KEEP TO THE RIGHT

A MOVEMENT TO CHANGE THE "RULE OF THE ROAD" IN NOVA SCOTIA

Resolution Being Placed Before Town And Municipal Councils—The Proposed Change Will Require an Act of the Legislature.

Attention is drawn to the following item, which appeared in the Annapolis Royal Spectator:

KEEP TO THE RIGHT

A movement to change the "Rule of the Road" in Nova Scotia is now on foot and was among the matters considered by the Council of the Board of Trade when it met last Monday. An address was made by L. M. Fortier and the following resolution was carried on motion of A. M. King and G. A. Hawkesworth:

That the Council of the Annapolis Royal Board of Trade views with favor the proposal to change the rule of the road, requiring vehicles to drive to the left, so as to bring the practice in Nova Scotia into conformity with that prevailing in other parts of Canada, and North America generally, in which the rule and custom is to pass to the right; and that a committee be appointed, consisting of Messrs. L. M. Fortier and B. B. Hardwick, with power to add to their number, to invite the cooperation of Boards of Trade Town and Municipal Councils, and other influential bodies and persons, in a movement to bring about this much needed reform.

In accordance with this resolution the delegates named were given a hearing before the County Council and a resolution endorsing the movement was passed.

The proposed change will require an Act of the Legislature, and the committee is anxious to obtain support for this, in the form of petitions, resolutions of public bodies, newspaper comments and letters from individuals all of which should be sent under cover to L. M. Fortier, Annapolis Royal, N. S., (convener of the committee) to be forwarded at the proper time to the premier.

Readers of this article are therefore respectfully asked to bring the matter to the attention of the Council, Board of Trade and other Public Bodies or Associations in their community, for favorable consideration and resolution thereon; write a letter expressing their own views of the matter, procure press comments, and forward all to Mr. Fortier, with as little delay as possible.

A movement with the same object in view is in progress in New Brunswick. It has been entirely successful in that province and is now about ripe for action by the Legislature. Everyone will therefore see the advantage of Nova Scotia also getting into line without delay, and it is hoped that this circular will be taken seriously and acted on promptly by those who receive it.

Pass to the right is the proper rule for us to adopt, because

1. It will make our traffic movement correspond with those of our neighbors;
2. It will lessen the possibility of accidents through misunderstanding with those unaccustomed to our present rule, with which practically all our tourists and other visitors are unacquainted;
3. It will encourage Americans and Upper Canadians to tour and summer in our Province;
4. It will make us a standardized community in America—instead of an oddity;
5. The St. John Board of Trade, the Automobile and Good Roads Associations, Rotary Club and other public bodies passed resolutions in favor of the movement in New Brunswick soon after it started, in fact there has been such a chorus of approval over there that the change will undoubtedly be effected.

The new rule will not create a hardship to anyone—

1. To the farmer, whose road equipment is adaptable to either right or left;
2. To the automobilist, whose car can use either right or left, and in most cases is best fitted for right hand passing.

Let us therefore have your help and interest in the movement for reform in this particular.

Address all communications to L. M. FORTIER, Annapolis Royal, N. S.

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.
