DUNDEE KIND TO CHURCHILL

Scotch City Gives Him Good Majority — Labor Man Makes a Poor Showing.

DUNDEE, Scotland, May 10.—After a short sharp contest, Dundee on Saturday proved steadfast to the Liberal faith, which it has held unshaken for a quarter of a century, returning Winston Churchill, president of the board of trade, to the house of commons at the head of the poll.

Altho the Unionists did not expect to oust Mr. Churchill from that generally regarded safe seat, their most sanguine prediction being that Sir George Baxter, their candidate, had a good sporting chance, still they had a good margin of rising from fourth to second place in the poll as compared with 1906, and of reducing the Liberal majority from 541 to 270.

The vote to-day stood:
Winston Spencer Churchill (Liberal) 4079
Sir George Baxter (Unionist) 1370
Stuart (Labourite) 4014
Smyth (Prohibitionist) 555

Dundee is one of the chief sufferers from prevailing trade, and the Tariff Reformers and Labourites are the most of it. The former paraded placards declaring that the rate workers had lost their employment through the American tariff, and the latter, and on which the Tariff Reformers were not slow to take advantage of. The advocates of protection and the Tories made capital out of the ship-building dispute, in connection with which there are 1400 unemployed in Dundee.

The fact that Mr. Churchill was not so successful as his predecessor in the board of trade in effecting a settlement of the greatest industrial crisis was regarded as most hopeful by the Labourites for their cause.

Mr. Churchill also suffered much from the suffragettes, who had frequently broken up open air meetings by the changing of railway and dinner bills, and gaudied him on Friday evening to appeal to an assembly of workmen not to tolerate the rowdiness of roughs, but to meet the budget announcement of the remission of the duty on sugar undoubtedly was in Mr. Churchill's favor.

A surprising feature of the result is the small poll of the Liberal Unionists. The best local judges considered that the real fight was between Mr. Churchill and the Labor candidate with the Unionist strength about what the figures show. Mr. Churchill's vote is smaller than any Liberal candidate has received in this constituency for twenty years.

The total vote at the last election was much larger than this time. It was divided as follows:
Right Hon. E. Robertson, Liberal 2778
A. Wilkie, Labor 1833
H. Robertson, Liberal Unionist 8122
A. D. Smith, Unionist 3183

Never before has Dundee experienced such political excitement. Practically the whole of the population paraded the streets all day long. Every man displayed his personal armament, and almost good humor prevailed. The police kept the most vigilant observation on the movements of the suffragettes.

Entertainments were provided in a public hall while the crowd was awaiting the announcement of the result of the poll, which was unexpectedly prolonged. The figures were not announced until midnight. When the result was made known it was quietly received.

Fire broke out late on the Dundee docks. The fire engines were unable to get thru the dense election crowds, which greatly hampered the firemen in their work.

QUICK SERVICE THIS.

The result of the Dundee election was received by The World shortly after 7.30 Saturday night. It was filed for publication in this issue at 12.20 Sunday morning, and (allowing five hours' difference in time) was received by the C.P.R. Telegraph Company here at 7.30, or 10 minutes later. The message traveled via Ireland, across the sea to Canada, then to Montreal and on to Toronto.

The despatch was sent by the Canadian Associated Press correspondent, to beat out the service via New York by more than one hour.

WILL STAY AT CITADEL.

Prince of Wales to be a Guest Along With Earl Grey.

LONDON, May 10.—It has now been decided that the Prince of Wales and his entourage will not remain on board ship in the St. Lawrence during their visit to Quebec, but will stay at the Citadel, the residence of the governor-general, where Earl Grey and his staff will also reside.

Nothing has yet been definitely settled regarding the ship in which the prince will cross the Atlantic, but it seems to be regarded as probable that he will be conveyed to Quebec either by the new cruiser Minotaur or by the still newer and larger cruiser Indomitable.

A DOMINION IN SOUTH AFRICA

(C. A. P. Cable.)

LONDON, May 10.—At Pretoria the customs conference resolved that the best interests and the permanent prosperity of South Africa can only be secured by early union under the British Crown, to which Rhodesia should be admitted, and at such time as is desirable a resolution should be submitted to the various legislatures and necessary steps taken for the appointment of delegates to a national South African convention, which should meet as soon as convenient after the next session of all the parliaments.

On Saturday evening by Police man Farrell and County Constable Coughlin of Arthur, about ten miles from this town, on the farm of Mr. Charles Robb, a leading agriculturist of Nicol Township.

In an interview with the prisoner today your reporter found him intelligent and did not appear to conceal anything. He fully admitted his guilt, but claimed that at the time of the tragedy he was under the influence of liquor and knew nothing of the affair until he heard the newsboys announcing the tragedy on coming out of the stable with Robb, where he had remained over Sunday night.

"DIDN'T KNOW" MOIR ASSERTS

Unaware He Had Killed a Man Until Newsboys Told Him.

ARTHUR, Ont., May 10.—(Special.)—Moir, the London murderer, was arrested on Saturday evening by Police man Farrell and County Constable Coughlin of Arthur, about ten miles from this town, on the farm of Mr. Charles Robb, a leading agriculturist of Nicol Township.

In an interview with the prisoner today your reporter found him intelligent and did not appear to conceal anything. He fully admitted his guilt, but claimed that at the time of the tragedy he was under the influence of liquor and knew nothing of the affair until he heard the newsboys announcing the tragedy on coming out of the stable with Robb, where he had remained over Sunday night.

He then proceeded across the country landing in Arthur on April 21, the day of the horse show and four days after the shooting, remaining there two hours. Learning that Mr. Robb was in the stable with Robb, where he had remained over Sunday night.

Mr. Robb was in town to-day and spoke in the highest terms of the prisoner's conduct while on the farm.

Officer Farrell received the tip from W. E. Strapp, stage-driver between Arthur and Ferguson, and he at once proceeded to the farm and found Moir in the stable with Robb.

The police passed themselves off as horse-buyers and took the prisoner out for a surprise, each taking an arm at the same time. It was only after a desperate struggle, however, that he was overpowered and handcuffed. On his person was carried a .32 calibre revolver attached to a concealed belt.

The London authorities have been notified, and Chief Williams will arrive tomorrow.

The arrest, while very important, reflects great credit on the officers who made it. They will be entitled to the \$500 government reward.

LAD SHOOTS HIS FATHER FOR CRUELTY TO MOTHER

Tired of Seeing His Cruelty, Spent His Savings to Buy Revolver to Protect Her.

NIAGARA FALLS, N.Y., May 10.—Norman White, a lad of 15 years, had seen his mother abused by his drunken father ever since he could remember.

Yesterday he spent his savings for a revolver. When the elder White returned this morning and began abusing his wife, Norman slipped upstairs to his bedroom and got the firearm. When he returned to the kitchen where his mother and father were quarrelling, Norman told his father he would kill him if he did not let his mother alone.

"Shoot me if you dare," the man challenged, as he threatened to strike his wife.

The lad emptied the five chambers of the revolver. Four went wide and the last penetrated the man's right lung. He will not live many hours.

"Come on, mother, don't stay where he is," the boy said, turning to his mother. When he was arrested a few hours later he had his revolver re-loaded, but gave it up readily and did not resist.

Mrs. White told the police she had intended to shoot White the next time he attacked her, if her son had not done so.

KILLED IN ACTION.

Major Logan, Formerly of R.M.C., Falls in Egypt Press Cable.

LONDON, May 10.—There is vehement opposition to the proposed unification policy manifested in Natal.

A Cairo despatch says that Major H. S. Logan was wounded in action at Katya, died Saturday. He was at one time on the teaching staff of the Royal Military College, Kingston, Canada.

STRIKERS ARE FED BY TOWN

Collections in Owen Sound Churches for Them — Boats Tied Up.

OWEN SOUND, May 10.—(Special.)—Sunday is usually a busy day in the C.P.R. thru the freight sheds unloading the steamer due to arrive at 3 o'clock, but to-day not a trucker's wheel turned, notwithstanding the fact that two of the company's big steamers are tied up at the docks with heavy cargoes of mill stuff.

Last night when the Northern Navigation steamer Germania arrived at her wharf she threw overboard her lines at the C.P.R. local sheds. The strikers were out in force, and the steamer was compelled to haul in her planks and go to the Navigation Company's warehouse without handling a pound of C.P.R. local boat freight. The loading at the Grand Trunk wharf is not interfered with as the company is paying 17 cents an hour to its truckers and 20 cents to the men who stow the freight in the holds.

The offer of a settlement made to the men by the company yesterday afternoon was repeated by Chief of Police McAuley directly to the strikers in the town hall to-day. The offer was not accepted by them as they had any thought of capitulating.

The Salvation Army has made a strenuous effort to meet the conditions caused by the dumping of over three hundred men on the community without the means of sustenance. Collections were taken in the churches to-night to aid the army in supplying dinner to the men, and generous responses were made.

To-day the men have been subsisting on four slices of bread with cheese and what means they could secure from the citizens.

The feeling is growing that in offering the men twenty-four cents an hour for white twenty-four cents an hour is paid to foreigners for doing the same work at Port William the day after tomorrow they are being discriminated against.

It is probable that a message will be sent to the strikers to-day in common on the situation to-morrow.

NEWSBOYS' STRIKE OVER.

Amicable Agreement Reached in Regard to The Sunday World.

The members of the Toronto Newsboys' Union at a meeting in the Lamberly Temple yesterday afternoon unambiguously accepted the agreement entered into between their officers and the Toronto Sunday World. The boys were enthusiastic in their appreciation of the effort of the members of District Trades Council who assisted them in arriving at a satisfactory adjustment of their differences with The Sunday World and in the formation of the new union.

The boys have decided that in future no non-union publications will be sold by any of their members and it is expected that every newspaper will immediately join the union and take out a button.

The World intends to assist the boys in their efforts to better themselves and hopes soon to be able to interest the public in several proposals on their behalf.

30 STOWAWAYS ABOARD.

Mauretania Brought Seven Over-Struck a Derelict.

NEW YORK, May 10.—The ambition of the Cunarder Mauretania to break her own record on last week's trip west was frustrated by a part of a submerged derelict that she ran aground off Queenstown. She had attained a speed of more than 25 knots when she struck the rock, smashing her outside propeller.

Twenty-three stowaways were discovered on the ship just after an engine room fire. They were landed at Queenstown. Seven more, who were not found, came all the way across and were transferred immediately after the Mauretania docked at the Campana, which started back with them a few hours later.

WANT WEATHER REPORTS.

British Merchants Anxious to Keep Track of Canada's Atmosphere.

OTTAWA, May 10.—(Special.)—W. A. McKinnon, Canadian trade commissioner at Bristol, has forwarded to the department of trade and commerce a suggestion from the Provision Trade Association of England that the Canadian government be induced to supply business men of Great Britain with regular weather reports during the spring, summer and autumn seasons.

It is pointed out that periodic reports from various Canadian provinces would aid British business men to form their own opinions as to the effect of the weather on the crops, fruit and dairy and hog produce of the Dominion.

TRIO WITH REVOLVERS RAID GRAND TRUNK DEPOT.

Night Operator at St. Lambert's is Held Up and the Safe is Robbed.

MONTREAL, May 10.—(Special.)—Three highwaymen, who evidently meant business, entered the Grand Trunk station at St. Lambert's, just across the river from Montreal, about 2 o'clock this morning, and while one of them held up the night operator at the point of a revolver, his two comrades searched the safe.

Fortunately the latter part of the company's money had been removed on Saturday, so that the bandits only secured in the neighborhood of \$20.

The police were notified and a diligence search made, but without success. The three men making good their escape.

BUCKSHOT THRU WINDOW BREAKS UP CARD PARTY.

Two of the Players Are Killed and Others Escape From Charges.

WATERTOWN, N.Y., May 10.—The crash of a charge of buckshot thru a window on a party of card-players sent Jerry Apple wailing in his blood to the floor of his little cabin on Apple's Island, in Black Lake, north of this city, last night.

As Apple fell, a son-in-law, Albert Crowder, jumped to his feet and fled from the cabin. The report of the shot-guns re-echoed thru the woods and Crowder fell dead in his tracks.

Mrs. Royal Dunning, Apple's daughter, and another of the card-players, went in another direction and escaped in spite of several charges aimed in their direction. She brought the news of the double tragedy to this city after a night of terror and flight thru the woods. On her complaint, her husband, Royal Dunning, has been arrested, charged with the murder.

Dunning and his wife quarreled yesterday, and she went to her father's cabin. Late last night Dunning appeared at the cabin and sought to effect a reconciliation. When he failed he left the cabin, and the others engaged in a game of cards.

Apple, the father-in-law, was sitting nearest the window, when the charge of shot shattered the glass. His death was instantaneous. Dunning stoutly maintains his innocence.

LEAPS INTO RIVER.

Passenger on Windsor Ferry Boat Commits Suicide.

WINDSOR, May 10.—(Special.)—Passengers on the ferry Victoria last night were startled to see an unknown man leap overboard.

The captain of the steamer stopped the boat to effect a rescue, but the stranger had disappeared beneath the water.

AMEER IS APOLOGETIC TRIBES HARD TO RULE

Will Try to Prevent Further Trouble — Gen. Willcocks Again on Warpath.

SIMLA, India, May 10.—After a long delay the Ameer of Afghanistan has replied to the Indian government's remonstrance against the invasion of British territory by the Afghans.

The Ameer explains the difficulties of controlling the frontier tribes and states that he has issued stringent orders recalling those who have crossed the border and instructed the officials to prevent further incursions.

Advice from Peshawar yesterday stated that while the Mohmand tribesmen were still giving the British authorities considerable trouble, the most of the Afghans had withdrawn.

Major-General Sir James Willcocks, with two brigades of British and Indian forces, has been ordered to proceed with punitive measures, and to take the field at once against the Mohmands.

ARMED POSSE ROUND UP FOUR ALLEGED "BAD" MEN.

Farmers Place Cordon Around Village to Prevent Escape Until Arrest.

WINDSOR, May 10.—(Special.)—Thrilling capture of four men who are believed to have been connected with recent robberies in Kent and Essex County was made at Stony Point on an early hour this morning.

They were first noticed at Comber last night, having aroused suspicion by trying to dispose of some cutlery. Provincial detectives here were notified and left for Comber, but before their arrival the quartet had fled.

An armed posse of farmers followed them in pursuit, and the men were located in Stony Point. Pickets fully armed, were stationed around the village, forming a cordon thru which it was impossible for them to escape.

Before daybreak the quartet crawled out of a box car and at once a hue and cry was raised.

Detectives Campeau and Mahoney, riding a hand car, and each armed with a shot gun, started in pursuit down the railway track.

They succeeded in taking all four men into custody, and brought them to this city. They gave their names as John Wilson, 24; R. Little, 25; Ryan, 23; R. Ryan, 38, and their homes at Detroit, and said they were trying to work their way to Buffalo.

CHURCH PARADE BIGGEST ON RECORD

3100 Men of Toronto Garrison Make Brilliant Display Before Large Crowds.

May's maymost tenderness greeted the citizen and garrison soldiery of Toronto yesterday on the occasion of their record church parade of 3125 of all ranks. This is 400 over the highest previous record of last fall when the Boston artillery company swelled the total. The weather was simply perfect for the march, and the fresh touch of spring in Queen's-avenue and Queen's Park made a charming setting for the masses of moving uniforms.

The populace turned out in crowds and the spectacle of the troops was evidently very popular. Dick and Victor, Jack and Jesse, Bob and Will and Tom were hailed from the pavement as they paced along, and veterans stood and swelled with recollection of the parades of the past in which they had figured. The route was up the avenue from the armories, thru Queen's Park to St. Alban-street to Yonge-street to Shuter-street and the Massey Hall.

General Cotton was at the head of the general staff and other officers on the general and divisional staffs were: Sir Henry Pellatt (his first command), Col. Septimus Denison, Col. Galloway, Col. Hall, Col. Timson, Surgeon-Col. Ryerson, Col. Langton, Col. Bruce, Major Carpenter and Major Lang. Col. Marching Was Good.

It was remarked that the men in spite of the presence of many recent recruits, marched with great steadiness, and the music was new and the grey plumed helmets of the Bodyguards looked very well as they marched. The band of the Mississauga Horse looked excellent in their new uniforms with the brown wideawakes. Solid and strong as usual the Queen's Own band, carrying with the lead of 895 in line; the Grenadiers with 676 followed, and the Highlanders never looked better with 716 glorious uniforms.

Massey Hall was almost entirely occupied by the troops and very few of the public were admitted. The bands filled the platform, the 10th R. G. band under Bandmaster John Walton, furnishing the musical portion of the service. Shortly before four the soldier boys marched in and pervaded every part of the building right up into the top gallery. The sun shone thru the west windows and the walls glistened with the rays reflected from swords and shining scabbards. A stately transcription of "Abide With Me" by the band opened the service, which was conducted by Canon Cayley, Chaplain of the Queen's Own. Canon Baldwin read the lesson and preached. Part of the special prayer for soldiers was of impressive import.

"Enable us at all times to do what is right, and so to conduct ourselves, that we may bring no disgrace upon the uniform which we wear, nor upon the flag under which we serve. Make us faithful, brave and true to our duty, and especially to Thee our God, as soldiers of Christ, and as defenders of the King. Keep us steadfast in love, with courage and love, and may we never be ashamed to confess Thee before men, as good soldiers and servants of Thee."

The Sermon.

Three hymns were sung and the national anthem. Canon Baldwin chose for his text the words: "They supposed" taken from the passage in the Gospels where it is related that the Jews Acts where it is related that the Jews supposed Paul had defiled the temple. Most of men's quarrels were about matters of supposition and the preacher advised that time be taken
