A BAD BACK IS A BAD HANDICAP

Few of us can afford to be idle, and to those who work, a sound, strong back is a necessity. A bad back prevents rest or sleep, and aches all day with a dull, tired throb.

Don't think because sharp twinges strike you when you lift, or twist about, or reach, that your work is too hard for you. Bad backs are common in every occupation. Those aches and twinges are only Nature's warnings that the kidneys need help.

It is easy to tell if the kidneys are sick, and are not thoroughly doing their work of filtering the blood. Backache is an early warning. Headache, dizzy spells, puffy swellings under the eyes or in the ankles and legs, nervousness, irritability, rheumatic pain and tired feelings also tell of kidney

Examine the urine. If it is extremefy pale and light, the kidneys are not getting out all of the uric poison. If it is dark colored and thick, passages too frequent, or too scanty, if there is any sediment deposited when it stands, if passages burn or pain, that
