MANUFACTURERS PLEASED

Reduction in Express Rates Will Mean Larger Saving. J. E. Walsh, transportation expert

and head of the transportation branch of the Canadian Manufacturers' Assoclation, stated yesterday that the manufacturers all over the Dominion were well satisfied with the judgment of the railway board on express rates. Thru Mr. Walsh the association have been fighting since 1907 for reduced express tariff. Mr. Walsh said that scarcely anybody knew anything about express rates and that the companies themselves had no regular basis for making their classification lists. On this account the association and the boards of trade of the principal cities in Canada, who had been instrumental in obtaining ALD. McCAUSLAND

this injunction, found it difficult to procure the proper evidence. "but the people who will receive the greatest benefit is the general public.

The Advantages of the

Grand Trunk Route

To Montreal

It is the only double track route; which contributes to safety and comfort. It runs along the shores of take Ontario and River St. Lawrence, and through the principal towns and cities. It has an unequalled roadbed, isid with 100-ib, rails. It operates Pullman "up-to-date" Sicepius Cara, with their great reputation. It runs handsome vestibule modern coaches. It runs a "dining car and parlor car" service that cannot be surpassed. It has polite and attentive conductors and porters. It is the route of Canada's fastest and best train, "The International Limited." Always in the lead, it deserves your patronage.

A high official of one of the greatest railway systems in the United States, who recently travelled over the G.T.R. from Niagara Palis to Montreal, speaking of the roadbed, said there were very few lines in the United States that could compare and none that could surpass.

A BROKEN-DOWN SYSTEM.

This is "condition (or disease) to which doctors give many names but which few of them really understand. It is mply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (for they are almost number less), its symptoms are much the same; the more prominent being sleeplessness, sense of prost ation or weariness, depression of sprits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is increased vitality—vigour-VITAL STRENGTH & ENERGY
