This Is Not The Warton Sugar Company

Let it be plainly understood that the gentlemen, who are the Stockholders of the Keystone Sugar Co., never owned one dollar of stock in the Warton Sugar Co., which owned the Warton factory.

The Warton factory was sold by order of the Court, and the party who acquired it sold it to the Keystone Sugar Co., who bought it intending to move it to a section of country better adapted to growing beets.

A PUBLIC NUISANCE

Residents Again Complain of Carcasses of Dead Animals In The River

The number of dead animals which are floating in the Thames at present appears to be very large.

A gentleman who was up the river yesterday in his launch told The Planet to-day that he saw two farcasses of cattle, three pigs, a sheep, and several chickens, cats, and dogs in the river east of the city and that these bodies were in a most offensive state of decay. The only way to rid the Thames of these carcasses is for each municipality along the banks to keep its own respective waters clear and for strict injunctions to be issued to farmers and others warning them against endangering the health of the public by consigning their dead stock to the river which furnishes such a large community with drinking water.

THE EBERTS CASE

The case of Eberts vs. Eberts, which is to come up at the sittings of the High Court being held in the County Court House, it is rumored has been settled out of Court, at least it is understood that arrangements have been made to settle the difficulty in that way.

NIAGARA'S POWER

Toronto, May 22.—Premier Whitney has addressed the following letter to Hon. Charles Fitzpatrick, Minister of Justice, at Ottawa, in reference to the bill introduced by Mr. Fitzpatrick "to regulate the exportation of electrical power and certain liquids and gases":

My Dear Sir,—I have your letter of the 11th inst. regarding copies of the bill to regulate the exportation of electrical power, etc., and of the proposed amendments thereto.

It occurs to me that the bill, with the amendment thereto, may possibly result in consequences more serious than perhaps have been anticipated. Recognizing the right of the Dominion Parliament to impose licenses, or stop exportation by any general bill, the proposed amendment would leave the Ontario Power Co. without any restriction, and would, therefore, render the bill useless. This is the view which is taken by the Provincial Government, after giving the matter careful consideration.

Then, with reference to section 4 of the bill it is suggested that this should be amended by inserting after the word "said" in the fourth line, the following words, "where such power of exportation exists by lawful authority," or some words of like effect.

Unless this is done, it might be claimed that the language used overrides the limitations imposed on some of the companies under provincial statutes, or agreements.

Then, having regard to the bill passed at the last session of the Provincial Legislature, viz., "An Act to provide for the transmission of electrical power to municipalities," the proposed amendment might have a very serious effect.

A great many complications might arise, although it is difficult at the present moment to specify them in detail, and in view of what I have stated, I earnestly hope you will be able to see your way clear to letting the bill stand over until next session of Parliament.

I urge this both on account of the very serious issues that may arise and also for the reason that we have reason to expect your Government intends to confer with the Provincial Government during the recess with reference to general matters of importance, among which this question might be included.

PAIN ABOUT THE HIPS.
 It is a common complaint with women. The right treatment is Nerviline, which penetrates to the seat of the pain immediately. Nerviline warms and soothes the affected parts, draws out the irritation and pain, allows the patient ease after one rubbing. No liniment so economical and safe. Nearly fifty years in use, and the demand immensely greater every day! Nerviline must be good.
