LETTERS FROM JENNINGS BOYS
Mrs. P. L. Jennings of East St. John is in receipt of letters from each of her two boys who are overseas. Q.M.S. Frank X. Jennings writes from England where he is taking an officer's training course, which likely will last till September. He has been at the front in France for some time. Frank MacGibbon of Fredericton and H. N. Raymond of St. John, son of W. E. Raymond of the Royal Hotel, also are taking the artillery course in England.
Referring to the weather in England Q.M.S. Jennings says it is ideal and the crops are looking fine. Every back yard and lawn has been turned into a garden and everybody is growing potatoes.
Gunner Edward Jennings, with a local sledge battery in France, writes that he is well and kept very busy. He says that Ray Secord, formerly of Red Head, is in the same battery, has been wounded, hit in fourteen places. Both soldier brothers send best wishes and remembrances to all friends. A third brother is in khaki in Canada and a fourth at munition work.

The Sunday school picnic of St. Luke's church is being held today at Seaside Park. About 8:30 o'clock this morning several hundred children accompanied by their parents left for the picnic grounds where games and amusements had been arranged for their entertainment. Meals were served on Bay shore. The committee in charge was composed of teachers from the Sunday school.

STILL WAITING FOR NEWS
Three weeks ago today John R. Hamilton received word that his son, Winfield Scott Hamilton, had been seriously wounded. Four days later, in reply to an enquiry, word came that the young man's condition was improved. On June 27 a letter came from Ottawa, but merely recited the previous information. Mr. Hamilton does not yet know whether his son is in an English or French hospital, or what his condition is. An enquiry on July 3 informed him that further information would be sought. He is still waiting for the news.

ALL TO GO TO COURT
A man arrested on Tuesday on a charge of drunkenness at the entrance to the Murray & Gregory mills, Marble Cove, was allowed to go this morning by Magistrate Ritchie on leaving a deposit of \$8 for his appearance along with three other men whose names the prisoner submitted to the court, tomorrow afternoon. The man under arrest said that he and others, all workmen in the Murray & Gregory mills, had taken a drink out of a bottle. He informed the court that they had been drinking while about their work. The magistrates: "We are supposed to have a dry town; but we are getting to be pretty wet."
ANOTHER PLAYGROUND GONE
The march of progress has put another playground out of business. The Peters' playground, where the old East End League played, and where the Working Boys' League of the Playgrounds Association played last year and this season until this week, is now the site of the new shipyard, and a pile-driver is making all the heavy hits. The small boys' league is still playing behind the Aberdeen school grounds, and fully sixty boys were there last night till darkness ended the game. There is a game every evening. This is also one of the Boys' Club leagues.
The Working Boys' League will move over to the vacant lot beyond the Marsh Creek, where a little levelling will make a possible diamond for the rest of the season. Members of the league are asked to be there this evening with shovels to put it in shape.

SHOP IN BRUSSELS STREET BROKEN INTO
A. Vincent's Premises Visited During Night—Pair of Boots a Clue
A daring break was made into the premises of A. Vincent, 115 Brussels street, last night or some time this morning and various articles taken, including candy, cigarettes, cigars and gum. The lock on the front door was drawn and entrance thus effected. How the intruder got into the shop and out again without being detected is a mystery as this particular section of the street is well patrolled.
Whoever is responsible for the break was not very prudent as several clues were found in the shop this morning. A pair of boots, boys' size, and a pair of socks stuffed neatly into the shoes were found in the rear of the shop. It is supposed that the perpetrator got into the store, and fearing to draw attention from persons living upstairs, removed his boots and then got away in such a hurry that he did not take time to put the boots on again. A small piece of cloth was found on the edge of a box in one corner of the front shop. The amount of goods stolen would not be of any great value.

NEW AGREEMENT WITH COMPANY IS ADVOCATED
Commissioner Fisher Wants Understanding Before More Permanent Payments Are Laid in Street Rail Sections—Grain Conveyor Application—Band Concerts
Negotiations with the New Brunswick Power Company for an agreement with regard to certain matters relating to the street rail sections, after permanent payments in rail sections were reported on by Commissioner Fisher at a meeting of the Common Council in committee this morning. A certain amount of the annual payments from the company is used to meet interest on sinking fund charges on permanent payments laid in the rail sections and the commissioner wants an understanding with the company regarding such payments after the expiration of the present agreement, in 1923, before further permanent payments are laid. The matter will be brought up again at a full meeting.
Mayor Hayes presided and Commissioners Fisher, Russell and Wigmore and the common clerk were present. Commissioner Fisher presented his programme for band concerts, to be held on King Square, on Mondays and Tuesdays, June 28, July 5, 12, 19, 26, 23, 30 and 30 August 2, 9, 16, 23 and 30, and four on Tilley Square, West End, on July 9 and 19, and August 6 and 16. The programme, the cost of which will come within the appropriation of \$700, was approved.
Commissioner Fisher said that he was ready to report on proposed amendments regarding regulation of and rental charges for street and sidewalk openings. It was decided to let the matter stand until all the commissioners were present.
Negotiations with the New Brunswick Power Company regarding their proportion of interest and sinking fund charges on permanent payments, after the expiration of the present agreement, on May 1, 1923, were reported on by Commissioner Fisher. The company's contribution for the upkeep of the rail sections has been applied partly to this purpose and he felt that no more permanent payments should be laid until some guarantee was received. He had corresponded with the company, but their answer was that "the future is too cloudy and uncertain" to permit them to make plans so long ahead. The company is now paying \$14,400 a year to the city for the maintenance of track sections and snow removal at the city is using \$4,000 of this amount per annum, towards interest and sinking fund charges on permanent payments in streets in which the rails are laid. The commissioner laid the matter before the other members for their consideration and no action was taken.
The mayor reported that the Canadian Government Railway's management is asking for permission for the erection of grain conveyors to serve the new elevator at Reid's Point. The matter was left to the mayor and city solicitor to discuss with the railway officials and report back to the council.

POPULAR TIMES MAN MARRIED LAST EVENING
Henry W. McEachern and Miss Ethel L. McEachern Married
The home of John D. McEachern, 549 Main street, was the scene of a pretty wedding last evening at 8 o'clock, when his daughter, Miss Ethel Lavinia, became the bride of Henry W. McEachern, a popular employee of The Evening Times. The ceremony was performed by Rev. F. P. Dennison in the presence of intimate friends and relatives. Miss McEachern, who was given away by her father, looked charming in a dress of georgette silk crepe with satin and pearl trimmings and carrying a bridal bouquet of cream roses and white carnations. She was attended by her sister-in-law, Mrs. James McEachern, as matron of honor, costumed in a pretty dress of ivory satin and carrying a bouquet of white carnations. The wedding took place under a floral arch, and the room was artistically decorated with cut flowers and potted plants. The wedding march was played by Miss Edna Logan.
At the conclusion of the ceremony a bounteous wedding repast was served, after which a reception was tendered to the bride and groom. Mr. and Mrs. McEachern left on a honeymoon trip to Prince Edward Island. Returning they will reside at 115 Thorne avenue. The bride's going away dress was of peacock blue with picture hat of pink crepe de chene. They were the recipients of a large number of handsome as well as useful presents in furniture, silver and cut glass. Among them was a large Morris chair from the groom's associates in the composing room of the Evening Times. Presents were received from friends in Winnipeg, Presque Isle, Amherst and Moncton. Among the guests present at the ceremony were Mr. and Mrs. E. N. Stockford and daughter Bertha, and Mr. and Mrs. A. E. Coates of Hampton. Mr. and Mrs. McEachern carry with them the best wishes of a host of friends for future happiness and prosperity.
