

## A REMARKABLE CASE.

Doctors Could Not Agree as to the Trouble.

A New Brunswick Lady the Victim—Suffered for Thirty Years—The Attack Caused Partial Blindness and a Feeling of General Paralysis.

From The Woodstock, N.S. Sentinel.  
Mrs. E. P. Ross, of Bailey Brook, N.B., says: "I have been a sufferer for thirty years, and I am sure I would still be in the same lamentable condition had it not been for Dr. Williams' Pink Pills. I was married at the age of twenty, and enjoyed good health until after my first child was born. About a month after the illness attacked me, which has since made my life miserable. I consulted different doctors, but they did not agree as to the nature of my trouble. One said it was a species of paralysis, others said it was a form of insanity, and everything before me was a puzzle. Then my hand and arm on one side would become numb, and after about ten minutes this sensation would pass to my lower limbs, then my tongue would become affected, and would not hear. Voices, no matter how close to me, would seem dim and far away. These symptoms would last for about forty minutes, I would have a violent pain over the eyes, which would continue for twelve hours or more. Notwithstanding all that was done for me, these spells were coming more frequently, and at last last week I was attacked. I was in a great deal of trouble, and I was told that I could not see or hear, or do any work that required close attention to it. All this trouble had never left me for years, and at the age of 48 I consulted another doctor. The medicine he gave me, however, made me worse instead of better. Then I was advised to try Dr. Williams' Pink Pills. I was using the third box before I found any benefit, but then there was a decided change. By the time I used twelve boxes I felt as well as I did in my young days. Every symptom of the trouble had disappeared. For eighteen months I did not use the pills and was as well as ever. I felt as if I were a new woman. One morning I felt a slight attack of the old trouble, and determined to try Dr. Williams' Pink Pills again. I got a box and took an occasional pill and have never since had a symptom of the trouble. To say that Dr. Williams' Pink Pills have done wonders for me is putting it mildly, and I strongly urge upon all who may be ill. Pink Pills were also of great benefit to a niece of mine, Miss Edie J. Everett, who died when she was quite young, and naturally much of the care of the household devolved upon her, and she grew up she became weak, easily tired, subject to headaches, and her complexion was pale and wan. Like a young lady teacher who was boarding with the family, and who had used Pink Pills with great success, tried her to try them. The result was that she soon was enjoying the best of health and is now a fine, robust young lady who shows no traces of her former illness."

## THE HUMANE SOCIETY.

Various Suggestions for Further Prevention of Cruelty to Animals.

The Toronto Humane Society held its monthly meeting yesterday. At the annual meeting some time ago it was decided to change the regular day from Thursday to Friday, and in consequence increased number of gentlemen were present.

Mr. W. R. Brock occupied the chair, and the Humane Officer reported 10 prosecutions and 9 convictions in cases of cruelty to animals. Several cases were discussed, with conviction was that of the poisoning of a valuable dog through carelessness of a gardener in leaving Paris green about.

The practice indulged in by some boys of shooting song birds with air guns was severely condemned, and one boy was fined \$5 for every carrying one of these weapons, for such is against the law.

Letters were read showing that the Bands of Mercy are progressing favorably among the school children. Masters Norman Bertram and Walter Johnston were presented with the books awarded them several weeks ago for the gallant rescue of a cat from the top of a telegraph pole.

It was decided to ask the city authorities for permission to have an expert chemist present at the lethal chamber on the occasion of the destroying of animals, to see that the death is scientifically arranged and no unnecessary cruelty practised.

Letters were read from Mr. S. M. Wetmore, secretary of the St. John, N.B., society, and from Mr. J. G. Short, president of the Illinois society, Chicago, commending highly the humane work of the Toronto branch.

The society will write to the game warden, requesting that he look into the practice of hunting rabbits by means of ferrets, with a view to its being checked.

Dr. Shorobotham Dead.

The death is announced of Dr. Henry Shorobotham of this city, who died at a brief illness. Deceased was the son of the late Thomas Shorobotham of London, Ont., and was in his 60th year of his age. Dr. Shorobotham received his early education at the Lexington Academy, and Mr. Bailey's Grammar School, London, and was a graduate of McGill College, Montreal. After practicing for a number of years in Sarnia and Port Huron he retired to Toronto, where he had lived for a number of years.

Six Months for Watch Stealing.

Hansel Spraggon was sent to the Central Prison for four months yesterday for stealing Charles Stevens' watch.

## DEFICIENT FIRE PROTECTION.

Grand Jury's Comments on the Mercers, House of Providence and the County Asylum.

The grand jury yesterday made its usual presentation at the Sessions. The foreman, Mr. Andrew Parks, read the document.

The visit of the grand jury to the jail disclosed a satisfactory state of affairs. The separation of young offenders from hardened criminals was commended. At the Mercers the appliances for fire protection were found deficient. At the House of Providence a like state of affairs existed. There being no fire alarm boxes in the Asylum for the insane, the grand jury recommended that two city alarm boxes be immediately placed there. In every other particular the appliances at the asylum were in good condition.

His Honor Judge McDougall thanked the grand jurors for the careful performance of their duties and assured them that their recommendations would be forwarded to the proper authorities. He agreed with them that the appliances for fire protection should be as near perfect as possible, especially in view of the recent large fires in Toronto.

The jury were then dismissed, and they received their pay.

This completes the work of the Sessions, with the exception of the sentences of those convicted, which will be passed this morning.

Both the Actions Dismissed.

At the Sessions yesterday before Judge McDougall the case of O'Donnell against Guinness Bros., which has occupied several days, was completed. The plaintiff claimed \$173.64 due on an account and the defendants put in a counter-claim of \$150. The judge dismissed both actions.

Allen's Numerous Wives.

Painter's Sudden Death at Detroit Causes Three Women to Declare He Was Their Husband.

George Allen, a Toronto painter, who was killed by a fall from a scaffold in Detroit last Friday, leaves more wives than the average man. One Toronto wife and two Detroit wives compared notes at the undertakers, and in addition, three more there said that Allen had a Toledo wife, and another wife living in Detroit. The police have located the last one, as the widow of John Corby, who was killed by a railway train exactly two years before Allen was killed. The Toronto widow is a domestic at the Schiller House.

Railway Notes.

Grand Trunk's New Time Table—C.P.R.'s New Route From Toronto to Buffalo.

During the races at Hamilton the G.T.R. will run a special train, leaving Toronto at 1:30 o'clock and reaching Hamilton at 2:40. The return train will leave Hamilton at the last moment. I was a new time table will be issued by the Grand Trunk to accommodate box cars on Sunday morning train in expectation of the C.P.R. which will begin to run through to Buffalo on it and it is believed that a change over the system will not go into effect until the latter part of the year. A more extensive train service will be put on between Toronto, Hamilton and Buffalo. For the present the 7:35 a.m. train to Hamilton will leave at 7:55 a.m. and there at 9 a.m. The 7:45 a.m. train will leave at 7:50, making a quick through run to Hamilton, reaching there at 8:45 a.m.

The first train over the C.P.R.'s new route from Toronto to Buffalo on Sunday morning train in expectation of the C.P.R. which will begin to run through to Buffalo on it and it is believed that a change over the system will not go into effect until the latter part of the year.

Ontario's Greatest Scourge.

Consumption is More Fatal Than All Other Diseases Put Together.

The monthly report of the Provincial Board of Health indicates that the total deaths from this disease in the province in 1911. There were 106 deaths from this disease in the cities, 25 being from tuberculosis, 24 from diphtheria, 14 from scarletina, 2 from typhoid and 1 from measles.

In the towns the total is 34, tuberculosis causing 10, typhoid 4, scarletina 1, measles 3, diphtheria 6 and scarletina 5.

In the townships, out of 71 deaths, 45 were from tuberculosis, 14 from diphtheria, 4 from whooping cough, 3 from typhoid, 2 from measles and 3 from scarletina.

Amended Voters' Lists Act.

The attention of clerks of municipalities is directed to the following amendment made to the Voters' Lists Act during the recent session of the Ontario Legislature. It is to be found in the omnibus law bill amending the statutes and is chapter 14, section 36; section 3 of the Ontario Voters' Lists Act, 1880, is amended by inserting therein the following subsection:

9a. In townships, towns and villages the clerk shall also, upon the request of each person, state such person's occupation by inserting the same in a column for that purpose.

Lake and Mail Freight Tariffs.

A meeting was held yesterday of representatives of the C.P.R. and G.T.R. and the boat line traffic to Lake Superior points, with the object of making an effort to arrange differentials existing between the three existing joint lake and rail freight tariffs. No arrangement was arrived at, and it was decided to refer the matter to the head offices of the railways.

Mr. John Earle, secretary of the Freight Agents' Association, has been instructed to charge merchants a demurrage who hold freight cars over a stipulated length of time.

The Recent Fire.

The representatives of local insurance companies interested in the John Eaton fire were heard yesterday at the underwriters' offices. Several of the American companies have agreed to leave the adjustment to the Toronto men, but as all of the companies have not been heard from nothing definite was arrived at.

The loss sustained by H. F. Rickard & Co., 15 Front-street east, at their recent fire has been adjusted at \$42,000 on stock and \$1800 to the building.

Death of a Lake Captain.

Capt. Alexander Peters died at his residence, 237 Davenport-road, Thursday night, at the age of 57 years. Deceased was one of the best known sailors in Canada, having sailed the Great Lakes for a number of years. At different times he had charge of vessels, the last two being the schooner Clara Youell and the propeller Scotia. He was born in Arbroath, Scotland, and while in the service of the Upper Lakes his family resided at Windsor.

In the Surrender.

The will of John B. Dalziel of Vaughan Township, who died May 10, has been filed for probate. The estate, which falls chiefly to the children and grand-children, amounts to \$10,384 and is chiefly in mortgages, cash and bank debts.

## GRENADIER AND BUTCHER

A Military Bandsman of 50 Years' Standing and a Young Butcher Experience the Marvellous Curative Powers of Dodd's Kidney Pills.

## A NEWSPAPER INVESTIGATION.

In the Case of Mr. Henry Pye Diabetes Had Brought on Paralysis—Two Doctors Said Wm. Wade Was Dying of Bright's Disease.

## Dodd's Kidney Pills Cured Them.

Each of them tells an interesting story to a newspaper Reporter—Mr. Pye played in the Marine Band at the Duke of Wellington's funeral in the Royal Grenadiers' Band for 20 years—He had given up hope when Dodd's Kidney Pills cured Him—Wm. Wade, after being sick for years with Bright's Disease and his life despaired of, tests the power of Dodd's Kidney Pills and is now in good health.

From Mail and Empire.

The reputation which Dodd's Kidney Pills enjoy to-day must have been built upon a broken foundation of mere curative qualities. To verify this view a Mail and Empire representative yesterday investigated two wonderful cures that have been made through the use of Dodd's Kidney Pills.

The first man interviewed was Mr. Henry Pye, 115 Pape-avenue. He is a genial, happy, prosperous-looking man of sixty-five years, and was very pleased to see anyone who wished to talk about Dodd's Kidney Pills. "Why shouldn't I talk about Dodd's Kidney Pills?" asked Mr. Pye. "In the first place they saved my life—no doubt about that—and in the second place, if it hadn't been for them, I couldn't have kept my situation. A neighbor of mine, Mrs. Farrent, then, a great Methodist, was cured by them and she calls them God's Kidney Pills."

"But you want to hear my story. I'm a bandsman, you know. By trade I'm a shoemaker, but six years ago I laid away my last, and since then have given up all my time to music. I've been a member of the Royal Grenadiers band for twenty years. It's just fifty years ago last month since I joined the Marine Band in England. I played at the Duke of Wellington's funeral in 1882. For thirty-five years I have lived in Toronto."

"In the winter I play at the rink. Two years ago the first night was very cold, and I got chilled through. That was the beginning of my sickness. Last summer, when the Grenadiers went to Berlin, I could hardly get through the day. The next morning I got up feeling pretty well. But after breakfast I was taken with frightful pains in my back. I had to send for a doctor. He gave me morphine, and pronounced it a very bad case of diabetes. In a week I lost forty pounds of flesh. I would drink so much water that I would go out and vomit it. But I would come in with just as great a thirst as ever. I must have drank gallons of it a day. But could you still get round all right?"

"Well, no. My right leg began to be paralyzed, and at times my foot would swing about as if I had no control of it. I was living on Grand-street then, but as I couldn't walk I thought I might as well ride a bit farther, and came out here to get the country air."

"I have been accustomed to play in the band at the Exhibition, and last year, as the Exhibition time drew near, I was anxious to stick it out for that engagement, thinking it would be my last. I was beginning to feel the paralysis in my fingers, so that I could scarcely work the keys. My friends, too, thought it was all up with me."

"During the Exhibition I stayed with my daughter, who lives in Parkdale. I was getting worse every day. My son-in-law said he had heard of several women in Parkdale who had been cured of kidney disease by using Dodd's Kidney Pills. So he got a box for me, and I began to feel better. I took that box and ten others. By that time I felt so well that I stopped taking them, except occasionally. My health is now first-rate, but I still take the pills, off and on."

"Last winter I walked ten miles. Last summer I could no more have done that than fly. Really, I feel myself getting stronger every day. I can run up the four flights of stairs to the band practice room easier than I could crawl up them last summer. I'm just about my healthy weight and fit as a fiddle."

"I tell you Dodd's Kidney Pills are all right. I've started a dozen people taking them since I was cured. My daughter, Cornelia May 28—(Special)—A grand patriotic demonstration in honor of the Diamond Jubilee of Her Most Gracious Majesty Queen Victoria will be held at Corvallis on Tuesday, June 22. This will be one of the greatest gatherings in the history of the old western district. The program will include a royal salute, chiming of bells, Jubilee procession, which will be headed by the eastern district of Ontario have been invited to take part; school children's parade, with singing of national songs; patriotic addresses by prominent speakers, athletic sports, bicycle races, Highland music, national dances. There will be a magnificent display of fireworks in the evening on the south bank of the canal, at the foot of Pitt-street, to close the day. The means of the town have subscribed handsomely towards the fund for the celebration, and a liberal grant has been made by the Town Council in order that it may make an event worthy of the occasion. The procession and addresses will take place up town during the morning, and there will be no charge for admission to the St. Lawrence Park in the afternoon."

A Toronto Belle.

Mr. Neil McLenn, manager of the Montreal Bank, has in his possession an interesting relic in the form of a printed circular issued on Dec. 16, 1841, by George Monro, Mayor of Toronto, announcing the birth of the Prince of Wales. Mayor Monro was notified by the chief secretary of His Excellency the Administrator of the Government, that a month and seven days elapsed after the birth before the citizens of Toronto were notified of it. Mr. McLenn is having the document framed.
