WANT STOP PUT TO BONUSING.

Hamilton Will Ask Union of Municipalities to Recommend it.

Will Take Up H., W. & B. Proposition Tc-morrow Night.

Mayor Would Have Prices of Real Estate Transfer Declared.

Mayor Stewart instructed City Solicitor Waddell and City Clerk Kent, who went to Toronto this morning to represent Hamilton at the meeting of the Ontario Union of Municipalities, to bring two important matters before the convention. They will ask to have the association pass a strong resolution renimending the Government to amend commending the Government to amend the law, so as to make the bonusing of industries by municipalities impossible, and to increase the powers of the assess-ment commissioner by giving him the right to demand from the seller or pur-chaser of property a declaration of the real price of sale. At present nearly all the transfers are put down at the nom-inal sum of \$1, and the Mayor thinks this ties the department's hands. He believes the Government will grant these believes the Government will grant these requests if asked to do so by a number of the municipalities. The chief matter to be discussed at the convention is the

...Chairman Dickson has called a special meeting of the Finance Committee for to-morrow night to take up the question of giving Mr. John Patterson a hight-of-way back of Dundurn and Harvey Parks on the route suggested by Engineer McCallum for the Hamilton, Waterloe & Guelph Railway. Chairman Dickson's idea is to have the committee to-morrow night instruct the City Solicitor and company's solicitor to draft a by-law. It will not be necessary to consult with the Parks Board to do this, but copies of the proposed by-law will be sent to the aldermen and Panks Commissioners, who will meet jointly in two or three weeks to deal definitely with the matter. Mr. Patterson has not madh is formal application yet, but he asked Chairman Dickson to call the meeting. The city is not going to make any over Chairman Dickson has called a special

City Engineer Barrow and Secretary James had another conference yesterday afternoon with Beach Commissioner Van-Allea with a view to imparting further information about the city's patents for the lots near the filtering basins. S. D. Biggar, K.C., representing Mr. Fitch, produced a letter from Hon. Frank Cochrace, Minister of Mines and Lands, stating that the city ought to compensate Mr. Fitch if the middle road between the busines was closed. This begins to make it look as if another strenuous effort was to be made to get the city to buy was to be made to get the city to buy this property. Mr. Barrow says himself that he thinks it is the best thing the city can do if the price is made right. The old dispute over the territory covered by the city's and the Lottridge pat-

The Court of Revision met vesterday The Court of Revision met yesterday afternoon and cleaned up a lot of small business. There were about sixty cases to deal with, including a number of charity appeals and cases of the Board of Health, recommending the building of sewers on sanitary grounds. There were about six appeals against this. The Norton Manufacturing Company's appeal against assessment on frontage was laid over, and \$21 was struck off the business assessment of the A., F. & A. M.

Mayor Stewart declared to-day that he had been grossly misrepresented as far as his interference with the deputation which was to have gone to Schenectady to-day on a hunt for information about electric pumps is concerned. He says that he merely suggested to Chairman Clark it would not be wise for him aird Mr. Barrow to go away until the job at the basins was begun. Chairman Clark eaw things in the same light, and called the trip off until next week.

Building permits were issued to-day to William M. Findlay for a brick house on Locke street, between Homewood and Aberdeen avenues, to cost \$2,400, and to David Brown for a brick house on Mapleside avenue, between Aberdeen and Glenfern, to cost \$2,200. Mayor Stewart declared to-day that

They were committed for trial, after Mr. McKenna had protested that the policy of the government did not make for peace, and asserted that it would cause a revolution in the situation in South Longford, where an election takes place next week owing to the resignation of Edward Blake on account of ill health. The speakers at the political meetings are advising the people to drive off the cattle from the grazing lands.

Here With the Goods.

Take your choice Saturday and Monday out of six big piles of men's suits for \$9.98; some of these suits are worth more than \$15. Boys' suits, the best value you have ever seen, at \$2.50, \$4 and \$5. Perhaps you want a new hat, or may be shirts or neckwear. We're here with right goods.—Fraick & Co., 18-and 15 James street north.
