Homesteads.

Ted, about eight inches long, and the board has every appearance of having hama. He is returning home after a five years' appointment. Dr. Runckurtz speaks English remarkably well and is a most agreeable conversationalist.

German naval hospital at Yoko-hama. He is returning home after a five years' appointment. Dr. Runckurtz speaks English remarkably well and is a most agreeable conversationalist. compared with those which have been current during the past six months, i better than we have seen. We think, therefore, that the time has now come when we may safely begin to retrace our steps with regard to the dividend, in the hope that we may be able at least to maintain this slight improvement in the uture. I cannot say that any great im provement in the employment of money

is yet noticeable throughout the Dominion of Canada, but the abundant harvest

should, in the near future, sensibly improve the position of the farmer, and consequently lead not only to a more active but to a sounder business throughout the whole community. The court has also been influenced in the same has also been influenced in the same direction by the fact that the words "after providing for bad and doubtful debts," which appear so regularly in the account, are no mere stereotyped formula. During recent unprofitable years, when we have been compelled to reduce our dividend, we have never hesitated to face our bad debts and to cut down to the year core of the avil. Every account. the very core of the evil. Every account that we know to be bad, every account of which we have the slightest su has been closely scrutinized not only h

so, now that our figures show a slip improvement, we feel justified in The secretary (Mr. A. G. Wallis) having a corresponding increase in the ing read the notice convening the meeting read the notice convening the meeting read the notice convening the meeting read the report. You will see that the office at the report, you will see that the office at Paris, Ontario, has disappeared from the list of our establishments in Canada.

This concluded the proceedings.
