Cattle Market.—Feb. 1.—The great weekly market for Beef Cattle, which opened this morning at Forty-second street and Fifth avenue, proves to be one of the hardest for drovers that they have met with this winter. The rates, which range from 7c to 12½c a pound net, are estimated at 1c to 2½c less than last Monday. Owners of first-class cattle report them at \$10 to \$15 a head less than a week ago. Last Monday the price of many cattle was equal to 12½c to 14c per lb. To-day it is 11c to 12½c. Some salesmen say that they have sold cattle at \$90 to \$95 a head, which were just as good as some sold last week at \$110 to \$115 each. The number of fresh cattle on sale to-day is a little over 4,100. The Hay market is lightly supplied this morning, and prices better than last week. They are selling at \$7 50 to \$7 90 per cwt., live weight. The Sheep market is overstocked and very dull. It will be hard to make any droves average over 7½c per lb., live weight, and it will be quite impossible to sell out all there are in market before more arrive.

London Markets.—Feb. 1, 1864.—Grain—Fall Wheat, per bushel, 95c to \$1 05; Spring Wheat, 75c to \$1c. Barley, per bushel, 75c to 80c. Oats, per bushel, 39c to 40c. Peas, per bushel, 48c to 50c. Corn, per bushel, 50c to 52c. Buckwheat, per bushel, 30c to 35c. Rye, 56c. Dressed Hogs—Very few offering, and prices quiet at \$5 to \$5 25.—Free Press.

Albany Cattle Markets.—Feb. 1.—Beeves.—The market this week is a "blue" one for the sellers. Supply very large, demand light, prices on the decline; 25c per 100 lbs. decline on extra, and on middling and inferior grades 35c to 50c per 100 lbs., live weight. Extra, \$6 15 to \$6 50; first quality, \$7 20 to \$5 60; second quality, \$1 to \$4 50; third quality, \$2 75 to \$3 25. Sheep—Supply double what it was last week, but in fair demand, especially extra fine woolled. Prices remain about the same. Hogs dull. Prices from 6½c to 7½c per lb.

IMPORTANT TO FARMERS.—The Subscribers, with every confidence, recommend to the Farming community generally, **CHESSUP'S PATENT'S PLANTS OF LIME, a Standard Manure**, or all Field Crops, its effect being to mature the crop from two to three weeks earlier, and at the same time greatly to increase the yield.

Lands exhausted by long cultivation are made productive by the use of this Super-Phosphate, and the effect of the Phosphate will be evident in the improved crops for successive years.

It gives Wheat a firmer stalk, so that it is not liable to lodge before ripening; produces a large head and plump berry; and in consequence of its ripening the crops from a fortnight to three weeks earlier than by the use of other manures, they are rarely affected by either rust or mildew. The yield will be increased fully one-third. Rye, Barley or Oats are equally benefitted.

It quickens the growth of Turnips, the oils contained in it protect them from the grub and insects; and the increase of yield is remarkable. The same is true with Carrots, Beets, and other Root Crops.

Circulars, containing directions for its use, and Testimonials will be sent, on application to

IMPORTANT TO AGRICULTURAL SOCIETIES AND FARMERS.—"THE COMET," a three year old Clydesdale Stallion, imported last October, is open to travel during the coming season in any County in Canada West where he is likely to meet with liberal encouragement. He has, besides local prizes, taken *two first* at the Royal Northern Agricultural Society's Exhibition at Aberdeen in 1862 and '63, and was generally admitted to be as fine a colt as Scotland could produce. He may be seen at the residence of Patrick R. Wright, Esq., near Cobourg, and any communications addressed to his owner Robert Copland, care P. R. Wright, Cobourg, C. W.

TO DAIRYMEN.—A Dairy of One Hundred Good Cows, with the right of increase to two hundred, is offered to rent for one or more years. The proprietor will furnish the necessary Buildings, Feed, Pasture, and attendance, and be entitled to the manure and the calves. The tenant to milk the cows, and pay for the milk he gets at a price per gal. or to be agreed on, or the proprietor will provide the Cows and Buildings for a yearly price per cow, to be agreed on, and contract to deliver straw, hay and root, and provide pasture, at fair rates.

No one but a thoroughly experienced and successful Butter or Cheese maker need apply; but with a really competent man, having sufficient means to carry on the business, a favourable arrangement will be made. Apply, by letter post-paid, to Mr. GEORGE BROWN, M. P. P., Toronto.
