ATTEMPTS TO EXCUSE ARMENIAN BUTCHERIES

Halil Bey Accuses People of Rising in Revolt Against Turkey.

New York, Oct. 27.—The Vienna correspondent of the Associated Press cables tonight an interview with Halil Bey, the Turkish Foreign Minister, on the Armenian butcheries. This person asserts that the Armenians, who have been massacred many times before, had separatist ideals, and that the Turkish Government, after warning them, detected a plan to revolt, and so had them deported. The story of Halil Bey does not accord with the sworn evidence collected by allied commissions on the treatment accorded the Armenians.

GRAND MASTER AT ZETA MASONIC LODGE.

There was certainly a record attendance of the brethren of Zeta Masonic Lodge, No. 440, at the regular meetling last evening when the members, assisted by many visiting brethren, tendered a reception to M. W. Bro. S. A. Luke, graud master; R. W. Bro. James G. Cane, grand junior warden, and the three district deputies grand master of the Toronto districts, J. W. Lawrence, H. C. Tugwell, and J. A. Rowland were also present, together with the ruling masters of many other lodges. W. Bros. Joseph Pease, W. master, presided.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, tho, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

York County and Suburbs

WEST TORONTO

FOODSTUFF SPECULATOR IS LOW TYPE GAMBLER

Controller Cameron Attacks Those Responsible for High Cost of Living.

The question of markets still remains the main issue of Ward Seven Ratepayers' Association, and was the dominant topic of discussion at last night's meeting, held in the Annette Street Public School, which was addressed by Property Commissioner Chisholm, Controller Cameron and Aldermen Whetter and MacGregor. H. S. Mott, president of the association, was chairman.

St. Lawrence market, which has been in operation for many years, has been doubled during the past ten years of its operation and altho it has been referred to as a white elephant, it is not so, related Commissioner Chisholm. Part of it was built which was known, would not bring returns, as this portion was for free use. During the past year of 1915, its upkeep has been $16,700, and interest and sinking fund amounted to approximately the same amount which is being covered by the revenue. "It is the first year in the hisory of the market that it has stood in such a state," he said. "When the matter of a market in ward seven is referred to my department, I will give it my serious consideration," promised the commissioner. He referred to North Toronto Market as an example which has not decreased the high cost of living, but has simply given the people an opportunity of securing fresh produce.

"I, myself, favor markets, but cannot help but confess that I do not know what the markets are doing for us," commented Controller Cameron. "All I can see is that the people get a morning's exercise, do picking and choosing and then carry something home at the same price as can be bought in the stores. "Why, I can buy goods on Yonge street as cheap as goods at a market and have the goods delivered." Markets will no doubt, work some day. You will never get markets in the city until transportation is vastly improved, particularly in the west end; the radical idea must be developed. He believed the cost of living could be lessened by proper education. We have been exploiting too much and not developing our resources. When the speaker was interupted by a citizen questioning the cost of wheat, the controller burst forth with an attack on the speculator. He declared a man who speculates in foodstuffs a gambler of the lowest type and not a respectale citizen of any democratic city. Such men are absolute parasites and not fit to live in the midst of our city. The controller went into the high cost of living brought about by various circumstances.

Alderman MacGregor spoke briefly on the transportation of the city and advised the running of the King cars to Humberside avenue, thence along Keele street to Dundas street. Alderman Whetter and Trustee Edmunds also spoke.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

Do not order C. O. D. Express Companies will not accept C. O. D. shipments.

ASSORTMENTS

An assorted case of twelve bottles will be filled, based on the above prices.

DELIVERIES

All orders are shipped the same day they are received. Any further information desired will be sent on request.

Cut out this Price List and keep for Reference.

Be sure and order from **Express Charges Prepaid (See above).**

JOHN LABATT, Limited 23-25 Wellington St. HULL, QUE.

NEWMARKET

PTE. A. CHEADLE BURIED WITH MILITARY HONORS

Was Recently Discharged From Northumberland Fusiliers as Unfit for Service.

The funeral of the late Pte. Arthur Cheadle of the 129th Northumberland Fusiliers, whose death occurred at the home of his father in Newmarket on Tuesday, was held yesterday to Newmarket Cemetery. Pte. Cheadle was buried with military honors, a company of the 220th York Rangers Overseas Battalion forming the guard. Pte. Cheadle was in training all summer in Peterboro, but a short time ago received his discharge as being medically unfit.

In the latest official list of casualties are the names of four North York men, James H. Clark of Newmarket, a W. J. Chamberlain of Lloydtown, L. Grainger and L. Hawtin, both of Newmarket, all wounded.

Newmarket High School contributed $128.15 to the British Red Cross, and full returns from the British Red Cross Day show that Newmarket raised $3,500.

The fire and light committee is receiving congratulations on the success attending the working of the department, the financial end being especially satisfactory. At the present time there are nearly 700 services in town, and the revenue is far in excess of what was anticipated when the town adopted the system.

TODMORDEN

Golden Wedding Celebrated At Soldier Son's Home

Mr. and Mrs. James Stevens, 2 Plains road, Todmorden, celebrated the golden anniversary of their wedding yesterday at the home of their son, Acting Sergt. Walter Stevens, the occasion being marked by a great gathering of the family from all parts of the country. Mr. and Mrs. Stevens were married in Shelwich, England, in 1866, and came to Canada shortly after, settling in Todmorden, where they have since lived. The venerable couple are both in the enjoyment of excellent health, and Mr. Stevens, who manages a market garden with great success, is known around the St. Lawrence Market as the "Cauliflower King."

There are three sons and two daughters, Henry of St. Catharines, William and Walter of this city. Mrs. Wm. Dynes and Mrs. T. Meker of Syracuse, N.Y. Mr. Stevens is a trustee of Plains Road School and a fine type of citizen.

AURORA

Rev. Dr. Daniel Receives Call From Congregation in Chatham

At a depth of 95 feet a flowing well has been struck by drilling in the southern part of the Town of Aurora, which throws nearly 50,000 gallons a day. The water is said to be absolutely pure and will be a big asset to the already fine supply controlled by the town.

Rev. Dr. Daniel, pastor of the Aurora Methodist Church, has received a unanimous call to the pastorate of Park Street Church in Chatham, and will probably accept.

Final collections from the British Red Cross Fund have not yet been turned to the treasurer, but so far it looks as tho fully $2000 will be raised, a sum in excess of 1915, notwithstanding the fact that the town has contributed large sums to other purposes during the year.

PICKERING

Farmers Report Apple Crops Are Practically a Failure

J. D. Remmer of Pickering Township, one of the best known fruit growers in the district, will have more than 600 barrels of high-class apples from his orchard, besides a lot of fallen fruit. Nearly every other farmer in that neighborhood reports his apple crop as practically a failure. Mr. Remmer has given his orchard a great deal of attention, manuring, plowing and spraying at regular intervals. For his first-class northern spies he will get anywhere from $5 to $6 a barrel, and for the fallen ones from $1 to $1.50 a barrel.

EARLSCOURT

Sergt. Cowan Receives Post of Chief Musketry Instructor

W. R. Cowan, 58 St. Clair Gardens, Earlscourt, has received notification that his brother, Sgt. Guy Cowan, 48th Highlanders, Canadian Overseas Contingent, has been appointed chief musketry instructor for the Canadian division at Sandling Camp, England.

The vacancy was competitive, and Sgt. Cowan was selected from over 500 competitors.

Sgt. Cowan is an old resident of Toronto, having resided with his wife and family of five children for a number of years on Salem avenue.

CORNERS IN BRITTANY.

W. C. Ferguson Addresses Home and School Association.

The opening meeting of the Home and School Association was held yesterday evening in the kindergarten room, Brown School, Avenue road. School Trustee Hodgson of the board of education presided, and a large gathering of pupils and parents were present.

W. C. Ferguson, Toronto University, delivered an interesting travel address on "Corners in Brittany," and solos were rendered by Mrs. F. Carmen and Master Jamie Winyard.

CLAIMS HONOR.

Covenanters' Lodge, L.O.L., Has Sent Many to Fight Enemy.

Covenanters' Lodge, L.O.L., No. 2438, according to the statement of the recording secretary, W. R. Cowan, claims the largest percentage of any lodge in the Dominion of Canada of members who have donned the khaki for overseas.

Of a membership of 84 on the rolls at the outbreak of war, 75 have gone overseas, of which four have paid the supreme sacrifice, and a large number have been wounded and taken prisoners of war.

First Contingent Veteran Receives His First Wound

Galt, Oct. 27.—Private Lewis Turner, a Galt veteran of the first contingent, who has been at the front for nearly two years was today reported wounded. Pte. Turner is 23 years of age and single. He enlisted on August 14, 1914, and is one of the few Galt men of first contingent who have remained up to the present on the firing line.

For the third time in three months Pte. Horace Cummings, who went away with the 34th Battalion, today figures in the casualty list. His wife was notified that Pte. Cummings had been wounded on September 26 and also suffered from shell shock.

ERB FUNERAL SUNDAY.

Kitchener, Oct 27.—The body of the late Aaron Erb, for many years a leading manufacturer, and who died suddenly in Brandon, arrived today. Burial will take place on Sunday.

SOLDIERS WILL SOON NEED WINTER READING MATTER

British Authorities Are Sending It to the Men Free of Cost.

Now that the winter months are approaching the need for suitable reading matter for the men at the front becomes again urgent. An appeal to the public is issued by the British postmaster-general and Sir Edward Ward (chairman of the camps library) for all kinds of literature. Some 100,000 books and periodicals a week are needed, and donors may hand in at any British postoffice, "unwrapped and unaddressed, as many old or new magazines and books as they can spare."

FOR A RUSTY GAS RANGE.

Pour a little oil on a cloth and with this thoroly wipe all rusty parts of the range. It is best to do this soon after the burners have been turned off and the oven is still warm. Oil not only keeps metal from rusting, but it is one of the best cleansing agents. It will soften dirt that can later be removed with a solution of washing soda and hot water.

"Complexion Secrets Of An Actress

In a recently issued volume bearing the above title, the author says: "Continuous use of grease paints, rouge and the like had ruined my complexion. My skin was colorless, wrinkled, coarse and punctured with large pores. While abroad I heard of the virtues of mercolized wax. My first experience with this marvelous substance convinced me it was more valuable than all cosmetics combined. Now whenever my complexion begins to go wrong I get an ounce of mercolized wax at the nearest drug store, spread on a thin layer of it before retiring, washing it off next morning. The wax, after a few such treatments, seems literally to absorb the worn-out cuticle, when a brighter, healthier, younger-looking skin appears.

"For the wrinkles and enlarged pores I began using a solution of saxolite, one ounce, dissolved in a half-pint witch hazel. Bathing the face in this every day for a while soon relieved the condition most wonderfully."
