THE RUSSELL HOUSE, OTTAWA.

JAS. A. GOVIN, PROPRIETOR.

Is the Favourite Resort of Leading Public men of the Dominion attending the annual Session of Parliament.

Ministers of the Crown, Senators, Members of Parliament, Public Officials, as well as those having business with the various Departments of the Government. It is also the headquarters of those having dealings with the princely Lumber Manufacturers in the Great Pine Valley, of which Ottawa is the acknowledged centre. THE RUSSELL HOUSE being central, almost abutting on the magnificent PARLIAMENT and DEPARTMENTAL BUILDINGS—the pride of the Country—is thus conveniently situated for those visiting the City on public business. But the location is also everything that could be desired alike for the man of business and the man of pleasure. A few minutes walk brings the guest of the Hotel within reach, not only of all the principal business resorts, but also of the most splendid Mountain and Valley Scenery that can be seen anywhere, as also of the two almost unrivalled Waterfalls—the Chaudiere and Rideau—and of the extensive Manufacturing Establishments and Depots of the leading Lumberman. But, besides the beautiful scenery, which, it may be mentioned, includes the magnificent Ottawa and two of its grand tributaries—the Rideau and Gatineau—there are in the immediate neighborhood, beautiful Lakes and apparently never-ending woods, which afford opportunities for the finest Fishing and Shooting that can be obtained on the Continent.

THE RUSSELL HOUSE affords excellent accommodation for 200 guests; its table is abundantly supplied with Viands of the choicest description, in season, and nothing is left undone to make every visitor feel comfortably "at home."

THE GENUINE SILVER-STEEL, Lance Tooth CROSS-OUT SAW!

It stands without a rival, and is the fastest cutting saw in the world. It has beaten the best Canadian and American made saws 33 1/3 per cent in every contest. Its superiority consists of its excellent temper. It is tempered under the secret Chemical Process, which toughens and refines the steel. It gives a finer and keener cutting edge, and will hold it twice as long as any other process. We have the sole right for this process for the Dominion of Canada.

None genuine that are not like the above cut, with registered trade mark with the word "The Lance," and Maple Leaf with our name. Price \$1 per foot.

CAUTION. Beware of Counterfeits. There are inferior counterfeits on the market, which are intended to be sold at a high price upon the reputation of this saw. We will send to any address a saw exactly like any counterfeit, warranted equal in quality or no sale, at 60c. per foot. Therefore do not be humbugged into paying a first class price for a second class saw. A fact to bear in mind is that if the material and temper are not of the very best quality the shape of the teeth amounts nothing. A saw, like a knife, will not cut fast without it will hold a keen, cutting edge. We have cut off a 14 inch sound basswood log in eight seconds with this saw. Manufactured only by
