont., Sept. 19.—The coroner's inquest into the death of Edward Wansboro, the C. P. R. freight conductor of Toronto Junction, who was killed in a rear-end collision between two freight trains at Manvers station a few weeks ago, rendered its verdict yesterday morning after holding another sitting in the Orange Hall, Manvers.

"That the deceased, Edward Wansboro, came to his death by one train colliding with another train, said collision being caused by inefficient air brakes, and was exonerated," Engineer John Ritchie from all blame in not being able to stop his train. We further recommend that all air brakes in future shall be thoroughly inspected at terminal points."

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change: ignorance and neglect.

Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed countenance. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the general schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and to keep it in good health and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorant and strengthening nerve tonic, adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Madman Kills Wife.

New York, Sept. 19.—Following his discharge as sane from the psychiatric hospital, 43 years old, once a prosperous real estate promoter, murderously assaulted his wife, Della, aged 22, and frightfully injured himself.

When she had fallen fast asleep he beat her with a hammer and slashed her with a razor, with which he also cut himself.

German Balloon Wins.

Brussels, Sept. 19.—The long distance prize in the international balloon race has been won by the German balloon, *Pommern*, piloted by Herr von Schwan.

The *Pommern* came down at Bayonne, France, 631 miles from Brussels.

The Swiss balloon *Oona*, and the English balloon *Zephyr* probably will tie for second place. All the balloons have been accounted for.

New Bodyguard For Czar.

St. Petersburg, Sept. 19.—For the further protection of his own person, Emperor Nicholas has ordered the creation of a new regiment of life guards, composed of specially selected officers, non-commissioned officers and soldiers, drawn from regiments throughout the entire Russian army, on the personal recommendation of the commanders of the various corps.

Troops Clash With Rioters.

Rome, Sept. 19.—Agrarian troubles have broken out again in Southern Italy. The troops present are insufficient to cope with the rioters, who already have done much damage to property.

There have been frequent conflicts among the strikers, the non-strikers and the troops, in which the soldiers have used their bayonets freely.

Abductor Sentenced.

Chatham, Sept. 19.—Raymond Toulou, of Big Point, a married man, who was accused of running away with 14-year-old Maggie Bellaire of Chatham, was sentenced to one year in Central Prison by Judge Houston yesterday.

MRS. THOMAS GOES FREE

Jury Refuse to Convict on Charge of Killing Gilbert.

Months in Central Prison—Deputation Pleads For Leniency—Chief Justice Mulock's Scathing Remarks—Attack Not Only Illegal But Unmanly—Sentences Causes Comment.

Warkenton, Sept. 19.—Agnes Thomas, who shot Philip Gilbert in the Warkenton riot, is free. The jury, after being out an hour, found her not guilty of manslaughter, and she took the first train to London.

Mrs. Thomas burst into tears when the verdict was announced.

Chief Justice Mulock expressed the hope that the tragic nature of the incident would cause her to lead a better life.

John Lancaster, William Lancaster and Walter Lancaster, charged with unlawful assembly and rioting, and who pleaded guilty, were each sentenced to eight months in the common jail.

In addressing the prisoners the judge referred to the seriousness of the offence.

He styled the attack on the two women as not only illegal, but unmanly. The sentence of the Warkenton men was a source of much surprise. Most of the kind had been anticipated. The prisoners themselves seemed almost stunned by his lordship's decision.

After hearing Chief Justice Mulock's charge, the jury retired at 10.30. "It is commonly said," remarked his lordship, "that a man's house is his castle and that he may kill persons entering forcibly without his permission, but that is altogether too broad an interpretation of the law. No man is justified in shooting another unless he fully believes his life or the life of some inmate of his house to be in danger. If Mrs. Thomas had reasonable grounds to fear bodily harm at the hands of her assailants, her case should not be prejudiced by the manner of woman she was. The fact that she was there for the purpose of doing nothing but to see the men who had been arrested, and who were except as affecting the credibility of the witness."

Mr. McKay, counsel for Mrs. Thomas, objected to his lordship's charge, holding that the law did justify Mrs. Thomas in shooting persons forcibly entering her home, even though she did not fear personal injury. His lordship overruled the objection, however.

Warkenton Sends Deputation.

The case as relating to the three Lancasters, who pleaded guilty to the charge of rioting, took another unexpected turn yesterday morning, when a deputation from Warkenton, composed of Mayor McKewen, Rev. Mr. Smythe, Methodist minister; James Walsley, George Dawson, foreman of the Dominion Fish Co., and several others, waited on Chief Justice Mulock and asked that he be as lenient as possible with the prisoners. Every member of the deputation testified to the good character of the prisoners. Rev. Mr. Smythe was asked by the chief justice to state how lenient he thought he should be. After some hesitation, the minister suggested that the prisoners should be let off on suspended sentence. His lordship promised consideration.

Sentence Regarded Severe.

Warkenton, Sept. 19.—The sentence meted out to the three Lancasters by the court yesterday morning, was regarded by the people of the town as severe. The rioting on the night when Philip Gilbert forfeited his life at the hands of Mrs. Thomas, for attempting to destroy her home, which consisted of a tent, has caused much dissatisfaction and adverse comment here on British justice.

Thrown Off Load of Wood.

Kingston, Sept. 19.—W. L. Allan, a coal and wood merchant of Wolfe Island, met with a serious accident yesterday. He had delivered a load of wood to the summer cottage of G. E. Hague, manager of the Merchant's Bank of this city, and was returning with Mr. Hague in the wagon to Marysville.

Suddenly the horses balked going down hill and threw Mr. Allan out. He alighted on his head, sustaining a scalp fracture. He was carried unconscious and bleeding freely to his home, and it will be several days before it is known whether he will recover.

Mrs. Hague escaped without serious injury.

"Sherlock Holmes" Married.

London, Sept. 19.—Sir Arthur Conan Doyle and Miss Jean Leckie were married in St. Margaret's Church, Westminster, yesterday. The ceremony was quiet and the name of the church at which it was performed was kept secret in order to avoid the presence of a crowd of persons who otherwise would have flocked to see the wedding of the author of "Sherlock Holmes."

Sir Arthur is 48 years old and was regarded as a confirmed bachelor. Miss Leckie lived with her parents at Blackheath.

Charged With Cattle Stealing.

Ingersoll, Sept. 19.—Frederick Hopkins, arrested here for the Brampton authorities, was taken to town yesterday afternoon by High Constable Broddy. Hopkins is charged with the theft of two cattle belonging to John Wilson, a Dereham farmer.

Fell Downstairs; May Die.

Hamilton, Sept. 19.—Ardon Lane, while walking downstairs at home, missed his footing and fell to the bottom, striking his head against the wall. His skull is fractured. He will likely die.

More Japanese Coffees.

Victoria, B.C., Sept. 19.—The steamship *Indiana*, chartered by emigration agencies in Honolulu, passed through quarantine yesterday afternoon, bound for Vancouver with 250 Japanese coolies on board.

A PELVIC DISEASE

Of Which Peruna Cured Me In a Very Short Time.

WAS SAPPING MY LIFE.

MRS. SOPHIA CALDWELL, 1122 McGAYOOK ST., NASHVILLE, TENN.

"After doctoring for a year and finding no relief from incurable results from prostatic urethra, and which was sapping my life force away, I finally tried Peruna, and when I found that it was helping me every day, it seemed almost too good to be true.

"But, it not only helped me, it cured me and in a very short time.

"I am now enjoying the best of health. I am strong and free from pain, and I certainly feel that all praise and honor are due to Peruna."

Thousands of women will read the testimonial of Mrs. Caldwell as above given.

Thousands of them will be induced to try the remedy that saved her.

Thousands of them will have the same experience she had.

Peruna is the remedy such women need. Peruna comes like a boon to suffering womanhood.

Mrs. John Hopp, Webster Ave., Glendale, L. I., N. Y., has also been relieved of pelvic catarrh by Peruna.

TERRITORIAL ARMY.

New Divisions to Be Complete in Every Detail.

The work of establishing the new Territorial Army is being taken very energetically in hand by the Headquarters Staff at the War Office. This force is to be divided into divisions complete in every arm, adjacent counties being grouped together for this purpose. But it does not seem probable that they will exceed ten, if, indeed, so many. The Imperial Yeomanry will, of course, supply the necessary cavalry for these divisions, though we are able to state that Mr. Haldane has abandoned his original intention of forming special squadrons of this force to be trained on a higher level, and to be attached to regular cavalry regiments for a certain period every year. In order to provide the necessary field artillery for these divisions it will be necessary to convert many of the existing military and volunteer corps of garrison artillery into field batteries, while horse batteries should also be provided. These new field batteries will be armed with the converted quick-firing guns, a makeshift arrangement that does not commend itself to military men. It will be necessary to raise several new departmental corps, and a considerable time is likely to elapse before these divisions can be complete. So far as transport is concerned, Mr. Haldane proposes to rely entirely upon his system of registration of civilian drivers, horses, and wagons to which he referred in the House of Commons some time ago. It seems impossible that the Territorial Army can be in complete existence for at least two years to come, and it is understood that this is the period that the Secretary of War has allotted for the completion of his scheme.
