SERGEANT KNIGHT IN MOTION PICTURES AT GEM

Other Scenes of Interest in British-Canadian News Gazette—Good Feature Bill—"Neal of the Navy" Tomorrow

A touch of popular local interest was given to the pictures at the Gem yesterday and today in the showing of "Sergeant Knight and Major Day" in action on the recruiting platform. The views were included in the British-Canadian News Gazette, along with scenes from England and France. Some of the other scenes were "Wounded Heroes in England", "Soldiers' Sports", "Folklore's Visit to French Wounded", "Recruiting in London", "Military Observers Studying Battlefield", and other attractive pictures. The Gem orchestra had a fine programme while the other pictorial features were of enjoyable interest.

GREAT WESTERN STORY

"Chip of the Flying U" Screened at the Cosy West End House

B. M. Bowers' story about "Chip of the Flying U" was screened at the Empress last night and made a big hit with the patrons. Chip must have been a famous cowboy, if he could measure up to the outdoor attainments of Tom Mix, the undisputed king of the plains. We the Chip, as Tom represents him, in several neck-breaking stunts, one of which is a dare-devil feat that has never before been attempted. It is known as being "saddle-borne". The rider has lassoed a wild broncho and is contrived him to the corral by means of the lasso fastened to the horn of his saddle. Without warning, the animal makes a dash at right angles to the course taken by the rider's mount away from his captor. The saddle girth breaks and the dismounted rider, whose feet are entangled in the stirrups, is dragged along the ground at a fearful rate—over rough places, up hill and down. It is amazing how Tom Mix comes out of his dangerous feat with whole or unharmed limbs. The magnificent views showing thousands of cattle grazing on the hillside will soon be an impossibility for the camera to catch for the great herd have nearly all disappeared.

DEEP WATER DIVING JOES OPEN TO BLIND SOLDIERS

London, Oct. 6.—(Correspondence)—Deepwater diving is one of the trades for which blinded soldiers may fit themselves, writes C. Arthur Pearson, chairman of the Blinded Soldiers and Sailors' Care Committee. He says: "Diving is, I think, a quite new occupation for blind people. The diver who is building breakwaters and piers works in the dark for even if the water is clear his work disturbs it and renders it impossible for him to see anything through it. The diver is one of the best paid of workmen. He has an attendant to look after him while he is below and when he returns to the surface, and the occupation is one which I think will prove to be extremely suitable for intelligent blinded soldiers and sailors who have had some mechanical training."

The Proper Food For "Torpid" Livers. Do you suffer from a sluggish or "torpid" (really a tired) liver. Many people do, especially those who work in offices or take little exercise. Such people should eat largely of active foods, such as Dr. Jackson's Roman Meal. This food consists of whole wheat and rye berries, deodorized flax seed and 10 per cent. wheat bran. It stimulates and lubricates the digestive tract. It prevents decomposition and fermentation within the bowel thus relieving the liver and exerting the bowel muscles. The most active, nourishing and healthful cereal food.

Positively do not stir Roman Meal porridge. Read directions on the package.

At all live grocers, 10 and 25 cents.

What are Peps

Peps are the new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down directly to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough lozenges into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds, as their price is within the reach of all. See box at druggists, or Peps Co., Toronto.

OLD FOLKS NEED

"CASCARETS" FOR LIVER, BOWELS

Salts, Calomel, Pills Act on Bowels Like Pepper Acts In Nostrils

Enjoy Life! Don't Stay Bilious. Sick, Headachy and Constipated

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty. Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lax can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only ten cents per box at any drug store. They work while you sleep.

BRITAIN'S NEXT WAR VOTE A BILLION AND A QUARTER

Another vote of credit will be introduced in the British Commons next week. It is believed the amount asked for will be \$1,250,000,000. If this is so it will bring the total war vote to \$1,500,000,000. The present rate of expenditure for war purposes is \$25,000,000 a day.
