## A LANARK COUNTY FARMER'S REMARKABLE CURE.

TAKEN WITH BILLIOUS FEVER THE AFTER EFFECTS OF WHICH BROUGHT HIM AL-MOST TO THE GRAVE-HE GLADLY SPEAKS FOR THE BENEFIT OF OTHER SUFFERERS.

GAINED A POUND A DAY.

#### Smith's Falls Record.

mile from the village of Merrickville, is one with a billous fever, the enects of winder that him in a terribly weakened condition. When the time came around to begin spring opera-the may be floated in the air. After milking, the milk should be thoroughly aired, either tions on the farm he found himself too weak by some of the different machines made for think." to take any part in the work, and notwithstanding that he was treated by an excellent and his condition not only greatly alarmed himself but his friends. Having read so out consulting his physician he began their use. He only used one box, and, not feeling better, he discontinued the use of the pills. This is where he now admits he made a serious mistake as he not only fell back to his former weakness, but became worse than before. He could now do no work of any kind, and the least exertion left him almost helpless. Life was a misery to him and he

I gained a pound a day.

was on the point of giving his case up as hopeless when a friend strongly urged him to again begin the use of Dr. Williams' tained, not only for factory uses, but also Pink Pills. He agreed to do so, and by the for the cows, and it should be a rule not to time he had used three boxes there was a give them any water that is unfit for human marvellous change in his appearance, and he uses. In some cases it has been found that felt like a new man. He still continued to use a cow will drink from a stagnant pool in prethis life-saving medicine, with astonishing re- ference to a clear spring, but this is probably sults. During his illness he had fallen in on account of the water in the spring being weight to 135 pounds but he soon increased to too cold, as very cold water hurts their 180 pounds. In fact as he says, the increase teeth and gives them a pain in their head. averaged about a pound a day while he was It may be laid down as a rule that good buttaking the pills. He is now able to do any ter or cheese cannot be made from cows that kind of work on his farm, and it is needless to have been allowed to drink impure water. say that he is not only a firm believer in the Cows should be salted regularly, not in th efficacy of Dr. Williams' Pink Pills, but loses | way it used to be done as a kind of religious no opportunity to sound abroad their praise, with the result that others in their locality two or three weeks when the cows almost have bene fitted by his experience and advice. | make a stampede in their eagerness to get it, To those who are weak, easily tired, ner- but it should be placed where they can have

vous, or whose blood is out of condition, Dr. free access to it at pleasure. Williams' Pink Pills come as a veritable boon, The surroundings of the factory should be curing when all other medicines fail, and re- well looked after, permitting nothing to restoring those who give them a fair trial, to a main which might give rise to any offensive full measure of health and strength. They will be found an absolute cure for St. Vitus as clean as possible, for nothing will strike dance, locomoter ataxia, rheumatism, par-alysis, sciatica, the after effects of la grippe, maker or a dirty building. At the majority

Dairy Hints. wrought by want of thought." Yes, it is, but that is no excuse for it. You are a One of the main points in cheese-making thinking human being, and you have no which nevertheless is not under the control of the cheese-maker, is the care of the cows, right when you have done wrong to excuse their feeding and milking. According to old notions, milk had some inherent quality is one's business in life to think. You were is one's business in life to think. You were which caused it to sour, but this had been rude, your manner was not perfect and the proved to be incorrect, for it has been found words you said were evidences of ill-temper; thoughtlessness will not pardon any of by experiment that milk from a healthy cow thoroughly protected from the air will keep these. It always seems to me as if it were Mr. Joseph N. Barton, who lives about a indefinitely, it therefore should be the object the weakest of all reasons, that one of lack of every dairyman to protect the milk as of thought. It is equivalent to saying that of the best known farmers in the township of Montague. Up to the spring of 1894 Mr. influence. Cleanliness is one of the essentials mother to dust the parlor; it isn't done Montague. Up to the spring of 1894 Mr. influence. Cleanliness is one of the essentials mother to dust the parlor; it isn't done to good milk, both while milking, as well as and when, later in the day, you find her health. At that time, however, he was taken n the stable or milking yard, for milk read- busy at it and know that she is so tired she with a bilious fever, the effects of which left ily assimilates any odor or bacteria which ought to be resting at this time, what a poor reason it is for you to give as an explana of your neglect, "I got to talking and didn't

MEDICAL HALL, Eastern Passage, Halifax, Dec. 15th, 1894. C. GATES, SON, & Co. BRIDGETOWN.

C. GATES, SON, & CO. Dear Sirs.-MY Son Spurgeon has been sick with Liver trouble for a number of years, and we have tried every medicine that we could hear of without his receiving any benefit until he used your LIFE OF MAN BITTERS AND SYRUP, which have made a cure of him. As this may be of benefit to others you are at liber-ty to publish it. Yours truly. BARBARA A. NEWCOMB. MARITIME EXPRESS COMPANY, Via "Land of Evangeline" Route. Moncton, N. B., Sept. 21st, 1894. C. GATES, SON, & Co. Dear Sirs, --I had been troubled with Indi-gestion, and tried quite a number of different medicines which I did not receive any benefit from until recommended by Mr. Thomas Groto to try a bottle of your INVIGORATING SY. RUP, which gave me instant relief, and up to this time I have not felt any of the old trouble. Yours truly.

If I jump J'll break it and cut me stummick wid the shells. If I kape quiet the thing'll hatch out and I'll have a Shang-hai rooster clawin' me inside."

New Ailments.

penetrate effectively into the pores of the material, and, dissolving the hard linseed oil, restore the putty to its original softness. —Girls, all of you, everywhere, this is a word to you; be womanly. Be true to your-self, and be guided by the promptings of those who have been through it all and know by experience the best line of conduct to pursue. You may lose the companionship of some whom you think very gay and jolly, but their evanescent friendship will be re-placed by sincere respect and commendation. New Aliments. "Strange, ain't it, the new kinds of ail-ments folks has?" remarked Mr. Simri Smith, after reading his newspaper. "Now I've been a-reading an advertise-ment in here of a new medicine, and it says its dreadful good for a sluggish liver." "Liver trouble ain't no new disease, pa," responded Mrs. Smith. I remember grand-father having liver trouble when I wasn't more'n 10 years old." "I was a-saying that medicine was good for sluggish liver, Martha Ann, and what beats me is how them slugs gets inside the liver, anyhow."

Friend (encouragingly)—Don't be so down-hearted over such a simple little ailment; why, you'll be well in no time. Choly (mournfully)—Ya as, I know the but isn't if just my beastly luck, don't you know, to be laid up with such a vulgaw dis-awdah as the mumps. Fancy the mumps when appendicitis is the proper thing!
