Snnbury Agricultural Society's Show was problem at Mr. Cambridge's farm on Friday. held at Mr. Cambridge's farm on Friday. The weather was beautiful, and it was a pleasant drive from this city along the fine intervale of Maugerville.

The exhibition was not so large as on son former occasions, but most of the animals and produce were of the usual good quality seen in this fine district. Some excellen horses were on the ground, quite a number of Percherons colts, some of which give pro mise of being fine animals. Among the cat tle were some fair Short Horns and Ary-We were disappointed in not seein more of the former breed. This district i particularly adapted to raising Short Horns, and we are at a loss to account for so few being brought forward. Some good pigs and sheep were shown, but the number was small. The roots were large as might be looked for on such soil. Some fine sample of wheat were shown, grown from seed imported by the Government last spring. One sample by Mr. G. A. Sterling, yielded 30 bushels from three-quarters of an acre. Thi fact should induce the more general raising We have not obtained a copy of the prize

N.S. PROVINCIAL EXHIBITION.—The Nova Scotia Provincial Exhibition opened on Tuesday in Truro, and has attracted a very large number of visitors during the week. Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma,

and Consumption. The reputation it has attained, in consequence of e maryellous cures it has produced during the last half century, is a sufficient assurance to the public that it will continue to realize the happiest results that can be desired. In almost every section of country there are persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. All who have tried it, acknowledge its superiority and where its virtues are known, no one hesitates as to what medicine to employ to relieve the dis tress and suffering peculiar to pulmonary affections. CHERRY PECTORAL always affords instant relief, and performs rapid cures of the

the more formidable diseases of the lungs.

As a safeguard to children, amid the distress g diseases which beset the Throat and Chest of hildhood, it is invaluable; for, by its timely use, multitudes are rescued and restored to health the cures it is constantly producing are too rearkable to be forgotten. No family should be without it, and those who have once used i

Eminent Physicians throughout the country rescribe it, and Clergymen often recommend i from their knowledge of its effects.
