with Bathurst and the world at large, and great things are expeered when the new owners of these railways proceed with promised

improvements, which cannot come a day too soon. The Catholic church in the village quickly attracts the attention of the tourist It stands on a knoll in extensive, well kept grounds, and presents a striking appearance Alongside it is the presbytery. The sacred edifice was commenced in 1874 by Rev J. A. Babineau, now stationed at St Leonard's, and was finished by him. It is a stone structure of graceful proportions; with large auditorium and commodious galleries, and it accommodates a very large congr. gation. The church

-which, it may be added, has a ties in New Brunswick which well finished and conveniently argained in population between the ranged vestry-cost \$40,000, and years 1801 and 1901. The census yet there is not one cent of debt returns show that in ten years on it, an enviable record for the parish. The present pastor is Rev sons which is a larger increase than Joseph M Lavasseur; who in ad can be claimed by any other county dition to his other arduous duties A traveller of inquiring mind is chaplain to the lazaretto, Hotel and a dozen picked men were would hardly be surprised by this Dieu and orphanage, and is apprecgain in numbers if he asked many liatively spoken of because of his energy and zeal.

In and about Tracadie there are several important industries. The ren were observed about the doors Tracadie Lumber Company. The principal one is the mill of the of farm houses, "no, I haven't a company is composed of Maine large family, there are only nine capitalists and they have one of children at home." A couple in the most complete and thoroughhis neighborhood, however, had quite a family"—fifteen. But the most complete and thoroughly fitted out mills in the province.

No lumber is allowed to go to spoken. Cent Lames E. Thorn. there was Mr. So-and-so—the tame is not important whose children numbered twenty-two, five of whom were married on one day. There are other records of this kind which would delight the strenuous which would delight the strenuous which would delight the strenuous the deals, boards, etc., manufactured which would delight the strenuous the deals, boards, etc., manufactured are sent by rail via Montreal to go to waste that can possibly be turned to account, and therefore the mill is equipped with the latest and most approved machinery. All the plant of the storm. Four were killed and several were injured.

Stockton town picnic and were disposen. Capt James E Thompson, who was one of the first to be notified, gave a whispered order to turn the vessel about and make speed for Portland, as he passed the plant of the storm. Four were killed and several were injured.

The storm came up suddenly. Trees in the grove were struck by lightning, many of them were latter discharged nine torpedoes.

REDUCTION MADE IN FIR president of the United States, New York. Besides the lumber

> The Snowball Company also has a mill, in which deals, boards, etc. are manufactured. These are towed to Chatham in scows, and thence torwarded to their destination. The mill furnishes employment to a large crew.

Mr. Philip Arseneau for some years operated a rotary mill, finding a local market for boards and small lumber, and sending his deals to England In the winter time a very extensive business is done in the village

in smelts.

One of the most attractive spots ing formerly gave employment to banks of the Big Tracadie when all many men who now prefer to give about him was forest. No more all their time to farm work or desirable place for a summer vacation can be found than in this locality, for even hot days in the interior here there is likely to be a does along the shore of the Gulf cool breeze from the Gulf, and enjoyment can be found in the neighborhood in fishing, boating, etc.

Fire in the Oil Fields

Crowley, La., Aug 26biggest fire in the history of the mammoth oil fields is raging. Yesterday Morse well No. 8 came in a boiling gusher, pouring out a means of the Gulf ports and Car. volume of oil at the rate of 10,000 barrels a day. aquet railways it has connection

The fire caught from a spark emanating from friction and rapidly spread to other wells. Four oil tanks, each of which had a capacity of 1,200 barrels, caught and burned. Two were full of oil and two were empty. Four standard rigs, the property of the Morse company also were destroyed.

During the afternoon the fire was confined to the Morse wells Nos. 7 and 8. Large lakes of oil, which had formed when Morse No 8 came in, caught fire.

Eight lines of steam pipes have been laid to the burning wells and more are being prepared. The loss is now placed at more

STUMPAGE

Small Lumber Cut

Fredericton, Aug 25-A promineut lumberman said to-day that there would be a curtailment of 50,000,000 feet in the cut on the Dear Sirs,-For some years I have St John River next season, so the had only partial use of my arm, caused cut will amount to between 80,000-000 and 100,000,000 feet.

The Dalhousie Lumber Co. have agreed to curtail their operations this season fifty per cent and Hilyard Bros have also made that Glamis, Ont. R. W. HARRISON agreement. A Miramichi Lumber concern which last year cut over seven million feet will not cut a log this winter. Most of the other important operators have made similar agreements, and in last season's cut, will be held over. long the Miramichi are being closed down, some of the most important ones belonging to Messrs

Ritchie, Lynch & Burns. At the surveyor general's office to-day it was learned that the stumpage on fir has been reduced by the government as a result of their recent conference with the delegation from the Lumberman's Association. The reduction in the stumpage rates on fir is from one dollar and twenty-five cents to eighty cents per thousand super-ficial feet Before this the rates on even the inferior qualities of fir were just the same as those for such lumber as spruce and pine. The was unreasonable and it was the unanimous feeling of the Association that this should immediately made early in August.

Racking Pain in the Joints.

Also every form of rheumatistu by Nerviline the quickest relief "for muscular pain yet discovered. It's b cause Nerviline strikes in and penetrates right to the core of the pain that it gives such unbounded satisfaction. I caught cold in my shoulders while driving and suffered great pain, writes G. E. Dempsay of Berlin. I used Nerviline freely and was soon quite well remedy for rheumatism neuralgia as well as for cold on the chest. I recommend Nerviline highly and wouldn't be without it." Price 25c.

Railroad For Sale
