

QUESTIONS.

1. What is the cause of the souring of milk? Why is milk sometimes musty, and sometimes slimy or ropy?
 2. How would you explain the fact that one farmer makes good butter while another makes bad butter?
 3. Explain how bacteria may get into milk. Write out clear directions for obtaining pure milk, supposing that the cows are well fed and healthy.
 4. What effect has sour milk on babies in summer weather? How can this be avoided?
