rumored prohibitory bill, subject to a referendum. He replied:
"I think the Provincial government, should make plans to bring effective prohibition into operation in Ontario as speedily as possible."

Mr. Spence answered: "I have not seen

Mr. Spence answered: "I have not seen the article, and know of no announcement of such an intention by the government. I should be very much surprised to learn that any announcement had been made. I do not consider the announcement is properly hefore the temperance people for consideration."

Mr. Spence was asked what action the Alliance was taking. He replied: "Arrangements are being made for a representative deputation to wait upon the government before long, to ask the government to do what it promised."
