

The Gerhard Heintzman

BUILT IN CANADA FOR OVER HALF-A-CENTURY

FROM the original GERHARD HEINTZMAN Factory, where the first eight pianos of the name were made, the plant has been enlarged and improved until now it has assumed proportions familiar to the trade.

It is a desirable policy for a dealer to so carefully choose his lines that after having sold his customer an instrument, no matter how much longer he or she might have searched among good makes, it would still have been impossible to improve upon the choice made.

Such a position is that in which every GERHARD HEINTZMAN dealer is placed as a result of his completing negotiations for the representation of that line in his community.

The same wonderful skill, the same fine materials and the same painstaking methods which have built the world-wide reputation of the **GERHARD HEINTZMAN** are maintaining it now.
