GOOD RACING AT FREDERICTON MEET

Pale Face Wins Free-for-All—One Driver Fined.

The second day's racing card at the Fredericton Exhibition race meet yesterday produced 11 good heats. A crowd, estimated at approximately 4,000 people from all sections of the province and many parts of Maine, attended. The free-for-all, the feature event on the programme, was won by Pale Face, the grey stallion owned in Schenectady, N. Y. Jackson Grattan, the Houlton entry, made a good race in the last heat, winning it and second money. This horse, however, acted badly in the first two heats.

A bad feature of the day was the alleged indifference of Dr. J. W. Baker of Fort Kent, Me., owner and driver of Tom B., in the 2:16 trot and pace. He was fined \$80 and suspended until the fine is paid. College Swift, Woodstock Driving Club, won this event with the best score after five heats. The 2:25 trot was won by Brother Edward, owned by Kenneth Colbath, Presque Isle, Me., in straight heats.

FAVORS RETURN OF SPOON AND MASHE

Manager of Famous Club Says They Should be Used.

New York, Sept. 18.—Judging from the remarks of Henry Gulien, secretary of the Royal and Ancient Golf Club, who is here as manager of the British Walker Cup team, golfers on the other side of the water are not nearly as perturbed over the question of a ball change as they are here in America. While speaking unofficially, Mr. Gulien said yesterday that in his opinion the reason for the constant lowering of scores is not due so much to the ball as to the fact that golfers are getting ever and ever better.

Like every one else, Mr. Gulien would like to see some of the old clubs such as the spoon and mashe return to the place of importance which they formerly held in the game, but in his opinion the new ball with which the U. S. G. A. is experimenting will hardly succeed in doing so. It is his opinion that club officials who are inclined to complain when some of the stars perform feats that make the par look silly are making a mountain out of a molehill.

"It is no disgrace to a course to have some golfer such as Tolley come along and register a 68 or a 66 when the par is 71 or 72," said Mr. Gulien yesterday. "Such things are likely to happen no matter how the ball travels. Rather should we pay tribute to the men who are able to do such marvelous things. At St. Andrews we have lowered the par two strokes as one way of compensating for the scoring."

When Wills Protested

"I'm not holding, I'm breaking clean," Wills was protesting when NEA cameraman Bob Dorman took this picture. During the Jersey City fight between Wills and Filpo. Referee Sullivan was frequently forced to break up hugging matches.

BOB SHAWKEY FIGURES IN BRIEF OF PROMISE CASE

St. Louis, Sept. 18.—A \$25,000 breach of promise suit against J. Robert Shawkey, pitcher of the New York Yankees, was filed here yesterday by Mrs. Eulalia B. Thompson of Kansas City, who alleged he proposed marriage to her while the New York team was playing here, June 7.

LEAVES FOR MONTREAL.

James P. McInerney, former High School athletic star and last year of Edinburgh University, left yesterday afternoon for Montreal to continue his studies in medicine at McGill University. "Bul," as he is popularly known, was for two years captain of the St. John High School football team, broke a Canadian interscholastic record in the shot put, was captain of the Y. M. C. I. intermediate basketball team and is well known throughout the province as a tennis player. He is expected to turn out for football at McGill this fall and his progress will be watched closely by his many friends here.

SUFFERING WAS TAKING THE JOY OUT OF LIFE

Winnipeg Lady Suffered All the Misery of a Badly Run-down System Till She Heard of Drecto—Marked Improvement Followed and Today She Feels Like a New Woman.

"My stomach was out of order," says Mrs. A. Thomson, of 192 Kentway street, Winnipeg. "It would not digest my food properly and I was troubled with gas and sourness after every meal. My kidneys were weak, too, causing pains across my back, and rheumatism also had a hold on me. My feet and legs would get stiff and sore. They would also swell painfully and I was very nervous."

"I have only taken two bottles of Drecto, but feel like a new woman already. My food digests much easier now, the pains in my back have gone and the rheumatic pains, aches and swellings are practically a thing of the past. I feel better and stronger in every way, thanks to Drecto."

Drecto is an effective system cleanser and blood purifier. Besides, it possesses remarkable tonic properties and strengthens all the organs of digestion. It is purely herbal and contains no mercury, potash or habit-forming drugs.

Drecto is being specially introduced as follows:
St. John—Ross Drug Co., F. W. Munro, Wessons, 9 Sydney St., 711 Main St., Moore's Drug Store, West St. John—W. R. Dunlop, Bathurst, W. E. Pepper, Woodstock, Newham & Slipp; Grand Harbor, A. Le Roy Ingalls; Sussex, Sussex Mercantile Co., Limited, B. J. Sharp; Grand Falls, The Wiley Drug Co., Ltd.; St. Andrew's, The Wren Drug Store, Perth, O. C. Johnson; Fairville, T. H. Wilson; Drecto is also sold by all good druggists everywhere.

MODERN BREEDING PROVING A FAILURE

English Critic Favors Importation of Foreign Dogs—Gives Reasons.

Brig. Gen. Fred F. Lance does not agree with those who are against the importation of foreign dogs into England. What to him appears more deplorable than the importation of foreign dogs in the state that some of the older breeds have been brought to by modern breeding.

"To me it seems rather hard to determine what is a foreign dog or a purely British breed," says Brig. Gen. Lance in the London Field. "Our hounds surely come from the continent, our greyhounds certainly originated from the Saluki—the oldest known breed of domesticated dog, which was brought to this country by the Phoenicians and later by the Crusaders."

"Our shooting dogs are of comparatively recent date, and cannot have been kept as a pure breed for snoring game for use with the crossbow before the advent of the shotgun. The pointer probably originated in Spain, and from its very name the spaniel also came from the same country. The toy spaniels must have come from these or from the Pekinese or Japanese spaniels. It is hard to believe they originated in England."

"To me what appears more deplorable than the importation of foreign dogs is the state that some of the older breeds have been brought to by modern breeding. Compare, for instance, the building of fifty years ago, then an active dog capable of running behind a horse and trap or jumping a five-foot gate, to the poudrous inactive animal of the present day. Much the same may be said of the mastiff. Compare the present-day collie to the working sheep dog for intelligence. I cannot but feel that we owe much to the foreigner, and that he should receive the credit that is due him for establishing so many breeds that have been brought to their present perfection in this country."

GETTING READY FOR DUNLOP RACE

Expect Three Teams to Compete in Five Mile Marathon.

On Saturday, Sept. 27, the local Y. M. C. A. will hold the Dunlop five-mile road race, beginning at 2:30. It is expected that there will be at least three teams entering for this event.

This race is a team race, and each team consists of six men. Each club must have at least four runners at the start of the race or the club cannot compete.

A beautiful shield has been donated by the Dunlop Tire and Rubber Company for competition, and it is open to any Y. M. C. A. club which is affiliated with the M. P. B. A. A. U. of C., or the Y. M. C. A. Athletic League of Canada. Besides the winning of the shield as a team prize, individual prizes will be awarded to members of the team winning the road race, and also to the first three men crossing the line.

The Plaster Rock Athletic Association have signified their intention of sending a team to take part in this race.

DOGS WIN PRIZES IN HALIFAX SHOW

At the Nova Scotia Kennel Club's show, which opened at the Armory there on Tuesday under Judge Norman K. Swin, of Toronto, the following St. John dogs were awarded prizes at the end of the first day's judging in addition to those already mentioned: In collies, open bitches, J. W. Cameron's Seelley Shrew was first and she also captured winners bitches Mrs. Bruce Robb, formerly of St. John, now of Halifax, had two collies entered. Dickson's Specialist getting reserve in Canadian-bred dogs, third in novice dogs and her Brackville Scottie third in novice bitches.

ROD AND GUN.

The readers of the October issue of Rod and Gun in Canada are introduced to the intimate haunts of the elk, the red fox and the moose. The Bugler of Crystal Mountain, by Naine LeRoy Gayle, is an unusually interesting biography of the elk. Bonnycastle Dale, in his best style, writes of Sly Reynard in Nova Scotia. Bob White's Rival, a story of Hungarian partridge hunting in Alberta, by W. D. Elliot, is equally interesting reading, and Back to Nature, by "Nimrod II" and Surprises for Miller, by Martin Hunter, are two particularly entertaining sketches.

BABE'S RECORD SAFE.

KRAFT'S LIMIT IS 55.
Forth Worth, Tex., Sept. 18.—Babe Ruth's record of 59 homers in a season is safe for another year at least. Clarence "Big Boy" Kraft of the Fort Worth Club, striving to beat Ruth's record, finished the Texas League season this week as champion home run hitter of the minor league, but fell four short of Ruth's mark. He got his 55th home run in his final game.

THE HAUNTS OF BIG GAME.

Sportsmen Are Anticipating the Hunting Season in New Brunswick and Nova Scotia.

The big game hunting season is near at hand. On Oct. 1 the season for moose will open in Nova Scotia and New Brunswick and sportsmen are getting down their rifles, overhauling their camp duffle and arranging their railway routings to the various localities. According to advices received at Canadian National Railway headquarters many non-resident sportsmen will hunt in the Eastern Provinces this season.

Many will go as usual to Northern Ontario after moose and deer. Others will go to Quebec province, where wide domains of forest interspersed with lakes and connecting rivers offer the huntsman countless features of a fall outing.

The forests of New Brunswick and Nova Scotia also invite the hunter, for they vie with the larger provinces in the abundance of big game, and have a certain advantage of being more readily accessible, particularly to those not desirous of taking a prolonged outing and hitting the harder trails.

An early fall outing in the Canadian woods is something well worth while. The game is there. The moose comes to the "call" while deer are quite abundant. The trails of the guides are often by some placid lake where the animals feed in the lily pads. Connecting rivers unite wonderful lake chains, affording the finest of canoeing. There is the trek by day and the calling or the still hunting—and the night under canvas; or better still, in the comfortable log camps of the guides. No matter how great the pressure of modern business, there is still in the breast of man the love for the forest primeval and the passion for the chase.

For information concerning the best localities for hunting consult any ticket agent of the Canadian National Railways; or write the General Passenger Department at Montreal, N. B., for detailed information or descriptive booklets.

PUBLIC FUNERAL FOR FRANK CHANCE

Pacific Coast League Officials Complete Arrangements for the Services.

Los Angeles, Cal., Sept. 18.—Leaders in the baseball world have been conferring with relatives of Frank Chance to determine the last rites over the peerless leader of the Chicago Cubs, whose name undoubtedly will live in American baseball history. Tentative arrangements were that the funeral would be held Friday.

Members of the family today consented to plans for a public funeral, details of which were to be worked out by representatives of the Pacific Coast League as well as leaders in the major league in which he was a pennant winner.

Baseball men throughout the country were greatly shocked at the death of Chance, and expressions of sympathy came from every State. Chance had been a big figure in the game for more than twenty-five years. Signed as manager of the White Sox this Spring, he was stricken after being one day with the club and was never able to rejoin his players.

ART FLETCHER TIES UP WITH PHILIPS FOR TWO YEARS

Philadelphia, Sept. 18.—Arthur Fletcher, manager of the Philadelphia National League baseball club, has completed arrangements with President William F. Baker and will guide the team for the next two years, he announced.

The Phillies will train next spring in Bradenton, Fla., instead of Leesburg, Fla., Fletcher said.

TUNNEY IN DRAW.

Cleveland, Ohio, Sept. 17.—Gene Tunney, American light heavyweight champion, and Harry Greb, world's middleweight champion, fought 10 rounds to a draw here tonight, according to a majority of the newspaper experts at the ringside.

Black lead pencils ordinarily are made in more than 50 varieties, hard and soft.

What Does "MAZDA" Mean to You?

THE word MAZDA, derived from ancient mythology, was the name of a Persian god whose symbol—a winged circle—denoted the flight of the sun across the sky.

To-day the word MAZDA stands for the latest development and most scientific research work applied to artificial illumination. Electric lamps carrying the trade mark "MAZDA" are the product of a service centred in the research laboratories of the Canadian General Electric Company.

The Symbol of the Latest Lamp Achievement

When you purchase Edison Mazda Lamps, you are buying the product of the oldest organization in the field of incandescent lighting—a product backed by more than 40 years of growth, experience and development.

Electric lamps vary so little in appearance that the trade mark is your only guide. By always insisting upon Edison Mazda Lamps, you will have the satisfaction of knowing that you are purchasing a product guaranteed to give you the best possible value for your money.

Near you is an Edison Mazda Lamp store, recognizable by the yellow and blue cartons. There you will obtain real information about good lighting.
