## QUAKE ATMOSPHERE FILMED IN JAPAN

Special scenes of the ruins of Tokyo and Yokohama following the Japanese earthquake were taken by two cameramen sent to Japan for that purpose, and incorporated as atmosphere in Maurice Tourneur's First National screen version of "Torment" coming to the Orpheum Theatre on Friday and Saturday.

Actual scenes of the earthquake while it was under way, however, were reproduced in a motion picture studio in Los Angeles for this spectacular film. The effects that were obtained are described as most startling. Some of the most important scenes show a band of international crooks trapped in the vault of a Yokohama bank while trying to steal a fortune in gems when the earthquake came.

Some of the players sustained minor hurts from falling debris, but none was seriously hurt. Among those who went through these strenuous scenes were Owen Moore, Jean Hersholt, Bessie Love, George Cooper, Morgan Wallace and Joseph Kilgour.
