## THE ACADIAN.

WOLFVILLE, N. S., NOV. 30, 1888

## Local and Provincial.

To Let.—A frost proof cellar; apply to C. H. Borden.

Boy Wanted.—We want a smart boy to learn the printing business—a good chance for the right boy.

SKATING.—The cold weather of last week made good skating on the ponds, which was enjoyed by large numbers on Friday and Saturday.

COLD.—The cold spell of last week was something uncommon with us at this season. At one time the mercury fell to two degrees above zero.

POTATOES.—The schr. *Moselle*, after discharging her cargo of coal, proceeded on Saturday last to Port Williams, where she will be loaded with potatoes by her owners, the Messrs. Fullerton, for Florida.

Oats and Feed; Lime, \$1.50 per sack at Prat's.

MUD.—The mild weather and rain of this week has made the roads in a wretched condition and in some places they are almost impassable. This with dark nights and no light makes travelling very unpleasant.

BIG PIG.—Mr. Jas. O'Brien killed a spring's pig last week which dressed 324 lbs. He purchased it from Mr. Chas. E. Bishop, of Greenwich, who killed one from the same litter a few days before which weighed 285 lbs.

See the Yankee Lantern for 75c at B. G. Bishop's.

JOURNALISTIC.—The *Gold Hunter*, the paper recently started by W. H. Banks at Caledonia, Queens Co., comes to our table for exchange. It is a nicely printed eight column paper and presents a good appearance. Its columns are filled with interesting matter. We wish Bro. Banks every success, and hope his *Gold Hunter* may prove a Gold Finder.

Choice Labrador herring in 1/2 barrels at Prat's.

METHODIST.—Owing to ill health Rev. P. C. L. Harris has been compelled to resign the pastorate of the Wolfville Methodist church. He will preach his farewell sermon on Sunday evening next. In the morning Rev. Father Johnson is expected to occupy the pulpit. We have no doubt but that both sermons will be largely attended.

JUST IN.—100 Casks Greenhead lime for sale low, B. G. Bishop.

THE BREMEN.—We regret to learn that Captain Clarence Eagles is home sick. His vessel, the bark *Bremen*, is now in Portland, Me. Mr. Fred Eagles, mate of the *Bremen* is also home in Wolfville. We hope Captain Eagles may be recovered sufficiently to be able to call upon his old friends before his departure and be able to take charge of his vessel when ready to sail.

Borden is showing the best value in COARSE BOOTS. Everyone acknowledges this.

\*DOG.—Complaint is made that dogs are being poisoned in our town. Some household pets have disappeared during the past few weeks. The penalty for this sort of thing is severe and as the transgressors are suspected the law will not be enforced to its fullest extent. We believe a dog tax should be imposed so as to guard dogs of value and keep in check the worthless curs which swarm our streets.

WANTED.—1000 Doz. Eggs de week, highest prices paid cash or tra. E. C. Bishop's.

HYMNAL.—An interesting event took place in the Methodist church Brooklyn, Hants county, on Wednesday, 21st inst., in the marriage of Mr. Oscar F. Bishop, of Greenwich, Kings county, to Miss May E. daughter of James L. Sterling, Esq. The ceremony was performed by Rev. J. Astbury. Mr. Fred Rodgers, of Wolfville, was best man, and Miss Sterling, sister of the bride, was bridesmaid. A large number of guests and spectators were at the church to witness the knot tied. After the marriage ceremony was performed, the guests repaired to the residence of the bride's parents, where a splendid repast was provided. After the good things, heartily provided by fond parents, had been disposed of, the young couple, with their friends from Kings, took the evening train for their home in Greenwich. The bride was the recipient of many valuable presents, attesting to the good will and friendship of the community in which she has always been a valued member. Of the many presents the bride received, we will take the liberty to mention one, a nice cake basket, presented by the members of the Sabbath school, of which she was organist. Mr. and Mrs. Bishop have the best wishes of their many friends.

## Gasperreau.

There has been great activity about the cider mill of late. A considerable quantity of apple juice has been sent to Halifax to be converted into vinegar—we may hope into nothing more harmful. The average of cider per annum is about 500 barrels. This year it is somewhat less.

The holders of real estate are setting a higher value on their farms since the sale of the Westcott property in Lower Gasperreau. The property of the late Colin Martin has been sold to Mr. Ruthenford. Mr. Samuel Fullerton and Mr. Andrew Caldwell have exchanged farms and the latter has purchased the property of Mr. William Benjamin. The friends in the valley will be glad to see him back in his old home, but will regret by the change they lose the family of Mr. Benjamin from their midst, as he has purchased from Mr. Isaac Shaw, of nursery farm, Berwick.

Mrs. A. Vaughan has disposed of her property to Mr. Watson Duncan and removed to Berwick. Her numerous friends regret to lose the family from their midst, but hope that good fortune may follow them to their new home. Other changes are being contemplated, but of these we cannot speak. The man who holds a good farm in this valley should be pretty certain that he will better his condition by selling out, before he resolves on that move. It will not be easily done.

The church and congregation made their pastor, Mr. Freeman, a donation recently at the house of I. N. Caldwell, and left with him upwards of sixty dollars, mostly cash. This was additional to his salary. The evening was very pleasantly spent.

A missionary meeting was held on Sunday evening, the 18th. Messrs Rutledge, Baker and Davis, from the college, added much to the interest of the services by their earnest addresses. Com.

WHAT'S IN A NAME?—The *Halifax Herald* says the new engine of the W. & A. R. is called "St. Eulalie" after Judge Weatherly's orchard. In Longfellow's beautiful poem "Evangeline" we find: "Sunshine of St. Eulalie" was she called; for that was the sunshine which the farmers believed would load their orchards with apples.

From this it would seem that the word has a broader meaning than the *Herald* implies and dates back further than the orchard of the learned judge.

Lots of Stove pipe, elbows, coal bed &c., cheap and good, at B. G. Bishop's.

Dr. J. B. McLean, who continues his practice to the *Eye, Ear, Throat*, and different forms of catarrhal diseases, will be in Kentville Monday, December 3d. Those desiring advice or treatment should come early that there may be time for treatment if necessary.

## BERWICK TIMES.

NEWS, NOTES, JOTTINGS, ETCETERA.

Rev. D. O. Parker is our representative in Berwick, and is prepared to take orders for job printing, and advertising. We are constantly adding to our plant, and will give prompt attention to all work. Get our prices.

—Most of the streets in Berwick have distinguishing names, but when and by whom given we do not know. The road running from Waterville through Berwick to Weston is called Main St. The first parallel road south of this is Union St. The next, which has been established by law, but not yet thrown open to travel, has not yet been honored with a name. As a pledge of our loyalty we suggest that it be known as Albert St. The next running along the R. R. is Mill St. The road running along north from the station and intersecting these streets is Commercial St. The parallel road west of this is Foster St, and the corresponding one on the east is Parker St. The school house and Methodist meeting house are on Main St. This street is set with shade trees on both sides for more than a mile, under which nestle cozy cottages and neat farm houses. On Commercial St are the post office and savings bank, the Baptist and Episcopal churches, Fisher's hall, two doctors and several hotels, the Berwick Camp grounds, and Parker's new furniture rooms. This street is also built up for nearly a mile. Most of its houses are quite new and it is also set out with shade trees. On Mill St are the steam mill, the foundry and Ry, station and several houses. The other streets are all sparsely settled.

—Revolution is not always reform and change is not always improvement. There are several things however, in Kings county that might be changed for the better. One of these is the division of the county, and the organization of its sections into two counties. In the interests of the overwhelming majority of the people of the county the sooner it is done the better. For generations its business has been run in ruts, and manipulated and monopolized in the interests of a few. The time is now opportune for earnest and decisive action. The *Acadian* published at Wolfville, and the *News at Berwick*, afford ample opportunity for hearing the voice of both the east and the west in an honest and frank discussion of the whole question. This is no new speculation of our own, but has been talked of for years. Let it be submitted to the people, and as they speak, their voices ought to be sovereign. Who will move in the matter, bring its supporters into rank and file, hold meetings, circulate petitions and get the necessary legislation?

—Many apples were frozen last week. We have heard of one grower who had fifty or sixty barrels frozen hard and yet when thawed they were brought to one of our apple merchants as perfect fruit. Wonder if buyers know what they get.

—Mr. Hopkins, band master, is moving for two classes in vocal music, one for adults in the evening and the other for children in the afternoon. This is a move in the right direction and we hope it will be successful.

—Berwick's fast man not so fast after all. The freight train in putting out and taking freight sometimes stops at the waystation long enough, not only for a man to run but even to walk two miles.

—Mr. Kenney, architect, of Yarmouth, has been engaged to visit Berwick and advise relative to the contemplated vestry and repairs on the Baptist meeting house. This is a prudent measure.

—No longer "close." The fence has been removed from the front of the Baptist meeting house. It is a timely improvement.

—Last week Mr. Parker sold five chamber suits, two parlor suits and a large quantity of other furniture.
