

TO KILL DUKE VLADIMIR

Russian Insurgents Wrecked Train in Belgium.

Many Other Railway Wrecks—Bad Smash-Up on the New York Central—Some Miraculous Escapes—Dozen Passengers Hurt, But Engineer and Fireman Were Only Persons Killed—“Frisco Cannon Ball” Spiked.

Charleroi, Belgium, July 31.—An attempt was made Sunday night to wreck the Northern Express from Paris. A rail was removed, the engine and tender were derailed and the engineer and fireman were killed. The cars, however, remained on the tracks and the passengers were uninjured. It is reported that Russian agitators were responsible for the attempt to wreck the express owing to their expectation that Grand Duke Vladimir was on board. The railway officials say the grand duke was not on the train. They have no trace of the men who committed the outrage.

SOME NARROW ESCAPES.

Train Runs into a Landslide With Fatal Results.

Newburgh, N. Y., July 31.—Two wrecking crews were at work yesterday morning clearing the debris of the wreck of the New York Central's Pacific Express, which ran into a landslide one mile south of New Hamburg at 11:30 Sunday night, resulting in the death of Edward Wells, the engineer, of Albany, and Edward Warren, fireman, of New York, and injuries to about a dozen passengers, none of which will prove fatal.

There are three tracks at the point where the accident occurred, but they were all torn up or twisted for a hundred feet or more, so that it was apparent that it would be many hours before through traffic could be resumed. The wreck was the worst that has occurred on the Hudson division since the New York tunnel disaster. It causes miraculous that there were no casualties or serious injuries among the passengers.

TO SEE TRAIN WRECK.

The “Frisco Cannon Ball” Spiked Presumably by Country Boys.

Antlers, I. T., July 31.—The south-bound “Cannon Ball” train on the Frisco Railroad was wrecked Sunday night at Antlers. A spike had been driven between two rails on the high side of a curve. The locomotive struck it and rolled down an embankment, the tender and the baggage car following. John Harlan, the engineer, will probably die. Will Skelton, the fireman, was killed.

Detectives believe the wreck was caused by country boys, who wanted to see the fast train stop in the woods. The train was a long one, bearing 200 excursionists from Texas.

Thrown Under Train.

St. Thomas, July 31.—Frank Leach, the well-known horse buyer, had a miraculous escape from death while driving across the Pere Marquette track on Talbot street last evening. Leach did not notice an approaching passenger train, which struck his carriage and threw him under the moving train. The train was brought to a standstill and Leach was removed to the hospital. His injuries consisted of a severe scalp wound and injuries to his back and shoulder. He is held out for his recovery.

KILLED ON RIFLE RANGES.

Private of the Seventh Regiment Victim of Bursting Rifle.

London, Ont., July 31.—John Williamson, a member of the 7th Regiment, was instantly killed at the Cove ranges on Saturday afternoon. A rifle in the hands of Pte. Pickle, a fellow rifleman, burst, and one of the pieces of flying metal struck Williamson in the forehead. A marksman lying between Pickle and Williamson escaped injury.

The deceased, who was 37 years of age, came to this country from Dundee, Scotland, last fall. Pte. Pickle was also injured. The bolt flew out and hit him a fancy blow on the forehead, which raised a large lump. The thumb of his right hand was split open, and he was blinded for several minutes.

BAD BOILER EXPLOSION.

Two Men Killed and Twenty Injured—One Blown 50 Feet.

Vincennes, Ind., July 31.—Harry Borders and Lafayette Leiby were killed and twenty other workmen were injured by the explosion of a boiler at the plant of the Vincennes Paper Mills Co. The boiler was hurtled through the roof of the boilerhouse, falling 100 feet away, it badly damaged the Harrison mansion, home of Wm. Henry Harrison, when he was governor of the Northwest Territory.

Toronto, July 31.—William Charles, plasterer, aged 21, living with his parents at 22 Foxley street, was drowned at the exhibition dock, foot of Dufferin street, at about 10 o'clock last night. Charles, though he could not swim, was in the habit of going with companions to the dock, at the foot of Dufferin street, after dark to bathe. A railing leaning around the wharf, about a foot out of the water, was used by the passage boys as a “stepping on.” Charles

lost his hold, and his companions did not notice until it was too late.

Jupp was in swimming in the evening, just off Crow's Landing, where the shore inclines abruptly and where the water is very deep. He took cramps, and before assistance could arrive went to the bottom. His body was recovered shortly afterwards and taken to Newboro. Jupp was a young Englishman who had spent two years in Canada.

SHATTERED NERVES

Made Strong and Steady by Dr. Williams' Pink Pills.

When your nerves are out of order your whole health is on the verge of a break-down. Sudden sounds startle you; your muscles twitch and your hands tremble; your self-control is shattered and your will-power gone. Your head aches, your feet are often cold and your face flushed. Your heart jumps and thumps at the least excitement; you are restless at night and tired when you wake. Your temper is irritable and you feel utterly down-hearted. And the whole trouble is because your blood is too thin and watery to keep the nerves strong. There is only one way to have strong healthy nerves—feed them with the rich red blood that only Dr. Williams' Pink Pills can make—and do make. Mr. Fred Forth, 17 Sullivan st. Toronto, says:—

“I was a complete wreck with nervous prostration, but Dr. Williams' Pink Pills have made a new man of me. I had been nervous for years; the least noise would startle me and the least exertion would leave me utterly prostrated. I lost in weight and physically I was almost a wreck. I had not taken the pills long when I found they were helping me, my appetite improved, my nerves began to grow steady and by day I gained until I was again a well man. My weight increased twenty-five pounds while I was using the pills. To any who suffer as I did I can say if Dr. Williams' Pink Pills are given a fair trial a cure will be sure to follow.”

Dr. Williams' Pink Pills restored Mr. Forth, simply because they made the rich pure blood which properly nourishes the nerves and keeps them strong. They will cure all the diseases due to bad blood and shattered nerves such as anaemia, indigestion, headaches and backaches, rheumatism, lumbago, St. Vitus dance, paralysis general weakness and the secret ailments of growing girls and women. But you must always insist on getting the genuine pills with the full name Dr. Williams' Pink Pills for Pale People on the wrapper around each box. Sold by medicine dealers or sent direct by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co. Brockville Ont.

Warsaw, July 30.—Two daring train robberies were committed in Russian Poland Saturday, one of them resulting in considerable loss of life.

A train from the frontier station Herby, bound for Czenstochowa, was carrying money received from the customs house to the branch of the Imperial Bank under protection of seven frontier guardsmen. Gen. Zukal, chief of the frontier guards; Gen. Welter, ring, chief of the customs service of Warsaw, and Col. Brazezicki and Capt. Laguma were passengers.

Fifteen persons boarded the train at a party evidently had been waiting for it and made an attack on the guardsmen, who were reinforced by the officers named. A skirmish followed, in which the two generals, two officials, five soldiers and one robber were killed, and Col. Brazezicki and one robber wounded. All the wounded and dead were taken to Czenstochowa. The robbers escaped, taking \$30,000 and the arms of those who had attempted to defend the train against robbery.

The second robbery was committed Saturday night on the Warsaw-Vienna railway six miles from Warsaw. While the train was under way, unknown persons pulled the danger signal, causing it to stop. Robbers, who were aboard, jumped out and seized the locomotive and detached the mail car from the train and ran it down the line. They secured \$27,500 of government money.

Disorder Growing Daily. Public disorder is growing daily through out Russian Poland, and scarcely by a day passes without some robbery or other crime being recorded.

Saturday a panic occurred in a public park here. Many shots were fired, and one person was killed and four were wounded. It is believed to have been an attempt by revolutionary agents to precipitate an outbreak.

A Caustic Critic. A local paper in Hungary published an account of the rendering of “King Lear” on the stage of a very small theater in the town where the paper appears. The Hungarian critic began his article in this way: “The historians of literature are still at daggers drawn as to who wrote Shakespeare's pieces—Shakespeare or Bacon. After tonight's performance of ‘King Lear’ there cannot be a doubt on the matter if any one will take the trouble to look into the tombs of those two famous men. The one who still lies on his back has not written ‘King Lear,’ at any rate, for the true author during tonight's performance must certainly have turned in his grave.”

QUARREL OVER A DOLLAR

Leads to Probably Fatal Stabbing at Hamilton.

George Gerrie May Die From Several Wounds Over the Heart, Whose Covering is Torn—He Was Also Bitten by His Assailant, Who Claims He Did the Stabbing in Self-Defence—Anti-Mortem Statement Taken.

Hamilton, July 30.—George Gerrie, a builder's laborer, who hails from Oakville was stabbed, probably fatally, Saturday night, by Charles Cook, in a quarrel over \$1. It took place at their boarding house 53 North John street, and each man had his own version. Cook was immediately placed under arrest. His story is that Gerrie owed him \$1 and he went to Gerrie's room to collect it. Some words passed and Cook says that Gerrie went to strike him. Cook had a jack-knife in his hand cutting tobacco, and he claims that he stabbed Gerrie in self-defence. When Dr. McCabe was called in he found that Gerrie had several wounds. The most serious was the one over the heart. The blade of the knife struck a rib and glanced over tearing the covering of the heart. He was also bitten on the shoulder, and one hand was painfully cut.

His condition was considered so critical Saturday night that Crown Attorney Washington took ante-mortem statement. His story is that he ordered Cook out of his room, but that Cook bit him on the shoulder and stabbed him.

Cook, the prisoner, is an Englishman, about 27 years old. He came from Birmingham about two months ago. Gerrie, the wounded man is 25 years of age, and has relatives in Toronto and Oakville.

The Poppy. The poppy throughout the east is an emblem of death. In many parts of India this flower is planted upon graves and in cemeteries. Whether or not the idea was suggested by the poisonous character of the juice is uncertain. It is believed that the poppy was known as a funeral plant to the ancient Egyptians, for upon the tombs opened by Belzoni there appeared representations of plants which were evidently intended for poppies.

Comforting. “Say, Elsie, look around the street corner again and see if August isn't coming yet.”

“No, I don't see him. But don't be worried; the people are looking more and more like him every minute!”

Security. “One has very few friends in this life,” said the misanthrope.

“Yes,” answered Miss Cayenne. “I suppose that is one reason why a friend is so likely to be overworked.”

Their Friendship Ceased. “I have just discovered that Smithers is a relative of mine.”

“How strange?”

“Yes, and I had always looked upon him as a friend.”

The Weakness of Old Age

As the years go by the blood gets thin, watery and impure, and fails to supply the nourishment required to keep vitality at high water mark. Circulation gets bad, and the nervous system suffers. Besides the pains and aches, besides the weakness and dizziness, there are feelings of numbness which tell of the approach of paralysis and locomotor ataxia.

Judging from the experience of the thousands of old people who have tested Dr. Chase's Nerve Food, it seems to be exactly suited to overcome these conditions, consequent on old age.

Unlike ordinary medicines, Dr. Chase's Nerve Food is entirely restorative in action, and cures by forming new, firm flesh and tissue and building up the system. 50 cents a box, at all dealers.

“KANGAROO”

Bred in England, foaled in Ontario, April 11th, 1901, now owned by W. R. Hare, Aylmer.

KANGAROO is without doubt the best bred horse in Canada today. His sire Hamburg was purchased at the Bitter Root sale, January, 1901, by the Hon. Wm. C. Whitney for \$60,000, and up to 2 years ago held the world's record as a winner and a winning sire. Kangaroo's dam was Coleraine, who brought at the same mentioned sale, \$1,500. She is so fine a winner, Kangaroo is certainly a winner. No horse brings better prices than thoroughbreds, and the best of all around road horses we have today, trace their staying qualities back to the thoroughbred.

KANGAROO will stand for the season at his own stable, Aylmer, for a limited number of mares. Terms \$12 to insure. W. R. HARE.
