\*In examining the table it must be borne in mind that it relates only to business done in Canada. This comprises the whole of the business done by the local companies, but only the Canadian business of the British and American Companies. The Etna's total income was \$4,350,397.30 in 1879.

†Of the \$1,295,600 of "Policies become claims" in the case of the ETNA LIFE, \$53,764 was by the maturity of Endowment Policies—i.e., policies payable at death or the end of 10, 15 or 20 years if living. In the other 19 companies, all combined, only a total of \$24,948 of this excellent kind of insurance was paid in 1879.

‡\$24,000 was added by the ETNA LIFE, the past year, to its Government Deposit, making it the largest of any Company, and nearly 4 times that of most Canadian Companies.

§The superior standing of the ETNA LIFE is shown by its total income being \$4,350,397.30, and by its Canada Branch income being nearly equal to the combined premium incomes of the whole 9 British Companies, or that of the 2 lesser American Companies, or that of all the Canadian Companies but one. This one has been 32 years getting \$530,298, while the Etna's \$307,847 has grown from less than \$1000 in the past 14 years.
