

# IT IS NOT A BEER!

## WYETH'S

# LIQUID MALT EXTRACT

will be found to contain all the nutritive virtues of the best Malt Liquors in a much higher degree than any other product with which it has been compared, while containing the least amount of alcohol. It must not be confused with the other so-called Malt Extracts, which literally speaking should be termed "lager beers." WYETH'S MALT EXTRACT is made under strictly scientific principles.

"My mother, who is considerably above eighty years of age, has for thirty years been the victim of mitral disease of the heart accompanied by much breathlessness and distressing headache. When with these latter troubles is added the feebleness of extreme old age, great trouble was found in obtaining anything which would help to sustain the system and contribute to the nourishment of the body without containing too much stimulant, which invariably aggravates the headache. The desired remedy has been found in 'Wyeth's Liquid Malt Extract,' which I prescribed some months ago with very gratifying results, sustaining the system while in no way adding to the headache, which had become a very distressing symptom. I recently ordered a case from you for my mother's use. I have since heard from her and am glad to know that she is experiencing continued benefit from the daily use of 'Wyeth's Liquid Malt Extract.'"
