THE REMEDY FOR CURING

Consumption, Coughs. Bronchitis, Asthmic, Croup, Diseases of the Throat Pains and Oppression of the Chest or Lungs, Difficult Breathing, and all the Diseases of the Pulmonary Organs.

FUHIS Baleam is introduced to the suffering public after its merits for the positive cure of such Diseases have been fully tested. The formula from which it is prepared is referred to by the leading medical journals as being equal to any prescription that can be made up for such diseases by the medical faculty. The Balsam is, consequently, recommended by physicians who have the commended by physicians who have the commended by the first product of the commended by the commended

As an Expectorant it has no Equal. It is composed of the active principles of Roots and Plants, which are chemically extracted, so as to retain all their medicinal qualities.

Ministers and Public Speakers, who are so often afflicted with Throat Diseases, will find a sure remady in this BALSAM.— Lozanges and Wafers sometimes give relief, but this BALSAM, taken a few times, will in-sure a permanent cure. Will the afflicted clergymen please test its merits?

### TESTIMONIALS OF PHYSICIANS.

Dr. Nathaniel Harris, for many years a resident of Middlebury. Vermont, recommends the Balsam as being superior to all other remedies for Bronchitis. He says:—"I have no doubt it will soon become a classical remedial agent for the our of all diseases of the Throst, Bronchial Tubes and the Lungs."

Dr. Lloyd of Oho, surgeon in the army during the war, from exposure contracted consumption. He says:—"I have no hesitancy in stating that it was by the use of your Lung Balsam that I am now allve and enjoying health."

Dr. Flotcher, of dissour, says:—"I commend your Balsam in, preference to any other medicine for Cought, and it gives a tissaction."

DR. A. L. SCOVILL,

who has for many years been known to the public throughout the United States as the inven-tor of remedies for the Lungs, recommends ALLEN'S LUNG BALSAM as surpassing any-thing that has ever been offered to the public for the cure of Lung Diseass.— He has used it in his own family with great success in the case of his sister, who was supposed to be in the ast stages of consumption. This lady is now well, and has been permanently cured by
