Your money back if Purity Flour does not prove entirely satisfactory in the baking.

DON'T simply buy flour from the dollar and cent side of it. Buy high-quality flour. That means PURITY FLOUR. The first little extra cost is more than made up by the extra number of loaves of bread it makes—by the superiority of the bread and pastry in sweetmeats of flavor and nourishing qualities. Buying Purity Flour is a safe investment. You get large returns, not only on account of Purity's ability to produce more, but because Purity contains the greater nutriment and the vim of a strong hard wheat flour. Food made from Purity Flour gives the consumer health, snap and force, which cannot be gained from the use of the weaker soft wheat flour.

"MORE BREAD AND BETTER BREAD"

PURITY FLOUR

You can buy as little as 7 pound cotton bag or in 14, 24, 49, and 98 pound sacks. Also in barrels and half-barrels

Purity may cost a little more than some flours but you'll find its more than worth the difference. To be sure, it must bear the trade mark.

THIS IS THE FLOUR FOR YOU MADAM!

MOOSE JAW SASK.

If You Can Afford to use the BEST buy Robin Hood Flour

"The Flour that is different." If you do you will find that the cost of ROBIN HOOD is smallest after all. The bigger loaf is one difference. Easier assimilations of the bread is another difference. The sweeter flavor is a third difference. There are other points of difference. Any one of them worth the extra cost.
