THE LOCAL MARKET

The local market was small today, only a few apples being offered: Live hogs were a little easier, selling at \$17.35 a cwt. Fat sows dropped 15c a cwt. Hay and grain are firm, and potatoes are slow. There are now three hog shippers in this city, another being added this week.

The local market was small today, followed by greater apathy. Gains were well sustained in the main, the early rally making further progress in steels, equipments, shippings and coppers, as well as tobaccos and rubber issues. Ralls were firm, Southern Rallway features, turing the moderate demand in that quarter. In the bonds market foreign issues were the noteworthy features, French Government 5½ s gaining 1 per cent, with concurrent strength in French municipals.

This condition was overcome before the end of the first half hour, however, when United States Steel, coppers and active specialties rose substantially.
