No. 84

CANADA-HAITI RECIPROCAL AMATEUR RADIO AGREEMENT

Excellency,

I have the honour to propose that an Agreement be concluded between our two Governments concerning the reciprocal granting of authorization to permit licensed amateur radio operators of either country to operate their stations in the other country during their stay there under the following conditions:

1. Any national of one of the two contracting countries duly holding an amateur radio operator's certificate or a valid amateur radio station licence from his country of origin, such permits being issued by the responsible authority of one of the two Governments concerned, may, subject to the conditions listed below, obtain temporary, equivalent permits from the other country on a reciprocal basis.

Further, he may be authorized to operate his amateur radio transmitting station on the territory of the other Government under conditions similar to those appearing on his original licence or permit, on a reciprocal basis.

2. Any person holding an amateur radio licence issued by his Government shall, before he is permitted to operate his station under the conditions laid down in paragraph 1, and after his licence has been checked, obtain free of charge from the responsible authority of the other Government an authorization for that purpose.
