SUMMER COURSES

AT THE
PROVINCIAL NORMAL SCHOOL,
TRURO, N. S.

During Five Weeks commencing Wednesday, July Tenth, 1907, classes will be conducted in the Natural Sciences and in Language Methods, as follows:-

I.—IN THE NATURAL SCIENCES.

Members of the faculties of the Provincial Normal School and the College of Agriculture will conduct classes in practical chemistry, biology, agriculture and associated studies, nature and school-gardening. The summer term forms part of a fourteen months' course leading to the Rural Science Diploma (displacing the former Agricultural Diploma). Tuition is free to all teachers. No examination tests are required.

Regulations governing the issue of the Rural Science Diploma and an outline of the course of study prescribed are to be found in the *Journal of Education*, April, 1907, page 111.

Teachers attending the summer course may obtain an extra week of vacation without prejudice to the Provincial grant or to the county fund of the school.—See *School Law, Regulation 138*.

II.—IN LANGUAGE METHODS FOR TEACHERS IN ACADIAN SCHOOLS.

A course of instruction in effective methods of teaching English to French children has hitherto been offered annually at the Provincial Normal School during the summer vacation. This year the course will be resumed during the five weeks period, commencing July the 10th. Model classes of French children will be brought to Truro, and a good attendance of Acadian teachers is expected.

Teachers looking forward to attending the language course should obtain the consent of their trustees to re-opening school a week late, as permitted by Regulation 138 of the School Law.

It is desirable that applicants for admission to either the science or the language course should apply as early as possible to the Principal of the Provincial Normal School, Truro, N. S.

The Dominion Atlantic and Intercolonial Railways will grant one-fare rates to students taking any of the summer classes at this school. The intending student should purchase a one-way first-class ticket, at the same time procuring a "standard certificate," which will be endorsed later by the Principal of the Summer School, and will entitle the holder to a free return ticket.

CHEERFUL SURROUNDINGS

Give life and zest to all work in the school room and make little folks like to come to school. This is the time to brighten up your school-rooms. If you want the walls papered, **REMEMBER**—That you can get from us a beautiful paper cheaper than ever before. Send size of school-room, number of windows and doors and their sizes [this is a good exercise in arithmetic for scholars] and we will send cost and samples. Get our figures for

Window Shades.

We can supply excellent ones at reasonable prices.

MAPS

Mounted on spring rollers, and all work of that kind done promptly.

PICTURE FRAMES.
