

## Questions

CRTC set a limit on the proportion of broadcast time for non-Canadian programs on Canadian television stations. These Regulations assume that Canadian broadcasters are well able to identify a wholly Canadian program.

When a program contains non-Canadian elements, the Commission assesses the program on the basis of the predominance of Canadian creative and other resources in the various components of the production. The elements of production considered for this purpose include creative control, the performers involved, the production staff and the facilities.

Selective monitoring and study of a sample of programs are conducted to ensure compliance with Regulations.

With respect to AM Radio, the CRTC established the following conditions as requirements for a musical composition to be deemed "by a Canadian": (a) the instrumentation or lyrics were principally performed by a Canadian; (b) the music was composed by a Canadian; (c) the lyrics were written by a Canadian; (d) the live performance was wholly recorded in Canada.

This amendment will come into effect on January 18, 1971.

During the first year, one of the above four conditions must be fulfilled; afterwards, at least two of the conditions must be fulfilled.

## AIR CRASH AT WABUSH, NFLD.

## Question No. 121—Mr. Forrestall:

Has the government, as a result of the air crash at Wabush, Newfoundland on November 11, 1969, received any indication from any party with respect to further legal proceedings?

**Hon. John N. Turner (Minister of Justice):** Yes. Five Petitions of Right have been filed and served on behalf of the families of five of the six passengers.

## CANADA'S ANNUAL CONTRIBUTION TO UNRWA

## Question No. 179—Mr. Macquarrie:

1. Since the establishment of the United Nations Relief and Works Agency (UNRWA), what has been Canada's annual contribution to its operating budget?

2. In each case, what percentage of the total budget did such contribution comprise?

3. What assistance has Canada provided towards relief and rehabilitation of the victims of the Jordanian civil war?

4. What requests have been received?

5. Is it intended to extend further assistance and, if so, in what form and amounts?

6. What Canadian officials have visited the Kingdom of Jordan since the termination of the conflict?

**Hon. Mitchell Sharp (Secretary of State for External Affairs):** 1 and 2. Attached is a table indicating Canada's annual contribution to UNRWA and relating this contribution to (1) UNRWA's annual expenditure and (2) annual government contributions received by UNRWA. In all years except UNRWA fiscal years 1950/51 and 1951/52 expenditure exceeded government contributions. This difference was met by income from investments, non-governmental contributions, miscellaneous income and drawdowns on working capital.

3. Canada has provided a total of \$50,000 in two separate contributions of \$25,000 to the Red Cross for relief operations in Jordan and a supplementary contribution of \$150,000 to UNRWA for 1970 for use by the Agency in meeting the increased demands on its resources resulting from the hostilities in Jordan.

4. Two general appeals for assistance were received from the International Committee of the Red Cross.

5. No further assistance is contemplated at the present time.

6. None.

UNRWA Fiscal year	Total Expenditures	Total Government Contributions	Canadian Contribution	Canadian Contribution as per cent of Expenditures	Canadian Contribution as per cent of Total Contribution
May 1950-June 1951.....	\$33,598,972	\$39,477,281	1,400,313	4.17	3.52
