SEARCH ARKONA SWAMPS FOR TORONTO BANDITS

U.S. President Reported Seriously Ill In San Francisco

PICK JURY PANEL TO TRY MURRELL, NAMES HELD

But 48 Members of Petit Jury Have Been Decided On by Committee.

HIS MOTHER WRITES

Mrs. Murrell Communicates With Son—Chief Justice Mulock May Try Case.

Sir William Mulock, chief justice of the exchequer, will probably be the trial judge when Sidney E. Murrell faces the charge of murder on October 15, the date set for the opening of the fall sittings at London. However, if it is not to his convenience to take the bench, a substitute will be sent.

Slowly the wheels of justice are moving toward the trial. A board of three, who select the 48 petit jurors from the larger list for the year, which was picked last time by a larger board, has made its choice. The list, however, remains a secret for the time being and will not be given out until ten days before the assizes open.

This morning Sidney Murrell received the letter written by his mother. Although she did not give a definite reason for her failure to visit him, he knows it. He has been informed of the ruling of W. W. Dunlop, inspector of prisons and charities, forbidding visitors. As he takes everything else, he has taken this order in a spirit of resignation. Murrell spends most of his time packing to and fro in his cell, and in reading back numbers of fiction magazines. He is not very communicative and says little, even to the sheriff of the governor.

He has not written his mother or any of his relatives since his transfer to the London jail, and has not suggested that he desires that privilege. Murrell was wounded during the fight with the alleged hit man, Melbourne, when his gang attempted to rob the bank. This had never been brought out, but Mrs. Murrell states that her son told her of his wound in the hip. On the other hip he has a war wound, a scar of his service with a submarine flotilla operating near Gallipoli.

FREIGHTER "WOTAN" GROUNDS ON SAND BAR

Wooden Steamship Comes to Grief in Fog Near Port Dalhousie.

Associated Press Despatch. St. Catharines, Ont., July 30.—The wooden steam freighter Wotan, owned by the Louis Sands Salt and Lumber Company of Manistee, Mich., was grounded this morning near Jordan Harbor, having run on a sand bar in the fog when she ran past Port Dalhousie pier early last evening. Two tugs from Port Dalhousie which went to her rescue were obliged to return this morning without having been able to release the craft, which is light.

The Wotan passed down the canal with a cargo of grain and lumber and was trying to make the entrance to the Welland Canal on her return. After the tugs left the stranded boat she was able to back off under her own steam and arrived at Port Dalhousie at 11:30 a.m.

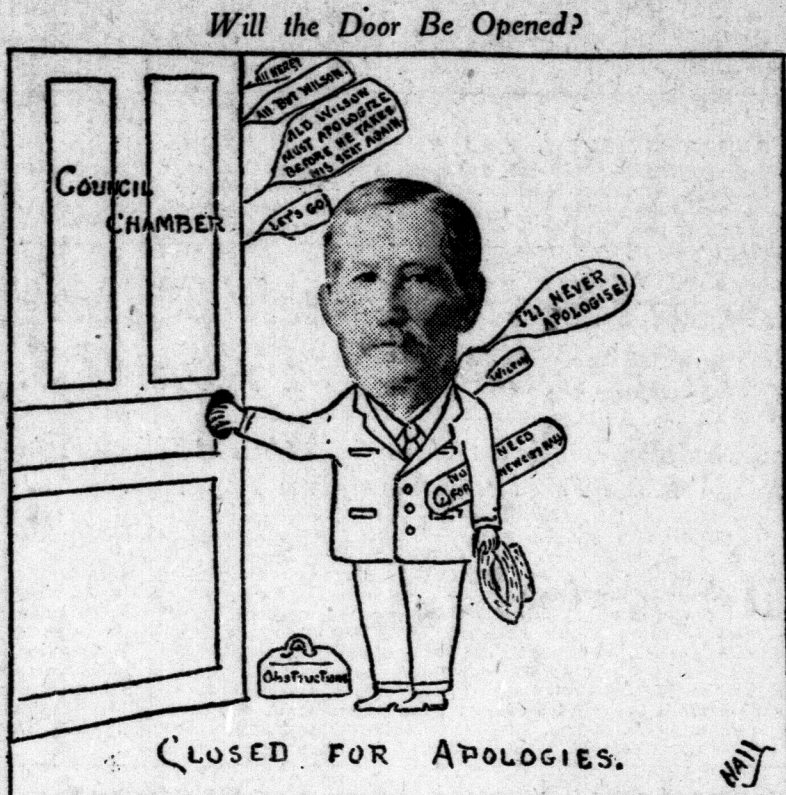

PARALYZED VETERAN IS CURED AT SHRINE

Thousands of English Pilgrims Making Journey to Various Health Resorts in Southern France.

London, July 30.—Thousands of pilgrims are leaving England for every shrine at Lourdes, in southern France. The majority of the pilgrims regard the trip as a holiday. Already several cures have been reported. The most remarkable one passing through London Saturday was William Trayner, who was wounded in the head and shoulder at the Dardanelles. After undergoing six operations and being treated in five hospitals, many of the doctors and nurses, as well as relatives, have testified to his being paralyzed before leaving for Lourdes, a week ago. At Lourdes, he was immersed eleven times in the miraculous water. After the seventh immersion he began to feel improvement and eventually he was able to walk over rough cobble stones without any ill effects. The news of his cure having traveled to his town of Liverpool before him, thousands of people assembled to meet him at the station and gave him an ovation.

PROVINCIAL OFFICERS HUNT SWAMPS IN ARKONA FOR BANDITS, BUT FAIL

Inspector Putnam and Posse Came to London This Morning. Worn Out After All-Night Search Through the Swamps and Waste Land.

WOUNDED STRANGER TOLD OF, NOT FOUND

Inspector Putnam, Sergeant Proctor and two officers of the Windsor division of the provincial police, and Officer Lowe of Chatham arrived in London this morning after an all-night search for the Toronto bandits, carried out in the vicinity of Arkona. The man hunt, according to the inspector, was unsuccessful, although the district is still being watched by officers.

Acting on a tip that certain suspicious strangers were hiding in the ravines and swamps near Arkona, Inspector Putnam and the other officers sped by motor car from Windsor to Sarnia last night, where they were joined by another body of men. The party then set out for Arkona, about half way between London and Sarnia, where the suspected bandits were reported to be hiding.

A search covering many square miles was carried out without success, and the officers of Windsor returned to London this morning, entering Provincial Officer Stratton's office, where they made themselves comfortable on tables and chairs in an effort to catch a few minutes sleep. "The place where we went would make an ideal hiding place for these men, but I do not think they are there," stated the inspector. "Of course, we are running down every clue, no matter how small it may be, and taking no chances of letting the men get away."

"We also got prepared, well prepared, because these bandits will probably be the most desperate men the police have yet been called on to deal with. For a week we have been on the go, and we do not intend to let up until they are caught."

According to a report reaching The Advertiser, a resident of Arkona on Friday night, overheard a conversation which led him to believe that there were persons hiding in or near the swamp west of the village.

He reported to the authorities and immediately the wheels were set in motion, provincial officers from all the surrounding districts heading for the alleged hiding place. On Sunday an area of several square miles was thoroughly searched, but to no avail.

Provincial Officer Oliver, Sarnia, stated that the reports that have led him to think that a wounded man is being cared for by the fugitives. "The swamp under suspicion is surrounded and there is small chance of any person breaking through."

LOCAL CHINAMAN WEDS WHITE GIRL IN LONDON TODAY

Willie Chue and Mrs. Eva Lee To Be Married Here This Afternoon.

LICENSE ISSUED

Police Magistrate in Court Offers Felicitations to Soon-To-Be-Newlyweds.

Willie Chue, Chinaman, and Mrs. Eva Lee, white, will be married this afternoon, giving the lie to Kipling's poem:

"For East is East and West is West, And never the twain shall meet."

The couple appeared in police court this morning, charged with disorderly conduct, and informed Magistrate Graydon that before tonight they would be man and wife.

In support of their declaration they produced a marriage license, properly signed, sealed and delivered, setting forth the intention of one Willie Chue, chef, to take as his bride Mrs. Eva Lee, widow, of Toronto.

After looking at the license and hearing the evidence of the officers and the prospective bride and groom, the magistrate dismissed the charge and offered his felicitations.

After the news of the impending ceremony was made public, invitations were issued to the chief, Alderman Judd and others to attend the ceremony and watch the culmination of a romance which had its beginning in the Queen City.

Mrs. Lee, a nice-looking and well-dressed young woman, has already married a Chinese husband, and she is sure she will be happy with No. 2. According to the story she told the court, Mrs. Lee was wed for some 14 years to a Chinaman of Toronto.

After saving considerable money he decided to visit his own country and, leaving Mrs. Lee and a young child in Toronto, went for Peking or Canton. Shortly after arriving there he fell sick and died, leaving Mrs. Lee \$4,000. Since that time she has lived in Toronto, where she met Chue.

The bridegroom is employed at the London Cafe, where he is a chef. In court this morning he appeared well dressed and educated.

Where the happy couple will live after their marriage is not known, but it is expected they will reside in Piccadilly street, where Chue now lives.

FERGUSON PROMISES COMPLETION HIGHWAY

Gives Assurance to Large Delegation of Ottawa and Prescott Citizens.

Canadian Press Despatch. Ottawa, July 30.—An assurance that the provincial government would give its immediate attention to the question of the early completion of the Ottawa-Preseott highway was given by Premier G. Howard Ferguson to a large delegation of Ottawa and Prescott citizens.

The premier said he thought that one of the weaknesses of Ontario's whole road policy has been centralization in one office in Toronto of control of the work all over the province, which was practically a physical impossibility. Some form of decentralization should be put into effect.

PENNSYLVANIA BANDITS ESCAPE WITH \$90,000 ROLL

Associated Press Despatch. Scranton, Pa., July 30.—Three bandits held up the paymaster of the Avoca Coal Company on a Laurel line train at Moosic today, using revolvers freely. Killing one man named Murphy and wounding two others. The men made their escape, getting away with the mine payroll, amounting to between \$85,000 and \$90,000.

NOTED ACTOR DIES

Associated Press Despatch. London, July 30.—Sir Charles Hawtrey, noted actor and theatrical manager, died today after a few days' illness. He visited Canada and the United States several times.

The president's illness took a somewhat sudden turn for the worse. A few hours before it became known that the cancellation of the California program would be necessary, Dr. Sawyer stated to newspapermen that the president had shown decided improvement as a result of a Sunday rest.

Heart Symptoms Develop. Dr. Sawyer at that time said there were three stages in the digestive disorder from which Mr. Harding was suffering. The first stage, he said, was marked by weakness, which was easily thrown off. The second stage, being exhaustion, requires a longer rest, while the third stage was prostration, in which considerable time

HARDING TAKES TURN FOR WORSE, TRIP CANCELLED

U. S. President's Illness Is Believed Due to Potomac Poisoning.

HEART BOTHERS HIM

Physicians, After Consultation at San Francisco, Order a Complete Rest.

By LAWRENCE MARTIN.

Special to The Advertiser. San Francisco, July 30.—President Harding has suffered a serious turn for the worse. Following the illness that attacked him in Seattle, serious heart symptoms have developed. After a consultation of physicians here early this morning, the president's entire Pacific program has been cancelled.

Four physicians are consulting upon Mr. Harding's case. Dr. Ray Lyman Wilbur, head of Leland Stanford University, and former head of the American Medical Association, a noted stomach specialist, and Dr. Cooper, San Francisco, heart specialist, were summoned by Dr. Charles E. Sawyer and Dr. Joel T. Boone, the president's personal physicians. After a long consultation, Dr. Sawyer issued the following statement:

Issues Statement. "Because of new symptoms having arisen during the day, indications of complications in the case of the

President Harding, who was taken seriously ill at San Francisco last night with a stomach disorder, has resulted in heart complications. As a result of his sudden illness, his California program has been cancelled, and President Harding will be forced to take a complete rest before returning to Washington."

Irene Denies She Is Divorced

Associated Press Despatch. New York, July 30.—Irene Castle last night added another touch of mystery in her matrimonial affairs when, returning on the Lafayette, she announced that, contrary to reports, she had not obtained a Paris divorce from Robert Tremain, a manufacturer of Ithaca, N.Y., to whom she was married shortly after the death of her first husband, Vernon Castle. "I have not a divorce and I have not instituted proceedings for one," declared the dancer, who added that she would meet Mr. Tremain when he returned to New York next week on the Majestic. The dancer was firm on her denial, despite despatches received last week quoting court records to show she had been granted a decree.

BLACKS OVERCOME

Construction Gang Workers Create Reign of Terror in Illinois Town.

Associated Press Despatch. Chicago, July 30.—One negro is dead, two county highway policemen are believed dying and two men are seriously wounded as the result of a fight at Worth, Ill., between 150 negro construction gang workers, citizens and policemen early yesterday morning, according to the Chicago Herald-Examiner. Fifty of the negroes, armed with knives, razors and revolvers, chose as partners the white women, taking wives from the arms of their husbands, says the newspaper.

The screams of the women were heard by officials of the village. When they entered the place the negroes began firing. Additional help was summoned, and when they arrived a general fight started. The negroes retreated towards their camp, and were reinforced by one hundred other negroes and the police called for further aid. More than 200 shots were exchanged, and there was a hand-to-hand fight before the negroes were overcome.
