**BENJAMIN FRANKLIN NOW REMEMBERED FOR THRIFT**

Benjamin Franklin, rightly considered one of the most famous of Americans, was a statesman, writer, philosopher and inventor of high reputation; but to-day, in the United States, he is being best recalled for his writings on thrift. The official launching of the 1919 War Savings Campaign was held over so that it might fall on his birthday, January 17. In the campaign literature, especially prepared for the 165,000 War Savings Societies, he is described as the "thriftiest American," while the new issue of War Savings Stamps bears his likeness.

All this goes to show the importance that those who direct public affairs today attach to thrift. During the war production and saving rendered possible the enormous national war loans floated by the Allied countries. To-day it is also recognized that only through the continuance of such a policy can the nations recover their normal life.

It will thus be realized that the Canadian War Savings plan is the natural expression of this opinion. Our national and provincial leaders are endorsing the principle that lies at its foundation and they also heartily approve of the method that has been adopted to make saving thus easy and profitable. Canadian economic and financial authorities are practically a unit in the opinion that there are no industrial and financial problems ahead of Canada, which cannot be solved, if the people continue to save, for they have strikingly demonstrated their ability to produce.

**LINGERING WEAKNESS FOLLOWING DISEASE**

Banished by the Wonderful Tonic Powers of Dr. Williams' Pink Pills.

In almost every case the victims of la grippe, influenza, fevers or contagious troubles, are left weak, ailing and despondent after the disease itself has disappeared. They do not pick up strength as they ought, and remain tired, listless and discouraged. The one and only reason for this is that the blood has been impoverished by the ravage of the disease through which the victim has passed. Strength and full activity will not return until the blood has been restored to its normal condition. The blood can be enriched and purified by no other medicine as quickly and as surely as by Dr. Williams' Pink Pills. To enrich the blood and strengthen the nerves is the whole mission of these pills, and thousands have found them beneficial in bringing strength and energy after disease had left them weak and run down. Miss Beatrice Cassidy, Vroomantown, Ont., says:—"From my own experience I can speak in the highest terms of praise of Dr. Williams' Pink Pills. I passed through a severe attack of scarlet fever, from which I did not regain my strength after the fever itself had passed. I was left very weak, pale and trail looking, although I was continuing to take medicine, I did not improve. At this time a friend advised me to take Dr. Williams' Pink Pills, and following the advice, I soon felt the pills were helping me, and after taking them for about a month I found myself fully restored to my old time health and strength. I therefore strongly advise anyone who feels weak or run down to give Dr. Williams' Pink Pills a trial and I feel sure they will not regret it."

Rich red blood is the whole secret of good health; and from the first to the last dose Dr. Williams' Pink Pills enrich and purify the blood. You can get these pills through any medicine dealer or by mail at 50c a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**WHEN BABY IS CROSS**

Mothers, when your baby is cross—when he cries a great deal and no amount of attention or petting cheers him up—something is the matter. It is not the nature of the little one to be cross and peevish—the well child is a happy child. Give him a dose of Baby's Own Tablets and he will soon be well again. They are a mild but thorough laxative; regulate the bowels and stomach; banish constipation and indigestion; break up colds and simple fevers; in fact they cure all the minor ailments of the little ones. Concerning them Mrs. Alphonse Lachance, St. Apolline, Que., writes:—"My baby cried continually but Baby's Own Tablets soon set her right and now she is fat and happy." The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**A LETTER FROM PROVO, UTAH**

Provo, February 7, 1919.  
 Editor Watford Guide-Advocate.  
 Dear Sir:—For several years we have been reading your paper, through the kind attention of your townsman, the "Old Pioneer," Joseph S. Williams. We have taken much pleasure in reading your interesting news sheet, even to the ads. and "local happenings" column, and often we find the names of some of our kinsfolk in your columns. Under date of July 27, 1917, we read of the death and funeral of Mrs. Duncean Dunlop (nee Eliza Smith) aged 97 years; sister to my wife's mother, Mrs. Louisa "Smith" Park, who left your village, with the Gardner family, in 1846, with their well-appointed ox teams, reaching Omaha that year, on to Utah in 1847, being of the original pioneers of this now great State of Utah.

The old stock of the Park and Smith families have left numerous representatives still living in your neighborhood, all relatives of John and Louisa Smith Park. This has been promotive of our interest in your paper, added thereto by the spiky way in which you write up your town and adjacent villages.

Your Roll of Honor tells us of the death in action of Sid Brown, Sept. 15, 1916. His cousin, Verl, the son of our Joseph Park, is still in France. He left Provo with the first contingent for overseas. Seventy-seven of the boys of our ward (population 1000) were called out.

C. E. Luckham of your 64th Battery has relatives here. Ward Zavitz of the 149th Battalion is a relative of ours. We have a Robert Sweeten here, a talented musician and leader of one of our crack bands.

Yes, your columns are interesting to us; we mourn with Laughlin McPhail over the loss of his seven cows, feeding salt petre instead of epsom salts. The union special service at the Armory; the co-operation of all the churches shows a tolerant and noble surrender of tenets for the good of the whole; and still continuing the good spirit, the Baptists and Methodists holding union services in Arkona.

What with the fearful price paid in this war and the "flu" taking so many lives, it is time we united in our appeals to Heaven for aid to sustain us in our trial and great sorrow.

We here in Provo have lost quite a number by the visitation of this dreadful desolating sickness,—the "Flu." In some instances the young wife called, leaving the husband and children; in others, the husband, and the wife left. The scourge is still with us, but in milder form.

We realize how nobly the Dominion has supported the Empire in this great struggle with the vast and wicked power of Germany, now brought to an end in this armistice, a peculiar "unfinished finish" of a stupendous war, her sea power surrendered—but her bayonets still bristle in some parts of her land.

We leave the final settlement to wiser heads.

We have not heard from the "Old Pioneer" for some time, nor has he forwarded your paper since January 3rd, 1919, and we fear the complication of diseases with which he is afflicted has prevented him from writing to us.

How fast the years have fled since he, as a little boy of six years, was lifted up on the wagon wheel to kiss goodbye to his little playmate, now my wife.

We miss your paper, enclosed please find a dollar to pay for six months' subscription, that we may continue our acquaintance with the good people of Watford, where my dear wife was born.

Very respectfully,  
 ALBERT JONES.
