While it is a popular custom to issue cards of invitation to attend a church wedding, it is entirely contrary to the teaching understood to be implied by has a right to issue invitation to the House of God to witness the performance of a rite within the said house as though for the time being the latter had been given over to them for their ewn particular use. A wedding in a church is not a private, but rather a public rite, at which any parishioner who wishes may be present without an invitation from any one. God's house is at all times a public place of wor ship, the very spirit of which is utterly opposed to cards of invitation .-Church Melectic.

CHOLERA INFANTUM.

Child Not Expected to Live From One Hour to Another, but Cured, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. Ni. Dewey, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by All Druggists,

Cornwall Strikers Beaten.

Cornwall, July 4.—The strike of the motormen and conductors of the Cornwall Electric Street Railway was called off last night, and it is understood that most of the men will return to the k to-day at the old scale of wages, 18 cents an hour. They struck last week, asking first 17 and then 15 cents.

Last of Boxer Indemnity.

Pekin, July 4.—The final Boxer in demnity agreement was signed Sunday the Russo Chinese Bank difficulty hav ing been removed. China, therefore, will liquidate on the basis originally proposed. The affair is regarded as satisfactorily settled.

ONE DOLLAR SAVED REPRE-SENTS TEN DOLLARS EARNED.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamber-lain's Colic, Cholera and Diarrhoed Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by All Druggists.

Fell Under the Wheels. Fell Under the Wheels.
Forth, July 4.—John Cameron of Winnipeg was accidentally killed at the C. P. R. depot yesterday morning. Deceased had been attending the Old Boys' reunion, and had gone to the midnight train to bid good-bys to a number of old friends. He boarded the train, and while it was in motion fell under the wheels and was killed.

LISSAJOUS' CURVES.

The Salt Artist and the Pretty De-signs It Will Produce. Some very curious natural curved de-

signs may be made with sand or salt and a funnel. Get a piece of wood about three inches in diameter, and in the center of it make a hole large enough for the fun-nel to rest in. Fasten three pieces of stout twine near the edge of the wooden disk equally distant from each other, so that when their other ends are

the funnel will hang in a balanced po sition in the wooden rest while held in

Then on two hooks in a frame, as shown in the picture, placed about four feet apart, fasten two strings, and let them be united with the other three at A. When this has all been done, the funnel, which may be of glass or of tin, should hang with its center as close to the table as possible.

Now remove the funnel and make a knot in the strings at about one-fourth the length above the funnel, as at B. Replacing the funnel, held your finger at the bottom of the tube and pour it full of sand or salt, and your salt artis

is ready to draw.

Hold the funnel off at one corner of the table and let it go, when it will swing off in a curve, the sand or salt marking the line of its motion. Now fill the funnel again and, holding it at the opposite corner of the table, let it go, when it will duplicate the first curve from that corner. If you do this from all four corners you will have a pretty symmetrical design.

If you will now remove the funnel, until the knot at B and make the knot at some other point, the curves will be different, and you may make an infin-ite variety of designs by starting from different positions on the table.

You may think that this is great fun, and so it is, but it is more than fun, as the curves really represent a discovery made by a Frenchman, and they are called after him, Lissajous' curves

"I consider Nerviline a magical remedy for neuridigia," writes Mrs. E. G. Harris, of Baltimore. But I never worry if Nerviline is in the house. A few applications never yet failed to kill the pain. The trouble with the people who repeat everything they hear is that they den't hear everything they repeat.

In late years men have made fortunes out of the tailings of gold mines. The mills in which the ore formerly was crushed and the crude processes then in use allowed a large percentage of the precious metal to escape, and that loss amounted in ome cases to a fortune. The stomach is just like a stamp mill in this respect, that when it is not in perfect order it allows the escape and waste of much of the precious nutriment contained in the food. That loss, when continuous, means the loss of man's greatest fortune—health. Science offers a remedy for this condition in Dr. Pierce's Golden Medical Discovery. It corrects the "weakness" of the stomach, prevents waste and loss of nourishment, and puts the stomach and organs of and puts the stomach and organs of digestion and nutrition into a condition of health which enables them to save and assimilate all the nutriment contained in the food which is eaten. In all cases of constipation the use of Dr. Pierce's Pleasant Peleta will speedily and nermanently lets will speedily and permanently cure the disease.
