

March 23, 1933.

Professor J.F. Snell,
Acting Dean, Faculty of Agriculture,
Macdonald College, Que.

Dear Professor Snell,

Thank you for your letter and
the copy of "Science" which you sent me. Do you want
this back or may I keep it for my files?

I asked Mr. Ward to tell you
that I would wait to get Mr. Grenier's letter from you
before I wrote to Quebec about Conklin.

Yours faithfully,

Principal.
