**WOODEN** cul-  
verts are un-  
sightly, dangerous,  
expensive, short-  
lived.

**Which kind of a culvert  
does your waggon cross?**

**D**OES the road you use pass over rickety,  
dangerous wooden culverts, that are con-  
stantly in need of repairs and often washed  
away entirely? Or is it carried safely across the low  
places by modern, everlasting culverts? Build your  
**CULVERTS OF CONCRETE**

which not only cannot be washed away, but  
actually grow stronger with age and use.

Every farmer owes it to himself to insist that the  
money he pays for road-taxes be spent to the best advan-  
tage. As a ratepayer, he is entitled to the best roads that  
can be made with that money. When culverts are washed  
out, and the road rendered impassable, he not only suffers  
inconvenience but may also be caused financial loss by  
inability to get necessary supplies in time for spring plant-  
ing. And at best, with wooden culverts, part of the money  
that should be used to make better roads must be spent  
every year for repairs.

**Insist upon Concrete Culverts**  
It will pay you and everybody else in your county.

**Canada Cement Company Limited**  
503 Herald Building, Montreal

LET us send you a

Gault, Wanda Ward. Jr. III.—Elgin  
Fuller, George Westgate, Gladys Jarricot.  
Class II, Sr.—Beatrice Edwards, Burton  
Edwards, Lily Jarricot, Mary Tanner. Jr.  
II.—Albert Jarricot, Susie Westgate,  
Florence Edwards, Winnie Fuller, Fred  
Edwards. Part II.—LaVera Edwards,  
Fred Tanner, Hazel Reyecraft.—A.  
AULD, Teacher.

There can be a difference of opinion on  
most subjects, but there is only one  
opinion as to the reliability of Mother  
Graves' Worm Exterminator. It is safe,  
sure and effectual.

**PLYMPTON**

James Stewart, of the 12th line, who  
has been in London for several weeks  
past, died there on Monday, aged 91  
years. Deceased was born in the county  
of Monaghan, Ireland, about 1831. He  
came to Canada when eighteen years of  
age, and located at Hamilton, where he  
was employed in the lumber business.  
In 1850 he moved to Lambton, and pur-  
chased 100 acres of land on the 12th  
concession, Plympton township. For 60  
years he was a continuous resident of  
the township, and ranked among the  
oldest and most honored citizens of the  
county. On Sept. 28th, 1894, he was  
united in marriage with Mary Ann  
Beattie, at Oakville, Ont. Four children  
were born of this union, two surviving,  
namely, Mrs. Wm. Straghan, of Sarnia,  
and Miss Agnes Emma Stewart, also of  
Sarnia. Mrs. Stewart died March 31st,  
1880. The remains of Mr. Stewart ar-  
rived here Wednesday afternoon, and  
the funeral took place from the C.T.R. depot  
to Beechwood cemetery. Service at the  
grave was conducted by Rev. Cannon—  
Forest Standard.

**Well Paid.**

John Kirby, of Stratford, Ont., writes:  
—"I used the Homestead High Grade  
Garden and Vegetable Fertilizer on my  
root crops and say I had the best crop  
of roots ever grown on my farm. I was  
certainly well paid for the money I in-  
vested in this fertilizer."

Homestead Fertilizers are manufac-  
tured and sold by the Michigan Carbon  
Works, Detroit, Michigan, who will send  
free to any farmer their book on fertiliz-  
ers with a handsome calendar postage  
paid. They want agents where they are  
not now represented. Address, Michigan  
Carbon Works, Postoffice Drawer 814-A,  
Detroit, Michigan, asking for terms.

**Corey—Gurd**

At Christ Church, Petrolia, the mar-  
riage was solemnized of Kathleen Whit-  
mer Gurd, daughter of Mr. and Mrs.  
Alfred Gurd, to Mr. Harrison Edward  
Corey. The ceremony was conducted by  
Rev. Canon Craig, of London, Ont., as-  
sisted by Rev. Wm. Hill, rector of Christ  
Church. Miss McAlpine presided at the  
organ, and during the signing of the  
register Mr. John Peat sang "The Crown."  
The bride, who was given away by her  
brother-in-law, Mr. John Archibald Kerr,  
wore a gown of white duchesse satin, the  
corsage of which was draped with Limer-  
ick lace and caught with orange blossoms  
her bridal veil being arranged in a  
Juliette cap, and wore the groom's gift,  
a diamond pendant. The bridesmaid,  
Miss Jessie Gurd, sister of the bride, and  
maid of honor, Miss Minnie Cryser,  
wore pink champagne, made pannier style  
and large white hats; they carried old-  
fashioned nosegays of pink and white  
sweet peas, and wore ear-rings, the gift  
of the groom. The groom was assisted  
by Mr. Curtis Parkinson of Montreal.  
After the reception, Mr. and Mrs. Corey  
left for New York, from which port they  
sail for Egypt and the Continent. The  
bride travelled in a light brown ratine  
cloth, with velour hat to match.

Mrs. Thomas Wilson, Oil Springs, an  
old lady of 92 years, who has been an  
invalid for years, fell out of bed the other  
day, severely cutting her face.

**Dr. Morse's  
Indian Root Pills**

are made according to a formula in  
use nearly a century ago among the  
Indians, and learned from them by  
Dr. Morse. Though repeated at-  
tempts have been made, by physi-  
cians and chemists, it has been found  
impossible to improve the formula or  
the pills. Dr. Morse's Indian Root  
Pills are a household remedy through-  
out the world for Constipation and  
all Kidney and Liver troubles. They  
act promptly and effectively, and

**Cleanse the System**

**PIE IS GOOD FOOD.**

Even if the Paste is Soggy, Chewing  
Will Kill its Terrors.

"In its proper place," says the New  
York Medical Journal, "pie is not only  
a palatable but a nutritious staple, an  
excellent vehicle of carbohydrates and  
fruit. It is not essentially indigestible  
and demands only proper mastication  
and insalvation to insure lack of dis-  
comfort."

In other words, if we chew pie as  
persistently as we chew the rag about  
the indigestibility of pie we shall find  
it as sweetly digestible as it is blandly  
delectable.

"Pie crust," this authority goes on to  
say, "is only flour and lard, the latter  
being replaced usually by chicken fat  
by those who object to any form of  
pork. Delicacy of manipulation is re-  
quired in the making of the crust, and  
such delicacy depends paradoxically  
upon great digital strength, for only  
the strong have a genuine lightness of  
touch."

Thus is explained the armor plate  
crust so often the product of the deaf  
but weak "manipulation" of slender,  
pretty and youthful brides as compared  
with the flaky, sea foamy kind turned  
loose by older and stiffer fingered  
mothers. But wait a moment. We can  
eat and even live in comfort upon our  
sweet girl graduates' pies after all,  
for the paper continues, "A soggy,  
paste, however, made by frail fingers,  
is only aesthetically objectionable, for  
resolute chewing will deprive it of its  
terrors."

Now, however, comes the crux of the  
pie matter. We customarily "top  
off" with pie and cheese after we've  
had a hearty dinner and enough, but  
if we eat lightly and then have pie  
or make pie and cheese answer for a  
whole meal there is not the slightest  
ill effect from it.

**Giving Impressively.**

There are diversities of giving as  
well as of gifts. To give a little with a  
grand air sometimes seems to make  
more of an impression than to give  
much modestly. The world has not  
changed in this respect. Samuel Pepys  
wrote in his "Diary" in 1660: "There  
was a great number of merchants and  
others of good quality (at a dinner) on  
purpose to make an offering (to two  
newly married servants), which when  
dinner was done we did, and I did give  
10 shillings and no more, though I be-  
lieve most of the rest did give more  
and did believe that I did so too."

**Advice to Bore.**

A successful after dinner speaker  
said:  
"I owe my success to the fact that  
I'm always brief and to the point. I  
once asked Senator Depew how long  
an after dinner speaker ought to  
speak.  
"About two minutes—unless by that  
time he has struck rich ore," the sena-  
tor replied. "And if he hasn't struck  
it he should at once stop boring!"—  
Los Angeles Times.

**A LINIMENT FOR THE LOGGER.**

Loggers lead a life which exposes them to  
many perils. Wounds, cuts and bruises  
cannot be altogether avoided in prepar-  
ing timber for the drive and in river  
work, where wet and cold combined are  
of daily experience coughs and colds and  
muscular pains cannot but ensue. Dr.  
Thomas' Electric Oil, when applied to the  
injured or administered to the ailing,  
works wonders.
