

CANADA'S BEHIND IN HER EDUCATION

System Needs Shake-Up, Dr. Peter Sandford Tells Women's Association.

According to Dr. Peter Sandford of the University of Toronto, who gave an address to the members of the Women's Association at St. Andrew's Institute yesterday afternoon, the educational system of Canada generally is in need of a general shake-up. To be specific, education as exemplified by Ontario—which claims to lead in matters educational—is two years behind any country in the world. Here pupils enter on high school work at fourteen, while in England, France, Germany, Japan, the child starts at ten or twelve in languages, algebra, Latin or Greek. At the same time, the child in Canada has practically no work in languages, and consequently acquires little more difficulty than he had started some years previously.

Dr. Sandford pointed out that there are varying systems in the Dominion, every province differing somewhat from every other province. At the same time there is too much uniformity demanded, inasmuch as individuals are not given sufficient encouragement, pupils being kept very much upon the same level in the same class. If such exists, gets little chance for development. The speaker stated that there are 20,000 children growing up without any education, and 20,000 others who receive less than twenty days schooling in the year.

Salaries Very Poor.

The test of the appreciation of a country on the question of education may be gauged by the salaries paid its teachers, according to the speaker. New Brunswick gives its first-class male teacher \$446 and a female first-class teacher gets \$488. Third-class teachers in the same province get respectively \$299 and \$255. Quebec gives its male teachers \$326 and \$379, and its female teachers \$312 and \$326. The liberal of Alberta was explained on the ground of the difficulty of obtaining teachers in that province.

Dr. Sandford made a plea for larger areas for the school district. If the county were taken for the area and half the area of the school district, the educational interests of that area should be better distributed than under the present system. He pointed out that the school should be permitted to develop. Writing and reading were spoken of as too subjects to be learned in the school, but as special subjects after entering the high school.

After-War Conditions.

Reading must take place at the close of the war, when immigration is sure to be very great. Many will come from England and the British Empire, and it will be necessary to adjust themselves to their new environment should be provided as schools for maids, carpenters and other trades. The speaker stated that there will have to be an education in sedentary occupation for those who have lost a leg, and this may range anywhere from the elevator to the director of a business concern. To do these things big views are necessary. There must be no petty politics. Things must be made to meet the likely development of a country of 40,000,000 people.

SERGENT EDWARD LEWIS
LICENSE INSPECTOR
Provincial Secretary's Department
Announces Soldier's Appointment for Toronto

The provincial secretary's department announces that Sergeant Edward Lewis, who went overseas with the original 8th Battalion and was wounded in the battle of the Somme, has now been honorably discharged from military service, has been appointed to the vacant position of license inspector for the city of Toronto. Before enlisting Sergeant Lewis carried on business as a hardware merchant at Toronto, and prior to that had been a resident of St. John's, Newfoundland. He is a man of very high character and integrity, and will no doubt be a valuable addition to the staff of the provincial secretary's department.

DIED ON SUNDAY.

Boyle Place, who has been in failing health for some time, died on Sunday morning at his late residence on McCowen street in his 84th year. For thirty years a resident of Toronto, he had a wide circle of friends. He was a son of the late Thomas Herbert Boyle, of Cranford, Perthshire, Scotland, and of Kathleen Grange, near York, where he was born. Early in life he settled in New Zealand in sheep farming, with the late John Innes, who succeeded to the baronetcy. For many years Mr. Boyle was confidential clerk to Messrs. Higgins and Douglas, bankers in the city, and later to Messrs. Gibson and Callahan. He was a cousin of the late Professor Goldsmith Smith and of Mrs. O'Brien, widow of the late Colonel O'Brien, and a second cousin of the present Lord Aberdeen. Mr. Boyle was a member of the Church of England, having attended St. George's Church for many years.

**RAILS BEING LAID
ON BLOOR EXTENSION**
Cars Will Be Running Over New Section by November First.

The actual laying of the rails on the Bloor street car line extension is now proceeding, to the great delight of the West Toronto Ratepayers' Association. The objection to putting down the tracks on other than a billiard table road has been waived, and the ties are being placed on the sand roadbed.

More than about twenty rods of steel have been laid, and it is expected that, at the present rate, the extension will have been completed as far as Runwell road in the course of two or three weeks, and that by November 1 the cars will be running over the new section of the line.

BUILDING INCREASES.
First Nine Months Shows Half Million Better Than Last Year.

The buildings erected in the city during the first nine months of this year exceed in value those erected during the same period last year, by the sum of \$580,205. The figures for this year are \$5,698,845, compared with \$5,098,640 for last year.

Permits—1917, 448; 1916, 387. New buildings—1917, 322; 1916, 465. Month's business—1917, \$460,271; 1916, \$464,272; gain, \$6,999. Year's business (to date), \$5,588,845; 1916, \$5,098,640; gain, \$580,205.

TO ASSIST MOTORISTS.
Hydro Poles Will Display Numbers in Front of Which They Stand.

In order to assist motorists to locate street numbers a gang of painters is now at work painting, in white figures, the numbers directly in front of the poles. These figures are a distinct contrast to the dark, misty night when they are visible at a distance of several rods.

By the numbers on the poles motorists will locate street numbers much more directly at present, and will not have to go out of their cars to find the numbers in order to find a particular number.

WIFE RETAINS CERTAIN HOUSEHOLD EFFECTS

Agreement With Husband Twenty Years Ago Prevents Bailiff's Sale.

After many years an agreement made by W. A. Conway, of Windsor, to the effect that his wife should receive one-half his salary for the maintenance of the house, has been cited before Mr. Justice Giesbrecht in the Division Court. These trustees declare their right to certain household effects seized at the instance of Margaret McLoughlin under a chattel mortgage given by the husband. The trustee judge and the appellate division support her case. Mrs. Conway gets \$20 and an injunction preventing a bailiff's sale.

DEFER TRIALS FOR TREASON.

Montreal, Oct. 1.—All the cases against the anti-conscription orators under the Criminal Code, charged with treason, were sent over today till Friday, October 5, for finding as to whether there is sufficient evidence to justify their being committed for trial at the court of King's Bench next month. The preliminary hearing took place, and the postponement of the argument of counsel was by agreement.

In actual use, five cups of delicious "Salada" may be made for one cent. This is far cheaper than ordinary, low-priced tea which yields so poorly in the teapot. And then you get that genuine "Salada" flavour from the selected, fresh young leaves. Do not be misled by low prices. It's the quality that counts. Always insist on

SHOULD RENEW LEASE AT THE FORMER RATE

The Reduction of Five Cents is Bitterly Opposed by Alderman Dunn.

At the meeting of the property committee yesterday afternoon, the renewal of leases to the Swift Canadian property was under discussion. The committee is taking out letters of administration on behalf of his mother, Mark Lee Shee, and a brother, Mark Doe, both of whom are in China.

HIGHWAY ECONOMICS.
Short Course in Road Construction Opens at Agricultural College.

A short course in highway economics (construction and maintenance), under the direction of the highway department, was opened at the Ontario Agricultural College yesterday. Students in attendance at the college are eligible to take the course. Mr. McLean, deputy minister of highways, was present; and C. R. Wheelock, of Orangeville, president of the Ontario Good Roads Association, delivered the opening address. He outlined the origin of roads under Rome and their development in France and Great Britain, leading up to modern methods of construction and to modern traffic requirements.

TOO NERVOUS TO SLEEP

Nerves Wrecked by Accident—Was Afraid to Go in a Crowd or to Stay Alone—Tells of His Cure.

London, Oct. 1.—Much sympathy was felt in this city for Mr. Dorsey, who met with a distressing accident when his foot was smashed in an elevator.

The shock to the nervous system was so great that Mr. Dorsey was in a pitiable condition for a long time. He was like a child in the street, quired his mother's care nearly all the time. He feared a crowd, could not stay alone and could not sleep. He was like a child in the street, quired his mother's care nearly all the time. He feared a crowd, could not stay alone and could not sleep.

Detroit doctors did what they could for him, but he could not get back his strength. His vigor was lost, and he had never heard of Dr. Chase's Nerve Food.

It is no mere accident that Dr. Chase's Nerve Food proves to be so active what is needed in so many cases of exhausted nerves. It is composed of the ingredients which nature requires to form new blood and create new nerve force. For this reason it cannot fail, and for this reason it succeeds where ordinary medicines fail.

Mr. Laurence E. Dorsey, 39 Stanley street, London, Ont., writes: "About three years ago I got my foot smashed in an elevator in Detroit, which completely wrecked my nerves. I doctored with the doctors there, but they did not seem to be able to help me. My nerves were in such a state that I could not sleep at night, and I was a nervous wreck. Sometimes my mother would have to lead and watch over me for fear I would fall. I could not get any sleep at all. But one day last winter I commenced using Dr. Chase's Nerve Food, and before I had completely used the first box I could see a difference in my condition. I continued using these pills for some time. The result was splendid. I feel so much better now. I sleep well at night, and I am on the street and attend gatherings like the rest of people. I am so pleased to be able to tell you what Dr. Chase's Nerve Food has done for me, and to recommend it to other people."

Dr. Chase's Nerve Food, 50 cents a box. A full treatment of 6 boxes for \$2.75, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

AND HE DID.

WONDER IF I CAN THROW MY BALL OVER THE BARN.

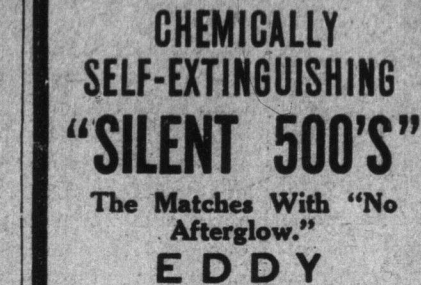

WILLS PROBATED

Miss Jane Isabella Gibson of Richmond Hill, who died July 2, left an estate of \$4148 each, and a sister, Richmond Hill, as the sole beneficiary. When Mrs. R. Brown, widow, of Somerville, Mass., died on January 1906, she left an estate valued at \$4500, consisting of 50 shares in the Sao Paulo Tramway Light and Power Company, Margaret Durkee, a grandchild, inheritor of all her estate.

Mrs. Esther Chapman Carter died intestate on September 13 last, and her husband, William Carter, is applying for letters of administration. The estate amounts to \$3750, consisting of personal property amounting to \$600, and an equity in 655 Huron street worth \$2550. Shares are to be divided among the husband and members of the family.

Mark Num, a Chinese restaurant keeper in Toronto, left an estate valued at \$610, consisting of \$455 cash, stock worth \$150, and personal goods valued at \$5. He made no will, and his estate is being administered by his mother, Mark Lee Shee, and a brother, Mark Doe, both of whom are in China.
