

METHODIST WORK AMONG INDIANS

Board Makes Recommendations Re Furloughs—Superannuation Fund Established.

Work among Indians in Canada formed the feature topic at the Methodist Mission Board yesterday.

In regard to the subject of furloughs for missionaries amongst the Indians the board decided that the only recommendation it could make in the matter was to urge its missionary workers to take an annual six weeks' holiday at such a time as would least interfere with their work.

The board adopted the principle of a time limit of ten years for Indian missionaries except in special cases.

An annuity of \$200 was granted to Mrs. Dudoard in consideration of her long and efficient services as school teacher and interpreter.

The board considered the subject of female immigration and while approving the efforts of the federal government to safeguard the interests of such immigrants, it requested that provision be made for representatives of the churches upon the council which deals with the matter.

A grant of \$340 each was recommended to the proposed new Japanese missions for the Okanagan, and the proposed new Chinese mission for Saskatchewan, and the proposed new Chinese mission for Toronto.

The Revs. S. S. Osterhout and John Robson, and Messrs. Savage and Harris were reappointed a committee on oriental work.

Calgary—Dr. Ritchie of Cochrane, who was seriously injured Thursday by the overturning of his car, died in a hospital here.

NELSON DAY CAMPAIGN

Kingston, Gananoque, Cobalt Follow Toronto's Example by Tag Day.

Toronto's example in setting aside a tag day in connection with the Nelson Day campaign to raise \$500,000 for the work of the Navy League of Canada is being followed in other wide-awake places throughout the province, among them being Kingston, Gananoque and Cobalt.

R. H. Rogers, the Kingston chairman, reports that the moving picture theatres of the lines, city have agreed to donate one night proceeds to the drive. J. C. Eccles, the Cayuga chairman, states that the meeting addressed by Major the Rev. T. Crawford Brown worked up enthusiasm to such a degree that the district will readily raise its quota. C. P. Mulrhead, the Bowmanville chairman, assures headquarters that the drive will meet with success there. John McQuaker sent a similarly optimistic report from Owen Sound.

"That is the kind of encouragement coming in from all over the province," remarked A. M. Holberton, at headquarters. "Folks here are busy in election activities, are helping us too. They realize the valuable national character of the work of the Navy League and appreciate the necessity of funds to carry it on. Ontario is famous for its public spirit, and with the great help coming from Toronto can be depended upon to raise the \$225,000, which is its share of the required half million."

There have been two deaths, one a pupil at Morse and the other at Ryerson, but there are few other clinical cases. Many of the kindergarten children at Morse School have been sent home as carriers. Cases have also occurred in the Leslie Street School and at St. Joseph's, where the outbreak is but slight.

Victory Loan Money to Care for Tubercular Patients From Army.

About four thousand tubercular patients from Canada's wonderful half-million fighting men have been treated thru the work of the department of soldiers' civil re-establishment. The actual number of cases up to August 31 this year was 3,000 and of that number 2,332 were restored to gainful work. Truly it is a most encouraging showing.

This work must be kept up as long as there are returned soldiers in need of it. The expense must not be considered for a moment. The nation owes everything to such men and the debt must be met as far as practicable thru the medium of the Victory Loan, 1919.

As there are so many other urgent calls upon the proceeds from the new loan it is imperative that each citizen must invest every dollar he or she can raise in Victory Bonds. The money is urgently required to keep the country prosperous and enable the bondholder to acquire more money. As an attractive business proposition it has no superior, for every man, woman and child in Dominion stands to benefit by it. At the same time the bonds bear a generous rate of interest and should the holder be compelled to raise upon them at any time they will be readily negotiable.
