

FLOUR.—We have little change to notice since our last report. The receipts have been light, particularly of Superfine No. 1, which finds purchasers at \$4 50. Extra and Fancy are dull at \$4 80 @ \$5, and \$4 60 @ \$4 65, respectively. For future delivery there is less enquiry, and it is procurable at \$4 50 for all May.

WHEAT—None on the spot for delivery. Chicago Spring is offered at 90c, and Upper Canada at 97½c, without leading to transactions.

CORN—Nothing doing.

BARLEY—Readily saleable at 60c.

OATS, RYE AND PEAS—Supplies in retail only.

PROVISIONS—Pork is in better request, and we advance our quotations for Mess to \$18 per barrel. The other descriptions are firm.

ASHES continue in good demand at \$7 50 @ \$7 60 for Pots, and \$7 55 @ \$7 65 for Pearls.

FREIGHTS—Nothing doing.
