LIKE ROBIN HOOD FLOUR

Hartland United Farmers' Store has received the following testimonials regarding Robin Hood Flour:

"In expressing my opinion since using Robin Hood Flour I can truly say it makes very nice bread and rolls. Your other flour, Cream of the West, is also very good. It is hard to say which flour makes the best bread."

Mrs. Wm. D. McLeod.

"You asked me how I liked Robin Hood Flour and I am writing to tell you I can say it is the very best flour I have ever tried for bread or cake. I had one barrel of Cream of the West and thought it good but since I tried Robin Hood I do not want any other kind when I can get Robin Hood."

You may freely use this letter for a testimonial if it will help you.

Mrs. Jas. Stephenson, Gordonville, N. B.

TRADE AT HOME

The mail order house never has a bargain—NOT FOR YOU, ANYWAY. If there are bargains occasionally, the thousands of employees of the mail order concern get them, they or their friends.

Your own home town merchant frequently has bargains and TELLS YOU about them through the paper, you read. The mail order house that receives your order doesn't know you from Adam and doesn't care.

The home town merchant knows you as a neighbor and HE CARES. He cares enough for you and your trade that he goes to the trouble and expense of telling you about his goods, and his bargains. He cares enough to carefully show you his goods. He gives you a choice among many; if you don't like one article, he shows you another, until you are pleased.

Trade at home and you get service, choice, quality, and at good prices. Trade at home and your money helps your town—which is only another word for saying that you help to make your own property or your own job better.
