

Wesleyan Conference. June 10. Resolutions relating to Theological Schools were read and adopted. The rigid rule of Conference was, on motion, suspended this morning in the case of Rev. John Borland, who is allowed to remain a fourth year at St. Johns, chiefly that the French Canadian Mission work under his oversight may be more fully consolidated and extended. The report of the Joint Committee on the division of the Conference and the Federal Union of the Wesleyan Methodist Church in British America was then read, and the first fourteen articles, with the exception of nine and ten, which were left for further consideration, were adopted. A telegram was received by the President announcing the intelligence that the New Connexion Conference had passed by a large majority, a resolution agreeing to a union with the Canada Conference on the terms already agreed to. The announcement was received with general enthusiasm. June 11. The question of increase in the ministers' salaries, which, in accordance with the constitution of the Church, could not be made without the consent of two-thirds of the quarterly meetings of the Church, was presented, and stands thus:—For the increase, 270 quarterly meetings; against it, 89, and from 23 there was no vote returned. The Rev. G. R. Sanderson then gave notice that in the event of the majority being found to be the majority when all the returns are in, he would move that an addition of \$40 be made to the salary of each single ordained minister. Some discussion took place on the ninth section of the report on the division of the Conference and federal union of the church in British America. The motion that a representative or representatives, to the English Conference, be chosen by ballot, was carried without debate. The President called for volunteers as a test of moral heroism for Biesings River, and other hard fields in the North-west. Mr. Young addressed the Conference. Besides men to preach, he said they wanted, in Manitoba, a College in which to teach the youth of the country. The Roman Catholics were trying to get their children tutored. He borrowed money and hired a teacher, and before he left Winnipeg the school was in successful progress, but they could not meet the requests of admission to it. One minister had just handed him \$35 for that object. Another pleasing intimation had been received this evening, viz: a telegram stating that the New Connexion Conference had unanimously adopted the report of the Joint Committee on Union.

Assembly Canadian Presbyterian Church. June 11. After the report of the Home Mission Committee was adopted, the Rev. Mr. Patterson, delegate from the Lower Provinces, addressed the Assembly. The financial report was then read. The receipts for the year have been on the whole satisfactory. They were for all the schemes \$16,960, expenditures \$15,898. The report of the Committee on Sabbath observance was then read. It was intimated that the Rev. Mr. McLaren had accepted his appointment to the chair of Systematic Theology in Knox College, Toronto. The reports on the aged and infirm Ministers' fund, and on temperance were then read. A motion was passed to petition the Legislature in favour of a prohibitory liquor law. In the evening Col. Haultain, Agent of the French Canadian Missionary Society, addressed the Assembly on behalf of that Society. The certificate under hand on the mission at Kankakee to the American Presbyterian Church was then taken up, and after a long address from Rev. Mr. Clinington the question was referred to a committee to consider the whole question of French evangelization as conducted by the church, and to report to the Assembly.

FAILURE OF JUSTICE.—The reason for appointing a Junior Judge for this County was the failing health and mental debility of our County Judge. Our County Court and General Sessions were opened yesterday by the Senior Judge, and never was the necessity for a Junior Judge more apparent? We regret to be obliged to say it, but the administration of justice is a complete farce so long as Judge Brough insists on holding courts. He is mentally and physically totally unfitted for the work, and the sooner he allows Judge Toms to hold courts the better for all parties concerned. We hope the hint will be taken. Should no change be made we pity suitors, jurymen and lawyers. A total absence of the essential requisites of a Judge characterized everything said or done. Such a state of things should be taken up by the legal profession and represented at the proper quarter.—Huron Signal.

T. G. & B. RAILWAY.—The earnings of this road for the month of May, 1873, amounted to \$19,776.03, as against \$9,059.64 in the corresponding month last year, showing the large increase in earnings of \$10,716.39 for the month. The traffic on the line is steadily improving, as is shown by the following figures, representing the earnings for each month of the present year.—January \$14,214.94; February, \$15,389.03; March, \$12,374.37; April, \$15,850.60; May, \$19,776.03. The freight carried in May embraces a large quantity of square timber, no less than 185,000 cubic feet having been carried over the road last month. There is still a very large amount of square timber cut during last winter to be squared over this road.

CRUISED BY A LAND ROLLER.—A very serious accident occurred on Saturday last to a man named Gibson, of Mitchell. It appears that the unfortunate man hitched the horses, which were young animals, to a roller, for the purpose of rolling the field he had been dragging. The team, becoming frightened by the noise, ran away and Gibson, in his efforts to control them, was by some means thrown off his seat and fell in front of the machine, which went over him, crushing in a portion of the skull and inflicting other serious injuries. Little hope is entertained of his recovery.

GRAND TRUNK GAZETTE.—On the 20th of May last the Grand Trunk Directors in London issued a circular containing the following passage:—In accordance with the statement made at the half-yearly meeting by the President of the Company, the necessary orders for the change of gauge and for the supply and conversion of rolling stock were given, so as to make the line from Stratford through Toronto to Montreal of uniform narrow gauge by the 1st October next.

Church of Scotland Synod. June 11. The report of the Committee on correspondence with the Colonial Committee was read and agreed to. The report of the Committee on complaints and Appeals was read. Only one case was mentioned, Rev. B. Burnett v. Hamilton Presbytery, in which the Committee sustained the appeal. The report was agreed to and the appeal confirmed. Rev. Gavin Lang made a statement in regard to the extraordinary success of the Presbyterian, and stated that the paper would flourish under the management of Mr. Coyle, who had rendered very efficient assistance, and was the main source of its success. A motion was passed pledging the members to testify against the evils of intemperance. Revs. Gavin Lang and Wm. Black were appointed delegates to the Church of Scotland, and Rev. D. J. McDonald, of Toronto, and Jas. B. Muir, of Galt, and Mr. Jas. Craile, Elder, delegate to the United States. The Synod determined to appoint Thursday, 16th of October next, as a day of public thanksgiving to Almighty God for His abundant mercies, and more especially for the harvest of the year. The customary votes of thanks were given and after an address by the Moderator, the Synod was declared closed, to meet again in Ottawa on the first Tuesday in June next year.

It is no wonder that invalids lose faith in all specifics, when so many worthless medicines are advertised for the cure of various diseases; but which, when tried, are "found wanting." We have yet to learn, however, of the first failure of Dr. Wistar's Balsam of Wild Cherry, to cure coughs, colds, and pulmonary disease.
